

Decisions Revision Interpretations Of Twentieth Century American History

John B. Nann, Morris L. Cohen

Decisions Revision Interpretations Of Twentieth Century American History:

The Pentagon's Battle for the American Mind Lori L. Bogle, 2004-10-12 The U S military has historically believed itself to be the institution best suited to develop the character spiritual values and patriotism of American youth In Strategy for Survival Lori Bogle investigates how the armed forces assigned itself the role of guardian and interpreter of national values and why it sought to create ideologically sound Americans capable of defeating communism and assuring the victory of democracy at home and abroad Bogle shows that a tendency by some in the armed forces to diffuse their view of America's civil religion among the general population predated tension with the Soviet Union Bogle traces this trend from the Progressive Era through the early Cold War when the Truman and Eisenhower administrations took seriously the battle of ideologies of that era and formulated plans that promised not only to meet the armed forces manpower needs but also to prepare the American public morally and spiritually for confrontation with the evils of communism Both Truman's plan for Universal Military Training and Eisenhower's psychological warfare programs promoted an evangelical democracy and sought to inculcate a secular civil military religion in the general public During the early 1960s joint military civilian anticommunist conferences organized by the authority of the Department of Defense were exploited by ultra conservative civilians advancing their own political and religious agendas Bogle's analysis suggests that cooperation among evangelicals the military and government was considered both necessary and normal The Boy Scouts pushed a narrow vision of American democracy and Joe McCarthy's chauvinism was less an aberration than a particularly noxious manifestation of a widespread attitude To combat communism American society and its armed forces embraced brainwashing narrow moral education that attacked everyone and everything not consonant with their view of the world and how it ought to be ordered Exposure of this alliance ultimately dissolved it However the cult of toughness and the blinkered view of reality that characterized the armed forces and American society during the Cold War are still valued by many and are thus still worthy of consideration **The**

Concise Princeton Encyclopedia of American Political History Michael Kazin, Rebecca Edwards, Adam Rothman, 2011-08-08 An essential guide to U S politics from the founding to today With 150 accessible articles written by more than 130 leading experts this essential reference provides authoritative introductions to some of the most important and talked about topics in American history and politics from the founding to today Abridged from the acclaimed Princeton Encyclopedia of American Political History this is the only single volume encyclopedia that provides comprehensive coverage of both the traditional topics of U S political history and the broader forces that shape American politics including economics religion social movements race class and gender Fully indexed and cross referenced each entry provides crucial context expert analysis informed perspectives and suggestions for further reading Contributors include Dean Baker Lewis Gould Alex Keyssar James Kloppenberg Patricia Nelson Limerick Lisa McGirr Jack Rakove Nick Salvatore Stephen Skowronek Jeremi Suri Julian Zelizer and many more Entries cover Key political periods from the founding to today Political institutions major

parties and founding documents The broader forces that shape U S politics from economics religion and social movements to race class and gender Ideas philosophies and movements The political history and influence of geographic regions

Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office,1976 **The Presidency and the Middle Kingdom** Michael P. Riccards,2000-01-01 In this book Michael Riccards renowned scholar of the American presidency focuses his study on the vagaries of presidential leadership between nations Tracing the history of the often difficult and contentious diplomatic relations between the United States and China Riccards describes and analyzes various meetings and interactions He concludes that war and trade necessities intimately bound the histories of both nations often in spite of their individual rhetoric and initiatives Students and scholars whose focus is the points of contact between U S and Asian history will find this book essential reading **Program of the ... Annual Meeting of the American Historical Association** American Historical Association. Meeting,American Historical Association,1973 Some programs include also the programs of societies meeting concurrently with the association **America, History and Life** ,2004 Article abstracts and citations of reviews and dissertations covering the United States and Canada **Program of the ... Annual Meeting of the American Historical Association** American Historical Association,American Historical Association. Annual Meeting,1974 Some programs include also the programs of societies meeting concurrently with the association **National Union Catalog** ,1973 Includes entries for maps and atlases *The ^AOxford Companion to United States History* Paul S. Boyer,2001-07-04 Here is a volume that is as big and as varied as the nation it portrays With over 1 400 entries written by some 900 historians and other scholars it illuminates not only America s political diplomatic and military history but also social cultural and intellectual trends science technology and medicine the arts and religion Here are the familiar political heroes from George Washington and Benjamin Franklin to Abraham Lincoln Woodrow Wilson and Franklin D Roosevelt But here too are scientists writers radicals sports figures and religious leaders with incisive portraits of such varied individuals as Thomas Edison and Eli Whitney Babe Ruth and Muhammed Ali Black Elk and Crazy Horse Margaret Fuller Emma Goldman and Marian Anderson even Al Capone and Jesse James The Companion illuminates events that have shaped the nation the Great Awakening Bunker Hill Wounded Knee the Vietnam War major Supreme Court decisions Marbury v Madison Roe v Wade landmark legislation the Fugitive Slave Law the Pure Food and Drug Act social movements Suffrage Civil Rights influential books The Jungle Uncle Tom s Cabin ideologies conservatism liberalism Social Darwinism even natural disasters and iconic sites the Chicago Fire the Johnstown Flood Niagara Falls the Lincoln Memorial Here too is the nation s social and cultural history from Films Football and the 4 H Club to Immigration Courtship and Dating Marriage and Divorce and Death and Dying Extensive multi part entries cover such key topics as the Civil War Indian History and Culture Slavery and the Federal Government A new volume for a new century The Oxford Companion to United States History covers everything from Jamestown and the Puritans to the Human Genome Project and the Internet from Columbus to Clinton Written in clear

