Decline In Marriage Among African Americans:

The Decline in Marriage Among African Americans M. Belinda Tucker, Claudia Mitchell-Kernan, 1995-07-13 In a time when the American family has undergone dramatic evolution change among African Americans has been particularly rapid and acute African Americans now marry later than any other major ethnic group and while in earlier decades nearly 95 percent of black women eventually married today 30 percent are expected to remain single The black divorcee rate has increased nearly five fold over the last thirty years and is double the rate of the general population The result according to The Decline in Marriage Among African Americans is a greater share of family responsibilities being borne by women an increased vulnerability to poverty and violence and an erosion of community ties The original often controversial research presented in this book links marital decline to a pivotal drop in the pool of marriageable black males Increased joblessness has robbed many black men of their economic viability rendering them not only less desirable as mates but also less inclined to take on the responsibility of marriage Higher death rates resulting from disease poor health care and violent crime as well as evergrowing incarceration rates have further depleted the male population Editors M Belinda Tucker and Claudia Mitchell Kernan and the contributors take a hard look at the effects of chronic economic instability and cultural attitudes toward the male role as family provider Their cogent historical analyses suggest that the influence of external circumstances over marriage preferences stems in large part from the profoundly damaging experience of slavery This book firmly positions declining marriage within an ominous cycle of economic and social erosion The authors propose policies for relieving the problems associated the changing marital behavior focusing on support for single parent families public education and increased employment for African American men

The Economics of Structural Racism Patrick L. Mason, 2023-04-13 This extensive and comprehensive book tracks persistent racial disparities in the US across multiple regimes of structural racism It begins with an examination of the economics of racial identity mechanisms of stratification and regimes of structural racism It analyzes trends in racial inequality in education and changes in family structure since the demise of Jim Crow The book also examines generational trends in income wealth and employment for families and individuals by race gender and national region It explores economic differences among African Americans by region ethnicity nativity gender and racial identity Finally the book provides a theoretical analysis of structural racism productivity and wages with a special focus on the role of managers and instrumental discrimination inside the firm The book concludes with an investigation of instrumental discrimination hate crimes the criminal legal system and the impact of mass incarceration on family structure and economic inequality

Handbook of Minority Aging Tamara A. Baker, Keith E. Whitfield, 2014 The array of topics covered is amazing making this book a valuable significant resource for many disciplines This multidisciplinary review of the literature on minority aging presents the scholarship related to public health and social behavioral and biological concerns of aged minorities like no other publication Graduate students will certainly be well served by this book as would faculty teaching aging at both undergraduate and graduate levels Highly recommended Choice Current Reviews for Academic Libraries while practitioners of gerontology family medicine and any professional involved in the care of the elderly will find some practical guidance in the second part of the book it will really earn a place on the bookshelf of anyone and everyone with an interest in US sociology and the development of public policy for the elderly With the general aging of the population and the book's accentuation of current issues this outstanding review will become an indispensable tool Healthy Aging Research This text provides up to date multidisciplinary and comprehensive information about aging among diverse racial and ethnic populations in the United States It is the only book to focus on paramount public health issues as they relate to older minority Americans and addresses social behavioral and biological concerns for this population The text distills the most important advances in the science of minority aging and incorporates the evidence of scholars in gerontology anthropology psychology public health sociology social work biology medicine and nursing Additionally the book incorporates the work of both established and emerging scholars to provide the broadest possible knowledge base on the needs of and concerns for this rapidly growing population Chapters focus on subject areas that are recognized as being critical in understanding the well being of minority elders These include sociology Medicare SES work and retirement social networks context neighborhood

ethnography gender demographics psychology cognition stress mental health personality sexuality religion neuroscience discrimination medicine nursing public health mortality and morbidity disability health disparities long term care genetics dietary issues health interventions physical functioning social work caregiving housing social services end of life care and many other topics The book focuses on the needs of four major ethnic groups Asian Pacific Islander Hispanic Latino African American and Native American Key Features Provides current comprehensive information about minority aging through a multidisciplinary lens Integrates information from scholars in gerontology anthropology psychology public health sociology social work biology medicine and nursing Emphasizes the principal public health issues concerning minority elders Offers one stop shopping regarding the development of a substantial knowledge base about minority aging Includes recent progressive research pertaining to the social cultural psychological and health needs of elderly minority adults in the US

