## **Declaration Of Madness:**

*Madness and Social Change* Paulo Amarante, 2022-09-06 In this book the history of the Brazilian Psychiatric Reform is told by one of its main protagonists In the early 1980s there were about 80 thousand people admitted to psychiatric hospitals in Brazil with average lengths of hospital stay of approximately 25 years The psychiatric reform process that took place in the country was responsible for closing more than 60 thousand beds in mental asylums most of them characterized by conditions of violence and abandonment The Brazilian Psychiatric Reform was inspired by the psychosocial care model introduced by psychiatrist Franco Basaglia in Italy and was marked by the broad participation of social movements such as the anti asylum movement and other human rights movements This process gave rise to a model of mental health care based on open door territorial mental health services guided by the principle of treatment in liberty in addition to other strategies of deinstitutionalization More than a proposal to restructure or modernize the mental health care model the objective of the Brazilian Psychiatric Reform was the construction of a new social place for the diverse and singular subjective experience of madness By intending to produce new imaginaries new social representations and new meanings for these experiences the Brazilian Psychiatric Reform led to one of the larger experiences of deinstitutionalization in the world and to the large scale implementation of a new model of mental health care in which the old asylum centric paradigm was replaced by a new democratic psychosocial care model

**African American Literature in Transition, 1980-1990: Volume 15** D. Quentin Miller, Rich Blint, 2023-02-09 African American Literature in Transition 1980 1990 tracks Black expressive culture in the 1980s as novelists poets dramatists filmmakers and performers grappled with the contradictory legacies of the civil rights era and the start of culture wars and policy machinations that would come to characterize the 1990s The volume is necessarily interdisciplinary and critically promiscuous in its methodologies and objects of study as it reconsiders conventional temporal spatial and moral understandings of how African American letters emerged immediately after the movement James Baldwin describes as the latest slave rebellion As such the question of the state of

America's democratic project as refracted through the literature of the shaping presence of African Americans is one of the guiding concerns of this volume preoccupied with a moment in American literary history still burdened by the legacies of the 1960s while imagining the contours of an African Americanist future in the new millennium Unphenomenal Shakespeare Julián Jiménez Heffernan, 2023-01-16 In the aftermath of New Historicism and Cultural Materialism the field of Shakespeare Studies has been increasingly overrun by post theoretical phenomenological claims Many of the critical tendencies that hold the field today post humanism speculative realism ecocriticism historical phenomenology new materialism performance studies animal studies affect studies are consciously or unwittingly informed by phenomenological assumptions This book aims at uncovering and examining these claims not only to assess their philosophical congruency but also to determine their hermeneutic relevance when applied to Shakespeare More specifically **Unphenomenal Shakespeare** deploys resources of speculative critique to resist the moralistic and aestheticist phenomenalization of the Shakespeare playtexts across a variety of schools and scholars a tendency best epitomized in Bruce Smith's *Phenomenal Shakespeare* 2010 **Shakespeare's Unmuted Women** Gül Kurtuluş, 2024-06-24 Shakespeare's *Unmuted Women* explores women's speeches in selected plays by Shakespeare highlighting women's discerning insight as a vital ingredient in these selected works The book discusses the use of rhetoric in speeches by women as a cementing material that supports the casing of the incidents Women holding forth on the issues related to the common concerns emerged in the plays perform a distinguishing role in strengthening the bond between decisions taken and executed by each character and make their major important contribution to the overall impact of the play Comprising six chapters the volume analyses Cordelia's and Desdemona's speeches in *King Lear* and *Othello* Cleopatra's and Tamora's speeches in *Antony and Cleopatra* and *Titus Andronicus* Beatrice's and Rosalind's speeches in *Much Ado About Nothing* and *As You Like It* and Katherine's and Lady Anne's speeches in *Henry V* and *Richard III* respectively The text discusses women's rich and profound discourse in these works to accentuate the meaningful input in verbal communication In Shakespeare's selected plays women's insightfulness and perspicuity are closely considered to emphasize how women make efficient use of rhetoric aptly used by Queen Elizabeth I during Shakespeare's time Queen Elizabeth's outstanding public speeches inspired those who listened to her and Shakespeare's women are partial embodiments of her **The New Kierkegaard** Elsebet Jegstrup, 2004 Placing Kierkegaard squarely within the current of contemporary continental philosophy *The New Kierkegaard* reveals intriguing insights into the philosopher's work and thinking By reading Kierkegaard deconstructively the 13 lively essays in this volume seek a deeper understanding of his work in philosophy religion and aesthetics These readings explore the breadth of Kierkegaard's thought and unfold the richness of his views on the human condition Consideration of a broad range of themes from irony and madness to love and experience and texts *Either/Or* *Philosophical Fragments* *Works of Love* and *Fear and Trembling* emphasizes the ambiguities dialectical tensions and open endedness of Kierkegaard's philosophical writings These innovative and original commentaries give

