Decolonisation And Criticism The Construction Of Irish Literature:

Decolonisation and Criticism Gerry Smyth, 1998-06-15 An accessible introduction to the concept of culture in Gramsci focusing on the relevance of Gramsci's approach for anthropologists Transcultural Insights into Contemporary Irish Literature and Society María Amor Barros-del Río, 2024-07-19 Transcultural Insights into Contemporary Irish Literature and Society examines the transcultural patterns that have been enriching Irish literature since the twentieth century and engages with the ongoing dialogue between contemporary Irish literature and society Driven by the growing interest in transcultural studies in the humanities this volume provides an insightful analysis of how Irish literature handles the delicate balance between authenticity and folklore and uniformisation and diversity in an increasingly globalised world Following a diachronic approach the volume includes critical readings of canonical Irish literature as an uncharted exchange of intercultural dialogues The text also explores the external and internal transcultural traits present in recent Irish literature and its engagement with social injustice and activism and discusses location and mobility as vehicles for cultural transfer and the advancement of the women's movement A final section also includes an examination of literary expressions of hybridisation diversity and assimilation to scrutinise negotiations of new transcultural identities In the light of the compiled contributions the volume ends with a revisitation of Irish studies in a world in which national identity has become increasingly problematic This volume presents new insights into the fictional engagement of contemporary Irish literature with political social and economic issues and its efforts to accommodate the local and the global resulting in a reshaping of national collective imaginaries The Literature of Ireland Terence Brown, 2010-07-01 One of Ireland's foremost literary and cultural historians Terence Brown's command of the intellectual and cultural currents running through the Irish literary canon is second to none and he has been enormously influential in shaping the field of Irish studies These essays reflect the key themes of Brown's distinguished career most crucially his critical engagement with the post colonial model of Irish cultural and literary history currently dominant in Irish Studies With essays on major figures such as Yeats MacNeice Joyce and Beckett as well as contemporary authors including Seamus Heaney Derek Mahon Michael Longley Paul Muldoon and Brian Friel this volume is a major contribution to scholarship directing scholars and students to new approaches to twentieth century Irish cultural and literary history *Irish Literature* Mary Ketsin, 2004 Irish literature's roots have been traced to the 7th 9th century This is a rich and hardy literature starting with descriptions of the brave deeds of kings saints and other heroes These were followed by generous veins of religious historical genealogical scientific and other works The development of prose poetry and drama raced along with the times Modern well known Irish writers include William Yeats James Joyce Sean Casey George Bernard Shaw Oscar Wilde John Synge and Samuel Beckett *Irish Literature Since 1800* Norman Vance, 2014-06-11 This book surveys Irish writing in English over the last two centuries from Maria Edgeworth to Seamus Heaney to give the literary student and the general reader an up to date sense of its variety and vitality and to indicate some

of the ways in which it has been described and discussed It begins with a brief outline of Irish history of Irish writing in Irish and Latin and of writing in English before 1800 Later chapters consider Irish romanticism Victorian Ireland W B Yeats and the Irish Literary Revival new directions in Irish writing after Joyce and the literature of contemporary Ireland north and south from 1960 to the present **The Oxford Handbook of Modern Irish Poetry** Fran Brearton, Alan Gillis, 2012-10-25

The Oxford Handbook of Modern Irish Poetry consists of 40 essays by leading scholars and new researchers in the field Beginning with W B Yeats the figure who towers over the century's poetry it includes chapters on the major poets to have emerged in Ireland over the last 100 years *Ireland and Transatlantic Poetics* Brian Caraher, Robert Mahony, 2007 Transatlantic poetics is the principal theme and the constructive burden of these essays The motive toward its articulation lies in the demand for cross national international and post nationalist comprehension of cultural relations and critical practices across modern Anglophone British Irish and North American literary developments literary filiations and literary history Anglophone literary study needs to articulate ever more clearly the poetics of literary practices including the cultural politics of literary histories and literary reading Ireland is a small island yet its finest writers have insistently articulated its modern culture within a transatlantic neighborhood stretching from continental Europe across the British and Irish archipelago to the western reaches of North America Modern Dublin is a cultural location for constructing transatlantic literary relations and poetics This collection foregrounds modern Dublin its writers its universities its literary journals its teachers and critics of English Studies as well as the contested critical construction of regional and international poetics and cultural politics that emerges from the often tense interaction of local and global literary practices and critical desires

Irish Writing in the Twentieth Century David Pierce, 2000 With five Nobel Prize winners seven Pulitzer Prize winners and two Booker Prize winning novelists modern Irish writing has contributed something special and permanent to our understanding of the twentieth century Irish Writing in the Twentieth Century provides a useful comprehensive and pleasurable introduction to modern Irish literature in a single volume Organized chronologically by decade this anthology provides the reader with a unique sense of the development and richness of Irish writing and of the society it reflected It embraces all forms of writing not only the major forms of drama fiction and verse but such material as travel writing personal memoirs journalism interviews and radio plays to offer the reader a complete and wonderfully varied sense of Ireland's contribution our literary heritage David Pierce has selected major literary figures as well as neglected ones and includes many writers from the Irish diaspora The range of material is enormous and ensures that work that is inaccessible or out of print is now easily available The book is a delightful compilation including many well known pieces and captivating discoveries which anyone interested in literature will long enjoy browsing and dipping into **Liminal Borderlands in Irish Literature and Culture** Irene Gilsenan Nordin, Elin Holmsten, 2009 This collection of essays examines the theme of liminality in Irish literature and culture against the philosophical discourse of modernity and focuses on representations of

liminality in contemporary Irish literature art and film in a variety of contexts **Irish Orientalism** Joseph

