

Consociational Democracies

■ Advantages

- Stable countries where cultural and ideological cleavage and conflict had been intense, and party leaders could agree to disagree on intractable questions while they would build broad coalitions on others, emphasizing rep in policymaking by all major social groups, coalitions etc.

■ Disadvantages

- Have succeeded in pacifying previously conflictual societies, but when stability has been attained, politicians have often returned to more competitive politics

Decision Making In Smaller Democracies The Consociational Burden A Sage

Milton J. Esman

Decision Making In Smaller Democracies The Consociational Burden A Sage:

Small States in World Markets Peter J. Katzenstein, 2015-08-01 By the early 1980s the average American had a lower standard of living than the average Norwegian or Dane Standards of living in the Netherlands Belgium Sweden Switzerland and Austria also rivaled those in the United States How have seven small democracies achieved economic success and what can they teach America In Small States in World Markets Peter Katzenstein examines the successes of these economically vulnerable nations of Western Europe showing that they have managed to stay economically competitive while at the same time preserving their political institutions Too dependent on world trade to impose protection and lacking the resources to transform their domestic industries they have found a third solution Their rapid and flexible response to market opportunity stems from what Katzenstein calls democratic corporatism a mixture of ideological consensus centralized politics and complex bargains among politicians merest groups and bureaucrats Democratic corporatism is the solution these nations have developed in response to the economic crises of the 1930s and 1940s the liberal international economy established after World War II and the volatile markets of more recent years Katzenstein maintains that democratic corporatism is an effective way of coping with a rapidly changing world a more effective way than the United States and several other large industrial countries have yet managed to discover

Federalism and Territorial Cleavages Ugo M. Amoretti, Nancy Gina Bermeo, Professor of Politics Nancy Bermeo, 2004 One of the biggest problems facing developing countries is the integration of regions with different traditions and minority groups into a larger sovereignty This book analyses successes and failures of federalism in advanced industrial countries developing countries and post Communist regimes

Public Policy Making Reexamined Yehezkel Dror, 2017-09-29 Public Policymaking Reexamined is now recognized as a fundamental treatise for public policy studies Although it caused much controversy when it was first published for its systematic approach to policy studies the book is acknowledged as a modern classic of continuing importance for the teaching and research of public policy planning and policy analysis and public administration The paperback includes a new introduction updating and supplementing many of the author's original ideas Professor Dror combines the approaches of policy analysis behavioral science and systems analysis in his examination of the reality of public policymaking and his suggestions for its reform Actual policymaking is carefully evaluated with the help of explicit criteria and standards based on an optimal model approach resulting in detailed proposals for improvement He applies a scientific orientation to the study of social facts and theory

The Rush to Policy Peter William House, Roger Roger Don Shull, Rush to Policy explores the appropriate role of technical analysis in policy formulation The authors ask when and how the use of sophisticated analytic techniques in decision making benefits the nation They argue that these techniques are too often used in situations where they may not be needed or understood by the decision maker where they may not be to answer the questions raised but are nonetheless required by law House and Shull provide an excellent empirical base for describing the impact of politics on policies policy

analysis and policy analysts They examine cost benefit analysis risk analysis and decision analysis and assess their ability to substitute for the current decision making process in the public sector They examine the political basis of public sector decision making how individuals and organizations make decisions and the ways decisions are made in the federal sector Also they discuss the mandate to use these methods in the policy formulation process The book is written by two practicing federal policy analysts who in a decade of service as policy researchers developed sophisticated quantitative analytic and decision making techniques They then spent several years trying to use them in the real world Success and failures are described in illuminating detail providing insight not commonly found in such critiques The authors delineate the interaction of politics and technical issues Their book describes policy analysis as it is not how it ought to be Peter W House is the director of policy research and analysis at the National Science Foundation He is the author of ten books on multidisciplinary science and technology policy research and analyses in government private and university sectors including The Art of Public Policy Analysis and with Roger D Shull Regulatory Reform Politics and the Environment and Regulations and Science Management of Research on Demand Roger D Shull is a senior analyst at the Division of Policy Research and Analysis National Science Foundation

