book length in depth critical analysis of Ovid Metamorphoses 13 623 14 582 In this unit Ovid by challenging openly the artistry of his great predecessor Vergil redraws the parameters associated with the definition and appreciation of epic poetry The book first introduces the methodological complexity of the Ovidian embrace strategy and subsequently it reads the little Aeneid closely discussing the network of allusions to its prototype It assesses the structure and thematics of each episode in the cluster and traces the recurrence of prominent motifs throughout the Metamorphoses Not least it explores poetics arguing that Ovid s selective incorporation of the Aeneid reproduces the spirit and fundamental ideas of the model in an idiosyncratic sophisticated manner Thou Hast Cast Off the Heart that I Gave Thee ,1866 **W.H. Auden's "The**

**Healing Fountain" Read through A. Aviram's Theory of Poetic Rhythm** Boutheina Boughnim Laarif,2018-04-18 Although Auden has often been hailed as the twentieth century s master of metre and most outstanding practitioner of traditional poetic forms his metrical art still remains a mystery as far as its real significance is concerned This book sheds new light on the enticing appeal of formal poetry which induced Auden into composing in almost every possible stanza form In order to work out a new appreciative assessment of Auden s formal art the book uses Amittai Aviram s theory of poetic rhythm which transcends the common literary critical process based on the rhetorical assessment of rhythm in poetry Aviram s theory clearly revolutionises our common methods of interpretation regarding rhythm rather than meaning as the starting point in reading poetry it is the poem s ideas and theme which express and strengthen rhythm not the other way round Such conception of rhythm as allegorized by meaning images and metaphors breathes new life into the outworn Russian formalist tradition Turning to Auden s poetry today may be said to be urged by both literary and political contexts in an age marked by

uncertainties and an upsurge of violence poetry's voice regrettably reverberates less forcefully sinking into a state of formal loosening As such this book may be said to be prompted by a necessity to revive the interest in Auden's poetry especially given its recent neglect A reconsideration of Auden's conception of the nature of poetry and its status enables us to encrypt his verbal art assess its multiple effects and appreciate the metrical range that has helped the poet handle so subtly his twofold inquiry What is poetry What is its use     The Princess and the Captain Anne-Laure Bondoux,2011-05-04 Malva is the princess of Galnicia destined to marry the Prince of Andemark Or so her parents think On the eve of her wedding she escapes at dead of night from under her parents noses little realising that she is letting herself in for a life of peril and adventure including being shipwrecked in a huge storm and captured as part of a harem Hugely visual the book tells of the wonder of frozen steppes and oriental palaces of sailing ships and treasure islands This is a book of drama magic and excitement where challenges have to be overcome friendships cemented and hearts broken     The Affectionate Shepherd Richard Barnfield,2001 Despite various influential writers and critics high praise of the poetry of Richard Barnfield 1574-1620 his work has long been marginalized in English literary history because of its pervasive homoeroticism Current interest in literary representations of gender and sexuality in dissent from dominant ideologies and in the early modern possibilities of same sexual subjectivities accounts for the renewed interest in Barnfield's poetry This new collection of essays seeks to provide a forum for his evaluation and reinterpretation in accord with his topicality for literary studies today     The Oxford Companion to Classical Civilization Simon Hornblower, Antony Spawforth, Esther Eidinow,2014 This Oxford Companion to the ancient classical world is aimed at the general reader interested in learning more about the very bedrock of Western culture covering such topics as history morals mythology medicine and social life     The Dolphin Rider Bernard Evslin,2023-04-13 The Greek myths are celebrated as timeless stories in this collection by renowned author Bernard Evslin The Dolphin Rider is Arion who lives in Corinth a city near the sea He longs to go on great adventures but an oracle warns that if he embarks on a voyage he will never return When Apollo the god of music gives Arion a golden lyre for his twentieth birthday Arion ignores the oracle's words and sets sail for Sicily Everyone falls in love with his singing and great treasures are heaped on him but Arion is forced to contend with an unexpected foe man's greed The Gift of Fire introduces Prometheus the young giant who fears no one including Zeus mighty ruler of gods and men However when Prometheus vows to bring his precious gift to every cave in the land he makes multiple deadly enemies This collection also features stories about Narcissus destined to fall in love with his own beautiful reflection King Midas who loves only gold Cupid who must suffer the consequences when he is struck down by love and the fatally curious Pandora     There's a Home Beyond the River ,1868     **Burlington Fine Arts Club** Alfred William Hunt,1897