Kierkegaard a fresh look and bring him into present day discussions and debates in continental philosophy Contributors are Jacob Bggild John D Caputo Mark Dooley Joakim Garff Robert Gibbs Elsebet Jegstrup Richard Kearney John Llewelyn Roger Poole Vanessa Rumble John Vignaux Smyth Jason Wirth and David Wood William Blake and the Age of Aquarius Stephen F. **The Beribboned Bomb** Robert James Belton, 1995 Surrealism was ostensibly directed at the emancipation of the human spirit but it represented only male aspirations and fantasies until a number of women artists began to redefine its agenda in the later 1930s This book addresses the former using a thick description of the historically specific circumstances which required the male Surrealists to manufacture a sexual reputation of narcissism and misogyny These circumstances were determined by hegemonic masculinity an ideological construct which had little to do with individual masculinities In male Surrealism the beribboned bomb signified something both attractive and volatile a specific instance of the Surrealist principle of convulsive beauty In hegemonic masculinity similar devices served as metaphors of the sexuality all men were supposed to possess The intersection of these two axes produced an imagery of unrepentant violence Heresy in Transition John Christian Laursen, Cary J. Nederman, 2016-04-22 The concept of heresy is deeply rooted in Christian European culture The palpable increase in incidences of heresy in the Middle Ages may be said to directly relate to the Christianity's attempts to define orthodoxy and establish conformity at its centre resulting in the sometimes forceful elimination of Christian sects In the transition from medieval to early modern times however the perception of heresy underwent a profound transformation ultimately leading to its decriminalization and the emergence of a pluralistic religious outlook The essays in this volume offer readers a unique insight into this little understood cultural shift Half of the chapters investigate the manner in which the church and its attendant civil authorities defined and proscribed heresy whilst the other half focus on the means by which early modern writers sought to supersede such definition and proscription The result of these investigations is a multifaceted historical account of the construction and serial reconstruction of one of the key categories of European theological juristic and political thought The contributors explore the role of nationalism and linguistic identity in constructions of heresy its analogies with treason and madness the role of class and status in the responses to heresy In doing so they provide fascinating insights into the roots of the historicization of heresy and the role of

this historicization in the emergence of religious pluralism      History, Tragedy, Theory Barbara E. Goff, 1995-01-01 In this book some of the foremost scholars of Greek drama explore the work of all three great tragedians and approach them from a variety of perspectives on history and theory including poststructuralism and Marxism They investigate the possibilities for coordinating theoretically informed readings of tragedy with a renewed attention To The pressure of material history within those texts The collection thus represents a response within classics to New Historicism And The debates it has generated within related literary disciplines      Naming and Namelessness in Medieval Romance Jane Bliss, 2008 A survey of the significance of names or their absence in medieval English French and Anglo Norman romance Naming and namelessness are among the major themes of medieval romance Because the genre is so difficult to define scholars have viewed romance as containing a critical number of themes this book treats naming as a major theme of romance and furthermore examines romance's relationship with contemporary naming theory A new genre it is able to play with naming in a way that previously established genres are not The book begins with a discussion of the medieval background to romance and explores a series of naming patterns found across a broad range of texts It continues with detailed analysis of twenty one romances in English French and Anglo Norman from 1130 to 1500 to show how naming themes are treated differently in each and to demonstrate the importance of name as a generic marker Finally an appendix provides details of each romance's context together with indications for further research JANE BLISS is an independent scholar she gained her PhD from Oxford Brookes University

The Gift of Logos David Jones, Michael Schwartz, Jason M. Wirth, 2009-12-14 The Continental tradition has always placed great emphasis on the Logos The Gift of Logos Essays in Continental Philosophy celebrates and situates this emphasis in the genre of the gift and its giving The process of receiving or giving of the gift overcomes the existential alienation and separation that is so present in the human condition To ritualize giving and its gifting is to provide a syntax of solidarity that bespeaks our desire for cohesion and need for identities beyond our own To give a gift is to befriend The gift of logos is more than a gift from the gods and goddesses it is an act of giving for those friends of wisdom for those philosophers who give to each other and to their worlds and receive the blessings of logos from each other The increasing objectification of human being has mobilized a regressive narcissism that shows the ego's reassertion in the light of the meaningless quantifying forces from without By not reflecting deeply enough upon its conditions of existence in the modern world and on its ordinary moments philosophy itself has not been immune from this besotted sense of self Although not an invective against thinking nor against modern and contemporary philosophy's genuine advances The Gift of Logos portends to shed the delusion that theoretical re-description is somehow the same as transforming who we are This transformation is our greatest gift to each other To give it voice is the gift of Logos and what this collection of essays commemorates      *Figurative Design in Hamlet* Lee Sheridan Cox, 1973      **The Journal of Mental Science**, 1875      **A Declaration of Madness** My Father's Business, Incorporated, Ron Levin, 2000      **Shakespearean Tragedy and Gender** Shirley Nelson Garner, Madelon

Sprengnether, 1996-02-22 Shakespeare is not our contemporary the contributors to Shakespearean Tragedy and Gender emphatically conclude yet coping with his cultural influence is never a simple matter Ranging from Shakespeare's earliest attempts at tragedy in Richard III and Titus Andronicus this volume covers the major tragic period giving special attention to Othello Back cover
