Hearings United States. Congress Senate,1953 Hearings United States. Congress. Senate. Committee on Commerce,1952 **Revocation Or Denial of Seamen's Documents to Narcotic Law Violators** United States. Congress. Senate. Committee on Interstate and Foreign Commerce,1954 *A New Universal Dictionary of the Marine; Being a Copious Explanation of the Technical Terms and Phrases Usually Employed in the Construction, Equipment, Machinery, Movements, and Military, as Well as Naval, Operations of Ships: with Such Parts of Astronomy, and Navigation, as Will be Found Useful to Practical Navigators* William Falconer,William Burney,1815 British Battleships 1919-1945 R.A. Burt,2020-01-31 The classic reference on the Royal Navy s battleships and battlecruisers now expanded with dozens of additional photos Offering an unprecedented range of descriptive and illustrative detail this naval history reference describes the evolution of the British battleship classes through all their modifications and refits As well as dealing with design features armor machinery and power plants and weaponry the author examines the performance of the ships in battle and analyzes their successes and failures In addition to covering all the Royal Navy s battleships and battlecruisers he also looks in detail at the aircraft carrier conversions of the WWI battlecruisers Furious Glorious and Courageous **British Battleships 1919 1945** is a masterpiece of research and the comprehensive text is accompanied by tabular detail and the finest collection of photographs and line drawings ever offered in such a book For this new edition the author has added some 75 new photographs many of them never before published A delight for the historian enthusiast and ship modeler it is a volume that is already regarded as an essential reference work for this most significant era in naval history and ship design

Sovereign of the Seas, 1637 John McKay,2020-02-28 **Sovereign of the Seas** was the most spectacular extravagant and controversial warship of the early seventeenth century The ultimate royal prestige project whose armament was increased by the King s decree to the unheard of figure of 100 guns the ship finally cost the equivalent of ten more conventional warships A significant proportion of this total was spent on her gilded decoration which gave the ship a unique combination of firepower and visual impact in battle that led her Dutch opponents to dub her the Golden Devil The vessel was the poster child of the notorious Ship Money tax raised without parliamentary approval and so unpopular it was a major factor leading to the Civil War in which Charles I lost his sovereignty and his head In that sense she was a ship that cost a kingdom It is unsurprising that such a high profile ship should be well documented but there are no contemporary plans and much of the visual evidence is contradictory In this book John McKay sets out to analyse the data and reconstruct the design and appearance of the ship in a degree of detail never previously attempted The results are presented as a folio of superbly draughted plans isometric drawings and coloured renderings covering every aspect of the design from the hull form to the minutiae of sails and rigging Each section is accompanied by an explanatory text setting out the rationale for his conclusions so the book will be of value to historians of the period as well as providing superb reference for any modeller tackling of one