Inequality and African-American Health Hill, Shirley A., 2016-10-05 This book shows how living in a highly racialized society affects health through multiple social contexts including neighborhoods personal and family relationships and the medical system Black white disparities in health illness and mortality have been widely documented but most research has focused on single factors that produce and perpetuate those disparities such as individual health behaviors and access to medical care This is the first book to offer a comprehensive perspective on health and sickness among African Americans starting with an examination of how race has been historically constructed in the US and in the medical system and the resilience of racial ideologies and practices Racial disparities in health reflect racial inequalities in living conditions incarceration rates family systems and opportunities These racial disparities often cut across social class boundaries and have gender specific consequences Bringing together data from existing quantitative and qualitative research with new archival and interview data this book advances research in the fields of families race ethnicity and medical sociology

Being Black, Living in the Red Dalton Conley, 2010 Being Black Living in the Red is an important book In Conley's persuasive analysis the locus of current racial inequality resides in class and property relations not in the labor market This carefully written and meticulous book not only provides a compelling explanation of the black white wealth differential it also represents the best contribution to the race class debate in the past two decades William Julius Wilson author of When Work Disappears The World of the New Urban Poor In Being Black Living in the Red Dalton Conley has taken the discussion of race and inequality into important new territory Even as income inequality is shrinking Conley shows the wealth gap endures That gap he argues lucidly explains much of the persisting two societies phenomenon it contributes significantly to inequalities in education work even family structure Those concerned about equity in America will find this book indispensable reading David Kirp author of Our Town Race Housing and the Soul of America With methodological sophistication Dalton Conley's well written book makes a significant contribution to our understanding of the precarious social and economic predicament that African Americans continue to experience Martin Sanchez Jankowski author of City

Bound Urban Life and Political Attitudes Among Chicano Youth Picking up where Oliver and Shapiro Black Wealth White Wealth left off Conley details how and why facets of net worth cascade into long term inequalities All sides will be impressed with Conley s thorough scholarship and richly detailed analysis Troy Duster co editor of Cultural Perspectives on Biological Knowledge Being Black Living in the Red is the most convincing analysis yet of the importance of wealth for the life chances of African Americans Thanks to Conley s stunning data and adroit theoretical discussions social scientists and policymakers can no longer ignore wealth as they attempt to deal with the thorny issue of racial inequality A must read Melvin L Oliver author of Black Wealth White Wealth A New Perspective on Racial Inequality **Attitudes Toward Marriage Among African American Singles** Pamela Lynette Taylor,1998 Handbook of Marriage and the Family Marvin B. Sussman,Suzanne K. Steinmetz,Gary W. Peterson,2013-06-29 To know where we are going as scholars educators and practitioners in the field of marriage and family life we first need to know where we have been A perusal of early texts on marriage and family life provides some thought provoking insights into the accuracy of the saying what goes around comes around It is interesting to note who has been considered to be in a position to provide information on marriage and family life Included in the eclectic collection of texts we reviewed were ministers whose focus was on spirituality doctors who emphasized medical aspects of child and adult health and public health professionals and home economists concerned with fighting disease who emphasized cleanliness order fighting germs and eliminating rodents and insects There are also philosophers who drew from ancient texts when discussing family life and a count who assembled a group of German intellectual elites to address various topics An insightful essay of this type is by Marta Karlweis 1926 in which she notes There is no other fetish that society holds to so firmly as the conception woman with all its usual associations of infantilism and dependence The child requires protection is a minor and consequently a serf but above all it possesses no spiritual existence Neither doctorates or other distinctions nor the right to vote have as yet been able to dispel this sweet idea of the childishness of woman which man cherishes p *Family Life in Black America* Robert Joseph Taylor,James S. Jackson,Linda M. Chatters,1997-08-13 Most studies of Black families have had a problem focus offering a narrow view of important issues such as out of wedlock births single parent families and childhood poverty Family Life in Black America moves away from this negative perspective and instead deals with a wide range of issues including sexuality procreation infancy adulthood adolescence cohabitation parenting grandparenting and ageing A fresh aspect of this book is the amount of diversity it reveals within black families and the forces that shape limit and enhance them *Benefits of a Healthy Marriage* United States.