Ethnic Conflict in the Western World Milton J. Esman, 2019-06-07 Why in the late 1960 s did ethnic minorities such as Scots and Welsh Quebecois Bretons and Basques unexpectedly begin to protest and assert their demands with fresh vigor confidence and even violence What are the factors that help to explain the activation of these ethnic political movements some of which now threaten the continued integrity of such long established states as Canada and Great Britain This book represents the first systematic attempt to deal with the re emergence of ethnic conflict in Western societies In addition to three historical and theoretical essays there are eleven case studies of countries where ethnic nationalism has become politically significant In a concluding chapter the editor comments on the theoretical and policy implications of the country studies

Compromises in Democracy Sandrine Baume, Stéphanie Novak, 2020-05-26 This book provides an interdisciplinary examination of the relationship between compromise and democracy Compromises have played a significant role in our representative democracies and yet the nature of the relationship between compromise and democracy has generally raised tricky theoretical questions and generated ambiguous evaluations This book focuses on the relationship between compromise and liberal democracies from both a cultural and institutional perspective and addresses new and lesser explored aspects of the relationship It explores a variety of topics including compromise and incommensurable values antagonist paradigms compromise and majority decisions compromise and publicity compromise and post conflict societies compromise and anti system political parties and compromise and the understanding of political representation Compromises in Democracy offers an original perspective on the topic by assembling contributions from the fields of philosophy sociology political theory political science and history of ideas

Comparative Politics Jan W. van Deth,1998 This book tackles the issues involved in and explores the strategies to deal with many of the problems of establishing equivalence when conducting comparative research in politics

Comparative Politics Jan van Deth,2006-10-19 This book tackles the issues involved and explores strategies to deal with many of the problems of establishing equivalence Each contribution focuses on a theoretically relevant theme such as tolerance political values religious orientations gender roles voluntary associations party organizations and party positions democratic regimes and the mass media Each chapter covers different topics methods data and countries making use of research to show the problems of finding similar or identical indicators in realistic research settings

Consensual Model of Democracy: 1969-1986 ,2007

Party Elites in Divided Societies Kris Deschouwer,Kurt Richard Luther,2004-01-14 Working from the basis of Arend Lijphart s 1968 work on divided societies the authors go on to look at such cultures and subcultures thirty years on bringing in new evidence and analysis to bear on the issue They also examine the essential role of party politics within and between these D framing comparisons with a number of countries from Belgium to Israel

Decision-making in Smaller Democracies Jeffrey L. Obler,Jürg Steiner,Guido Dierickx,1977

Changing the Rules Trudy Dehue,1995-05-26 Brother Bear learns about fear and getting back in the saddle when a ghost haunts the riding academy

Managing Mixed Economies Francis G. Castles,Franz Lehner,Manfred G. Schmidt,2019-05-01 To celebrate the 270th anniversary of the De Gruyter publishing house the company is providing permanent open access to 270 selected treasures from the De Gruyter Book Archive Titles will be made available to anyone anywhere at any time that might be interested The DGBA project seeks to digitize the entire backlist of titles published since 1749 to ensure that future generations have digital access to the high quality primary sources that De Gruyter has published over the centuries

The Territorial Dimension Of Politics Ivo D. Duchacek,Helena Duchacek,2019-07-09 This comparative study examines the dialectical tensions between global and regional interdependence and the fragmentation of humankind into territorial entities Political authority may remain territory bound but borders increasingly are penetrated by

pollutants individuals noncentral governments in search of foreign trade and investment and transnational corporations as well as the traditional exchanges of trade media and culture The result of these transborder flows accelerated by new technologies is a new variety of international relations among perforated sovereignties Dr Duchacek analyzes the territorial organization of political authority in both democratic and authoritarian frameworks as well as in unitary and federal systems Case studies focus on new forms of transborder interactions between neighboring countries especially in North America and in Western Europe The book is of major interest to scholars in the fields of political science and political economy Quotations from a variety of political theorists and practitioners illustrative diagrams and maps make the book suitable for students of comparative politics international relations comparative federalism and public policy