Lennon,2008-08-04 Centuries before W B Yeats wove Indian Japanese and Irish forms together in his poetry and plays Irish writers found kinships in Asian and West Asian cultures This book maps the unacknowledged discourse of Irish Orientalism within Ireland s complex colonial heritage *Crossroads in Literature and Culture* Jacek Fabiszak,Ewa

Urbaniak-Rybicka,Bartosz Wolski,2012-11-05 The book contains a selection of papers focusing on the idea of crossing boundaries in literary and cultural texts composed in English The authors come from different methodological schools and analyse texts coming from different periods and cultures trying to find common ground the theme of the volume between the apparently generically and temporarily varied works and phenomena In this way a plethora of perspectives is offered perspectives which represent a high standard both in terms of theoretical reflection and in depth analysis of selected texts Consequently the volume is addressed to a wide scope of both scholars and students working in the field of English and American literary and cultural studies furthermore it will be of interest also to students interested in theoretical issues linked with investigations into literature and culture **The Life and Work of Thomas MacGreevy** Susan

Schreibman,2013-07-18 As a poet and literary critic Thomas MacGreevy is a central force in Irish modernism and a crucial facilitator in the lives of key modernist writers and artists The extent of his legacy and contribution to modernism is revealed for the first time in *The Life and Work of Thomas MacGreevy* Split into four sections the volume explains how and where MacGreevy made his impact in his poetry his role as a literary and art critic during his time in Dublin London and Paris and through his relationships with James Joyce Samuel Beckett Wallace Stevens Jack B Yeats and WB Yeats With access to the Thomas MacGreevy Archive contributors draw on letters his early poetry and contributions to art and literary journals to better understand the first champion of Jack B Yeats and Beckett s chief correspondent and closest friend in the 1930s This much needed reappraisal of MacGreevy the linchpin between the main modernist writers fills missing gaps not only in the story of Irish modernism but in the wider history of the movement **The Theatre of Martin McDonagh** Lilian

Chambers,Eamonn Jordan,2006 With such plays as *The Beauty Queen* 1996 *The Cripple of Inishmaan* 1997 *The Lonesome West* 1997 *A Skull in Connemara* 1997 *The Lieutenant of Inishmore* 2001 and *The Pillowman* 2003 Martin McDonagh has made a huge reputation for himself in ternationally winning multiple awards for his work and enjoying universal critical acclaim Most recently he won an Oscar for his short film *Six Shooter* 2006 This collection of essays is a vital and significant response to the many challenges set by McDonagh for those involved in the production and reception of his work The volume brings together critics and commentators from around the world who assess the work from a diverse range of often provocative approaches What is not surprising is the focus and commitment of the engagement given the controversial and st Whether for or against this is an essential read for all who wish to enter the complex debate about the Theatre of Martin McDonagh **Irish Poetry Since 1950** John Goodby,2000-12-15 Irish Poetry since 1950 is a survey of poetry from

The Poetry of Eavan Boland Pilar Villar-Argaiz, 2008

Pilar Villar Arg iz s sustained meticulous and exacting study of Eavan Boland opens up and articulates in a fresh way the key dimensions of her poetry It succeeds not only in tracking the far reaching ramifications of Eavan Boland s politicized aesthetic as a postcolonial writer but in urging us to revisit the crystalline and precisely etched poems of one of the most significant artists in contemporary Irish culture

Professor Anne Fogarty University College Dublin from the Introduction This monograph is an original and important contribution to the growing body of critical studies devoted to one of Ireland s major living poets Eavan Boland see Haberstroh 1996 Hagen Zelman 2005 It details the controversies that were prompted by the inclusion of Ireland in a postcolonial framework and then tests the application of an array of cogent theories and concepts to Boland s work In an attempt to explore the richness and complexity of her poetry Villar Arg iz discusses the contradictory pulls in her desire to surpass and yet at the same time epitomize Irish nationality Boland s remarkable achievement as a poet lies in her ability to stretch by constant negotiations and re appropriations the borderlines of inherited definitions of nationality and femininity

Chapters include Re examining the postcolonial Gender and Irish studies Towards an understanding of Boland s poetry as minority postcolonial discourse A post nationalist or a post colonial writer Boland s revisionary stance on Mother Ireland To a third space Boland s imposed exile as a young child The subaltern in Boland s poetry Boland s mature exile in the US An Orientalist writer and Conclusion Review

This rigorous and informative exploration of the poetry of Eavan Boland by Pilar Villar Arg iz proves the validity of drawing upon the resources of postcolonial theory to illuminate her work Through the lens of postcolonialism the deep seated preoccupations and complex imaginative foundations of Boland s writing are carefully excavated and interpreted Villar Arg iz moreover in her observant close readings of poems from different phases of the author s oeuvre reveals how recurrent issues such as the problem of national and cultural identity the ethical responsibility of engaging with the past and the quest for fluidity and openness are variously engaged with both aesthetically and philosophically

Villar Arg iz s sustained meticulous and exacting study of Eavan Boland opens up and articulates in a fresh way key dimensions of her poetry It succeeds not only in tracking the far reaching ramifications of Eavan Boland s politicized aesthetic as a postcolonial writer but in urging us to revisit the crystalline and precisely etched poems of one of the most significant artists in contemporary Irish culture
