Encourage your child's learning with the effective little and often learning strategy outlined in 10 Minutes a Day Decimals. Proven effective, this leveled curriculum supporting method is great for children who resist long periods of study or for children who need focused attention in decimals. 10 Minutes a Day Decimals is different than other study books because it includes an embedded LCD timer that encourages children to beat the clock, adding an extra element of challenge to focused study time. The 10 Minutes a Day Decimals workbook is broken into study challenges and exercises designed to take up to 10 minutes to complete. Children work through a series of quick answer decimal questions, then move onto extension activities and timed exercises if they have time left after the first round.

of study questions The timer acts as a stopwatch for skills challenges and many kids are surprised to find that beating the timer can actually be fun 10 Minutes a Day Decimals helps children learn by supplementing school curriculum and strengthening the important skill of learning decimals Parents will love that 10 Minutes a Day Decimals helps them fit short bursts of study into already busy days and that 10 Minutes a Day Decimals includes an answer key for parents as well as notes on common pitfalls and how to teach children to overcome them *Heinemann Mathematics* Scottish Primary Mathematics Group,1995 This component of Heinemann Mathematics offers a strategy for home support of children s work in school The photocopiable homework activities provide opportunities for children to use and apply their maths in problem solving situations and for parents to gain an insight into the series *Fractions and Decimals Ages 7-9: Ideal for Home Learning (Collins Easy Learning KS2)* Collins Easy Learning,2015-06 This fun range of activity books really helps to boost your child s progress at every stage of their learning *Maths Made Easy Decimals Ages 9-11 Key Stage 2* Carol Vorderman,2014-07-01 Help your child be the top of the class with the best selling home study series from Carol Vorderman Let Carol Vorderman help your child succeed in Maths Maths Made Easy is one of Carol Vorderman s series of workbooks packed with notes and tips to make learning about Maths easy and fun Follow the exercises and activities with your child to strengthen their learning in school then reward them with gold stars for their efforts Each title contains a progress chart so your child can keep track of all the exercises they have completed and parents notes explain what children need to know at each stage and what s being covered in the curriculum so you can support your child This book teaches children how to solve maths problems that include decimals Developed in consultation with leading educational experts to support curriculum learning Maths Made Easy previous ISBN 9781405363662 is a great way to improve your child s maths skills the more you practise the better you ll be Carol Vorderman **Fractions & Decimals Bumper Book Ages 7-9: Prepare for school with easy home learning (Collins Easy Learning KS2)** Collins Easy Learning,2020-04-30 Level KS2 Subject Maths Engaging fractions and decimals activities to help boost your child s progress at every stage of their learning Including helpful tips and answers this maths book provides reassurance whilst supporting your child s learning at home **Excel Workbook For Dummies** Paul McFedries,Greg Harvey,2022-01-19 Get practical walkthroughs for the most useful Excel features Looking for easy to understand practical guidance on how to go from Excel newbie to number crunching pro Excel Workbook For Dummies is the hands on tutorial you ve been waiting for This step by step guide is packed with exercises that walk you through the basic and advanced functions and formulas included in Excel At your own speed you ll learn how to enter data format your spreadsheet and apply the mathematical and statistical capabilities of the program Work through the book from start to finish or if you d prefer jump right to the section that s giving you trouble whether that s data visualization macros analysis or anything else You can also Brush up on and practice time saving keyboard shortcuts for popular commands and actions Get a handle on multi functional and practical pivot tables with
