Decisions In Living:

The Decisions We Live By Gene Bierbaum, 2010-09-30 Happiness is in large part the result of a few key decisions made at strategic points in our life cycle In this book Dr Bierbaum describes the decision points that define our lives and produce ripple effects in the lives of others He proposes a formula for making decisions that are practical in their application Drawing upon a wealth of real life experiences he leads the reader to discover where key decision points have occurred in their own lives to predict those that yet lie ahead and to develop strategies for making wise decisions Discovering the Decisions within Your Business Processes using IBM Blueworks Live Margaret Thorpe, Juliana Holm, Genevieve van den Boer, IBM Redbooks, 2014-01-30 In today's competitive always on global marketplace businesses need to be able to make better decisions more quickly And they need to be able to change those decisions immediately in order to adapt to this increasingly dynamic business environment Whether it is a regulatory change in your industry a new product introduction by a competitor that your organization needs to react to or a new market opportunity that you want to quickly capture by changing your product pricing Decisions like these lie at the heart of your organization's key business processes In this IBM Redpaper™ publication we explore the benefits of identifying and documenting decisions within the context of your business processes We describe a straightforward approach for doing this by using a business process and decision discovery tool called IBM Blueworks Live™ and we apply these techniques to a fictitious example from the auto insurance industry to help you better understand the concepts This paper was written with a non technical audience in mind It is intended to help business users subject matter experts business analysts and business managers get started discovering and documenting the decisions that are key to their company's business operations Decisions of the United States Railroad Labor Board with Addenda and Interpretations United States Railroad Labor Board, 1923 **Bulletin of the United States Bureau of Labor Statistics**, 1925 Principles and Practice of Geriatric Surgery Ronnie Ann Rosenthal, Michael E. Zenilman, Mark R. Katlic, 2013-06-29 More than two decades ago in response to the special healthcare needs of the aging American population interest in the field of geriatric medicine began to grow and blossom in the United States In 1984 and 1985 under the editorial leadership of Christine K Cassel and William R Hazzard respectively two major textbooks devoted to the medical care of aged patients were published These scholarly comprehensive texts provided insight into the principles of aging and guidance in the care of the geriatric patient Three editions later the need to understand the special issues involved in the medical care of the elderly is widely accepted by internists primary care providers and medical specialists For the editors of this book the special issues involved in the surgical care of the elderly have been apparent for nearly as long Although there have been a few scholarly texts on the subject including one in 1990 by Mark R Katlic general acceptance of the concept of geriatric surgery by our surgical and medical colleagues has however lagged This is not the result of a proportionately smaller number of older patients with surgical disease because cancer cardiovascular disease and orthopedic problems are diseases of the aged It is

rather the result of uncertainty about the value of surgery in the elderly and concerns about the risks of operations In the past such concerns prevented primary care givers from referring patients for surgical care and prevented surgeons from agreeing to operate
