**Left Illusions** David Horowitz, 2003 I make no apologies for my present position My values have not changed but my sense of what supports them and makes them possible has It was what I thought was the humanity of the Marxist idea that made me what I was it is the inhumanity of what I have seen to be the Marxist reality that has made me what I am David Horowitz

**One Hundred Semesters** William M. Chace, 2014 In *One Hundred Semesters* William Chace mixes incisive analysis with memoir to create an illuminating picture of the evolution of American higher education over the past half century Chace follows his own journey from undergraduate education at Haverford College to teaching at Stillman a traditionally African American college in Alabama in the 1960s to his days as a professor at Stanford and his appointment as president of two very different institutions Wesleyan University and Emory University Chace takes us with him through his decades in education his expulsion from college his boredom and confusion as a graduate student during the Free Speech movement at Berkeley and his involvement in three contentious cases at Stanford on tenure curriculum and academic

freedom When readers follow Chace on his trip to jail after he joins Stillman students in a civil rights protest it is clear that the ideas he presents are born of experience not preached from an ivory tower The book brings the reader into both the classroom and the administrative office portraying the unique importance of the former and the peculiar rituals rewards and difficulties of the latter Although Chace sees much to lament about American higher education spiraling costs increased consumerism overly aggressive institutional self promotion and marketing the corruption of intercollegiate sports and the melancholy state of the humanities he finds more to praise He points in particular to its strength and vitality suggesting that this can be sustained if higher education remains true to its purpose providing a humane and necessary education inside the classroom and out for America s future generations **Guide to the American Left** ,1999 The Mirage of Dignity on the Highways of Human 'Progress' Lukman Harees,2012-01-16 The Modern Man is hypocritically boasting of unprecedented material progress in a world where inter alia millions daily go to bed hungry die or get killed through unwanted wars and preventable causes live in inhumane conditions vulnerable being exploited with ever widening inequality and might still ruling over right in international relations even in the post UDHR era an indictment on the collective conscience of mankind Besides the flame of materialism has been devouring time tested moral values causing chaos within the basic unit in society the family and relegating Man and his dignity to the level of animals and even manipulating his identity Therefore questions arise Is Moral law fading are political economic systems and institutions like UN failing in realizing the lofty goal of affording due dignity basic rights and social justice humanity deserves Can the bystanders be mere onlookers anymore This book seeks to dispassionately survey the yawning gap between the rhetoric and the ground reality in bringing about dignity and social justice for humanity from bystanders perspective in the light of these questions and underlines the imperative need for moral progress to go hand in hand to make Man assume his due role as the trustee on earth It also exhorts bystanders to close ranks as human dignity champions rights defenders identity protectors against onslaughts from power hungry politicians mighty powers and vested interests This is the need of the times and what our future progeny demands *Contemporary Authors New Revision Series* Tracey Watson,2005-06 In response to the escalating need for up to date information on writers Contemporary Authors R New Revision Series brings researchers the most recent data on the worlds most popular authors These exciting and unique author profiles are essential to your holdings because sketches are entirely revised and up to date and completely replace the original Contemporary Authors R entries For your convenience a soft cover cumulative index is sent biannually **The National Review Politically Incorrect Reference Guide** Frederick W. **Unheralded Victory** Mark W. Woodruff,1999 Unheralded Victory is the true but rarely acknowledged history of the defeat of the Viet Cong and North Vietnamese Army at the hands of the American and Allied troops from 1961 through 1973 It chronicles in detail the virtual annihilation of the Viet cong by the late 1960s the book then recounts the first wholesale

introduction of North Vietnamese Army troops onto the battlefield in 1964 and American's response the landing of U.S. ground forces in early 1965 Battle by battle from Ia Drang through Khe Sanh through the Linebacker Operations Unheralded Victory presents a convincing and accurate picture of the American victory Publisher's description Leaders from the 1960s David De Leon, 1994-06-22 The throngs at Woodstock Jane Fonda in Hanoi I Have a Dream burning draft cards fire in the streets these images of the 1960s are still very much alive today What happened to the people and principles that dominated that decade Which leaders from those turbulent years had the most lasting effect on our lives today How well have the principles for which those leaders fought so strongly withstood the test of time This thought provoking biographical dictionary allows the reader to study the leaders both conservative and liberal their ideals and their enduring influence With major sections on racial democracy peace and freedom sexuality and gender the environment radical culture and visions of alternative societies Leaders from the 1960s includes entries on a wide selection of nationally prominent activists of the 1960s In addition to those who dominated only the sixties the volume includes earlier activists who came into prominence in the 1960s and activists of the era who came into prominence since the 1960s Each entry provides a biographical sketch but the focus of the entries is on the person's basic concepts or the essence of his or her work and the public response it generated Included are extensive bibliographies on the individuals and the period Ends and Odds Samuel Beckett, 1976 A collection of one act plays **Subject Guide to Books in Print**, 1993 **Class Divide** Howard Gillette, Jr., 2015-05-21 Members of the Yale College class of 1964 the first class to matriculate in the 1960s were poised to take up the positions of leadership that typically followed an Ivy League education Their mission gained special urgency from the inspiration of John F. Kennedy's presidency and the civil rights movement as it moved north Ultimately these men proved successful in traditional terms in the professions in politics and in philanthropy and yet something was different Challenged by the issues that would define a new era their lives took a number of unexpected turns Instead of confirming the triumphal perspective they grew up with in the years after World War II they embraced new and often conflicting ideas In the process the group splintered In *Class Divide* Howard Gillette Jr draws particularly on more than one hundred interviews with representative members of the Yale class of 64 to examine how they were challenged by the issues that would define the 1960s civil rights the power of the state at home and abroad sexual mores and personal liberty religious faith and social responsibility Among those whose life courses Gillette follows from their formative years in college through the years after graduation are the politicians Joe Lieberman and John Ashcroft the Harvard humanities professor Stephen Greenblatt the environmental leader Gus Speth and the civil rights activist Stephen Bingham Although their Ivy League education gave them access to positions in the national elite the members of Yale 64 nonetheless were too divided to be part of a unified leadership class Try as they might they found it impossible to shape a new consensus to replace the one that was undone in their college years and early adulthood
