sailing ship from Hong Kong to San Francisco for the Golden Gate International Exposition After battling through crew conflicts and frequent delays the Sea Dragon set sail on March 4 1939 Three weeks after embarking the ship encountered a typhoon and disappeared without a trace Richly enhanced with historic photographs Richard Halliburton and the Voyage of the Sea Dragon follows the dramatic arc of this ill fated expedition in fine detail Gerry Max artfully unpacks the tensions between Halliburton and his captain John Wenlock Welch owing much to Welch s homophobia and Halliburton s unconcealed homosexuality And while Max naturally explores the trials and tribulations of preparing constructing and finally launching the Sea Dragon he also punctuates the story with the invasion of China by the Japanese as Halliburton and his letters home reveal an excellent wartime reporter Max mines these documents many of which have only recently come to light as well as additional letters from Halliburton and his crew to family and friends photographs films and tape recordings to paint an intricate portrait of Halliburton s final expedition from inception to tragic end
