God Talk Ruth A. Tucker, 2006-01-01 Does God speak? The answer seems clear. Books abound on the topic of hearing God's voice. And many believers testify to God's conversational guidance in their life. God told me to help you. I knew it was God speaking to me. Our culture reinforces the idea that speaking constantly is good and natural and essential. In those rare moments during a day when talking ceases or when we're alone, we quickly find some way to fill the void, whether turning on the television or radio or calling someone on the phone. With others and especially with God, we get the message: speaking is good, silence is bad. But still, Ruth Tucker is not afraid to ask the question: Does God speak? And her answer might surprise you. She urges caution in speaking about hearing God, pointing out that our privatized spirituality often sets those who hear God on a pedestal and leaves those who don't feeling spiritually inferior. Further, she shows how the expectation of conversation may too easily humanize God in our minds, causing us to approach God with the same attitude we have when we call a friend on the phone. And if God does speak, how can we be sure our own desires are not affecting our interpretation of God's voice?

In *God Talk*, Tucker offers us a new paradigm for viewing silence and prayer. Rather than feeling inferior when we don't hear God speak, she helps us lean more deeply on his silent Spirit-inspired Word. By examining the Trinity, Tucker gives us a new glimpse of how God the Father spoke his words in the past, how Christ the Incarnate Word lived among us, and how the Holy Spirit speaks to us now through Scripture. Here is a probing, thought-provoking read on how our present, active, powerful God relates to us and how we in turn should relate to God.

**Hello, this is God speaking, can you hear me?** Alex Fuleki, 2023-10-16 God has been trying to reach humans for thousands of years but with limited success. Ever since Cain walked away from God to forge his own godless society and a

culture void of moral and spiritual values the voice of God has only been heard by a handful of people committed to following His will Alex Fuleki explores the complicated relationship humanity has with God in this book observing that most of us look to Him in the midst of some kind of local or global disaster beyond our control It is only then that we demand the protective saving healing and restorative power of the Lord and if we don t receive an immediate response we conclude that God does not listen and is not interested in us The truth however is that the Lord has certain requirements that must be met before He looks upon us with favor He is the one who dictates when how and what to communicate Find out why God is the most efficient most precise and clearest communicator who reveals Himself to every generation in every nation and in every language     *The Gospel standard, or Feeble Christian's support* ,1872     **Creating Bethel: Becoming the Place Where**

**God Lives** Ashley Smith Witcher,2020-09-22 Becoming the place where God can dwell is the journey that all believers embark upon at the receipt of salvation When you receive the call of God for your life there is an undoing that must take place of everything that you grew into in the world This undoing causes a complete transformation from the inside out This is a journey of true self discovery the self that God intended upon your creation your true place of Sonship Can you examine yourself and be honest with the not so Christ like characteristics that you may exhibit and challenge yourself to be who God calls you In Creating Bethel Ashley bares all She gives readers a front row seat into her journey of self reflection raw truth and transformation through healing and deliverance in Jesus Christ She shares how the Word of God has continued to be the solid rock that she stands on and how the Word works if we put it to work