graceful prose for researchers browsers and general readers alike this is the volume that addresses the totality of the American experience its triumphs and heroes as well as its tragedies and darker moments **Reader's Guide to American History** Peter J. Parish,2013-06-17 There are so many books on so many aspects of the history of the United States offering such a wide variety of interpretations that students teachers scholars and librarians often need help and advice on how to find what they want The Reader s Guide to American History is designed to meet that need by adopting a new and constructive approach to the appreciation of this rich historiography Each of the 600 entries on topics in political social and economic history describes and evaluates some 6 to 12 books on the topic providing guidance to the reader on everything from broad surveys and interpretive works to specialized monographs The entries are devoted to events and individuals as well as broader themes and are written by a team of well over 200 contributors all scholars of American history

America's Strategic Choices, revised edition Michael E. Brown,Owen R. Cote, Jr.,Sean M. Lynn-Jones,Steven E. Miller,2000-07-18 Contending perspectives on the future of US grand strategy More than a decade has passed since the end of the Cold War but the United States has yet to reach a consensus on a coherent approach to the international use of American power The essays in this volume present contending perspectives on the future of U S grand strategy U S policy options include primacy cooperative security selective engagement and retrenchment This revised edition includes additional and more recent analysis and advocacy of these options The volume includes the Clinton administration s National Security Strategy for a New Century the most recent official statement of American grand strategy so readers can compare proposed strategies with the official U S government position **The Darkest Year** William K. Klingaman,2019-02-19 The acclaimed narrative history of the American home front during WWII from the attack on Pearl Harbor through 1942 For Americans on the home front the twelve months following the Japanese attack on Pearl Harbor comprised the darkest year of World War Two Despite government attempts to disguise the magnitude of American losses it was clear that the nation had suffered a nearly unbroken string of military setbacks in the Pacific by the autumn of 1942 government officials were openly acknowledging the possibility that the United States might lose the war Appeals for unity and declarations of support for the war effort made it appear as though the class hostilities and partisan animosities that had beset the United States for decades had suddenly disappeared Yet a deeply divided American society was splintering even further as conflicting interest groups sought to turn the wartime emergency to their own advantage Meanwhile blunders and repeated displays of incompetence by the Roosevelt administration added to the sense of anxiety and uncertainty that hung over the nation The Darkest Year focuses on Americans state of mind not only through what they said but in the day to day details of their behavior William K Klingaman delves into the social and cultural changes wrought by war including shifts in family roles race relations economic pursuits popular entertainment education and the arts *Program of the Annual Meeting - American Historical Association* American Historical Association, Some programs include also the programs of societies meeting

concurrently with the association **Intellect** ,1974 Catalog of Copyright Entries, Third Series Library of Congress. Copyright Office,1975 **Playing with History** Molly Rosner,2021-05-14 Since the advent of the American toy industry children s cultural products have attempted to teach and sell ideas of American identity By examining cultural products geared towards teaching children American history *Playing With History* highlights the changes and constancies in depictions of the American story and ideals of citizenship over the last one hundred years This book examines political and ideological messages sold to children throughout the twentieth century tracing the messages conveyed by racist toy banks early governmental interventions meant to protect the toy industry influences and pressures surrounding Cold War stories of the western frontier the fractures visible in the American story at a mid century history themed amusement park The study culminates in a look at the successes and limitations of the American Girl Company empire *The Journal of American-East Asian Relations* ,2001 **The Yale Law School Guide to Research in American Legal History** John B. Nann,Morris L. Cohen,2018-06-19 The study of legal history has a broad application that extends well beyond the interests of legal historians An attorney arguing a case today may need to cite cases that are decades or even centuries old and historians studying political or cultural history often encounter legal issues that affect their main subjects Both groups need to understand the laws and legal practices of past eras This essential reference is intended for the many nonspecialists who need to enter this arcane and often tricky area of research *Development of Economic Analysis* Ingrid H. Rima,2003-10-04 The Development of Economic Analysis traces the development of economic theory from Plato through to contemporary thought All the major movements are covered and presented here in six chronological parts The text includes a number of practical features a family tree at the beginning of each section illustrating how the key streams and people connect and develop accompanied by a list of key publications for that period integrated selections of readings from the major works enable reference to original sources The subject matter is divided to allow individual users to follow their preferences The text also includes guidelines for use on a one semester course Each part ends with a summary and questions to discuss along with glossaries and suggestions for further reading The result is a valuable aid to the study of economic thought and encourages students to examine the relevance to contemporary theory **The Politics of Multiracialism** Heather M. Dalmage,2004-06-23 A provocative analysis of current thought and discourse on multiracialism