The Holocaust and the German Elite Rainer C. Baum, 2021-11-21 This book first published in 1981 is a study of the social and political sources of amoral political rule in modern times Only a moral indifference unparalleled in history made the Holocaust possible and by linking the German imperial ambitions to the meaningless suffering and death in the concentration camps the true significance of the Holocaust is revealed in all its horror Understanding this requires an understanding of the social forces that produced a national amorality among Germany's elites The author suggests three contributive causes a marked ambiguity among Germans in their attitude towards social values the development of a cadre characterized by status insecurity and an inability to resolve internal conflict

The Health Maintenance Organization and Its Effects on Competition Lawrence G. Goldberg, Warren Greenberg, 1977

European Journal of Political Research, 1998

A History of Rwandan Identity and Trauma Randall Fegley, 2016-03-18 Few societies have faced the difficulties of identity building experienced by Rwanda This book's introduction reviews literature on the concepts of myth and trauma and then introduces basic information on Rwanda and how it has been viewed by the outside world Chapter One describes early Rwanda's political and cultural development traditional narratives group migrations the effects of German and later Belgian colonialism and the introduction of Christianity It concludes with a look at how this early history has been interpreted and reinterpreted The second chapter discusses the end of Tutsi dominance and the 1959 Hutu Revolution It details Hutu Power ideology Belgian domestic politics early acts of genocide refugee movements and economic and political stagnation The text documents the development of the Rwandan Patriotic Front its 1990 invasion and the Arusha peace process An account of the 1994 genocide follows However as this has been covered in numerous other works descriptions are limited to key events and general patterns The chapter ends with a review of films books and other publications that brought Rwanda's plight to a worldwide audience but that also created new myths Chapter Three examines the country's post genocide reconstruction and attempts to bring justice and reconciliation through the International Criminal Tribunal for Rwanda in Tanzania and gacaca courts domestically Rwanda's impressive record of economic progress over the last two decades is detailed However prospects for democracy have diminished as its leaders have become increasingly sensitive to criticism and fearful of renewed divisions Descriptions of the

process of developing school curriculums to explain past atrocities the new myths it created and their possible consequences comprise most of Chapter Four The final chapter offers conclusions on the effects of past mythologies and the trauma they have wrought It draws comparisons with other divided societies and their approaches to dealing with the past These include Burundi Ethiopia South Africa the United States Taiwan Canada Belgium Switzerland and Singapore An extensive bibliography of books theses conference papers official documents articles periodicals journals films websites other media and interviews includes translations of titles in Kinyarwanda French Dutch and German

Policymaking Under Adversity
Yehezkel Dror, 2017-09-29 This groundbreaking study systematically treats recent policymaking trends starting with a reconsideration of salient theoretical issues of policymaking and its study and culminating with a survey of current policy related predicaments in various countries Dror proposes that the task for social science research is to uncover underlying causes of policymaking inadequacies Standard research methods Dror states have been unable to uncover the realities of important decisions made inside governments In order to gain an understanding of pressing predicaments he believes that policymakers need to examine the foundations of contemporary practices of present assumptions and that they need a multiplicity of approaches to policymaking After prescribing a set of requirements that policymaking must satisfy in order to adequately respond to challenges Dror posits several improvements needed in education and in policy decision making The book concludes with an extensive bibliography including numerous important German works not found in other English language studies This book supplements the earlier basic theory and models propounded in Dror's Public Policymaking Reexamined by dealing with current trends As a guide to public policy literature and related works it will be invaluable to students and practitioners

Decision Making In Smaller Democracies The Consociational Burden A Sage Book Review: Unveiling the Power of Words
