Prism of Truth Anthony O'Hear, 2024-04-16 An ultimate God being transcendent is beyond description in literal terms our knowledge of the divine nature must be indirect A prime means of such an indirect approach to the divine is through the religious mythologies that have captivated humankind throughout recorded time and even earlier After considering the limitations of scientific thinking in dealing with questions of ultimate meaning and value Anthony O'Hear argues that we should be open to taking religious mythologies seriously We could and probably should see each of these mythologies as partial revelations each capturing some aspect of the divine They aim at truth and should be valued as such for their own particular insights and traditions of practice but no single myth can capture the whole truth Each is necessarily filtered through fallible human imagery and thought So while respecting and prioritizing our own favored myth we should also be open to illumination from myths originating in different times and cultures for their own unique vision and approach

Pleiadian Initiations of Light Christine Day, 2010-01-01 *Mind Body Spirit* *Future Directions in Intermediality and Multimodality* Signe Kjaer Jensen, Matilda Davidsson, 2025-07-11 This collection brings together leading scholars across disciplines to reflect on the relationship between intermediality and multimodality and future directions for the contemporary mediascape building on a 2022 Linnaeus University lecture series honouring the legacy of Lars Elleström following his untimely death in December 2021 The volume contributes to ongoing dialogues about media and society the challenges and opportunities for academia to engage with developments in the evolving mediascape and interdisciplinary pathways towards engaging with these questions Each chapter features an established figure in such fields as multimodality intermediality semiotics narratology art history and adaptation studies Each essay is prefaced with an introduction by the editors and bookended with a discussion transcribed from the original live presentations A concluding chapter looks ahead to future directions opening new lines of inquiry around the possibilities for intermediality and multimodality research towards continuing to build on Elleström's seminal work in the field This book will be of interest to scholars in multimodality intermediality and media and communication studies The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under an Attribution Non Commercial No Derivative Licence CC BY NC ND 4.0 license

Shelley Among Others Stuart Peterfreund, 2002 This is a comprehensive reading of Shelley's oeuvre through the lens of developments in literary and psychoanalytic theory The author provides though provoking readings of well known works and also explores less familiar pieces **The Network Society** Dirk Messner, 1997 Noting that the globalization of the economy has become an irreversible universally dominant trend the author argues that the countries that will meet with the greatest success at the century's end will not be unleashed market economies but rather what he terms active and learning societies that attempt to solve their problems on the basis of an organizational and governance related pluralism Lacks an index Distributed by ISBS Annotation copyrighted by Book News Inc Portland OR **Following Rabbi Jesus** Phil Needham, 2018-01-24 Following Rabbi Jesus is a surprising exposure of who the Jesus we find in the Gospels really is what he

teaches those who dare to follow him and how he models what it means to live God's radical kingdom way The reader of the book will discover in this exploration a very different Jesus from the celebrity or hero of much popular church culture the tame ineffective Jesus of compromised Christianity and the inaccessible conceptual Christ of much academic theology The reader who takes the chance of honestly engaging the Jesus we meet in the Gospel stories may find an engaging and liberating contrast to the life he is now living He may even want to make a turn or two and start over Empirical Paradox, Complexity Thinking and Generating New Kinds of Knowledge Paolo Grigolini, Korosh Mahmoodi, Bruce J. West, 2019-06-05 Is another world war inevitable The answer is a resounding yes if we continue to think in terms of either or outcomes Adversaries think in such terms you either get what you want or you do not Can a different way of thinking produce a different outcome This book shows that the consistency demanded by the linear logical either or thinking is disrupted by paradox whose resolution forces a consequent decision war or peace with no middle ground If this were the only way of thinking then a person would be either a protagonist or an antagonist but a person can be both either or neither this opens the door to novel solutions This is both and thinking which the book shows can be achieved by a dynamic resolution of paradox Thus a basically selfish individual can also be a hero a consequence of the complexity of being human

Imagining God Garrett Green, 1998 Garrett Green examines the point at which divine revelation and human experience meet where the priority of grace is acknowledged while allowing its dynamics to be described in analytical and comparative terms as a religious phenomenon *Dialogue and Deconstruction* Diane P. Michelfelder, Richard E. Palmer, Professor Richard E Palmer, 1989-01-01 Text of and reflection on the 1981 encounter between Hans Georg Gadamer and Jacques Derrida which featured a dialogue between hermeneutics in Germany and post structuralism in France **Fidelity of Betrayal** Peter Rollins, What if one of the core demands of a radical Christianity lay in a call for its betrayal while the ultimate act of affirming God required the forsaking of God And what if fidelity to the Judeo Christian Scriptures demanded their renunciation In short what would it mean if the only way of finding real faith involved betraying it with a kiss Employing the insights of mysticism and deconstructive theory *The Fidelity of Betrayal* delves into the subversive and revolutionary nature of a Christianity that dwells within the church while simultaneously undermining it Light, Love, Light, Shalom Steven Steinberg, 2011-11-11 The Heart of the Universe Brandon W. Forbes, Mu Soeng, 2010-10 This is the bold and intriguing assertion of the Heart Sutra a text of seminal importance to the Buddhist tradition made even more fascinating by its deep resonance with the cutting edges of quantum physics and cognitive science In spare and approachable language *The Heart of the Universe* deftly explores this gem of world religious literature from a variety of perspectives historical spiritual linguistic and scientific each serving to interdependently illuminate the other **The Heart of the Universe** Mu Soeng, 2010-03-02 Though *The Heart Sutra* is an ancient Buddhist scripture scholars are now discovering how it offers insight into the nature of an ultimate reality perceived through intuitive wisdom Fascinatingly quantum physicists are

increasingly discovering interesting parallels between science and the basic insights of The Heart Sutra In this important offering Mu Soeng shows how the intellectual and the intuitive can begin to meet In offering a commentary on this important piece of the world s great religious literature The Heart of the Universe establishes a broad context to encounter The Heart Sutra on many levels historical spiritual and empirical each serving to interdependently illuminate the other **The Interior Castle: Study Edition** St Teresa of Avila,2020-11-27 The Interior Castle is considered St Teresa of Avila s masterpiece She wrote this last work in just a few months in 1577 five years before her death At this point in her life she had been granted the highest mystical graces this book is the fruit of her lived experience and a deep felt praise of God for it More than a book The Interior Castle is a powerful image of the mystery of the human person It is in a very real sense Teresa s soul Using the image of a castle Teresa describes the soul s progressive inner journey through seven dwelling places until finally reaching the center where now transformed it is united with God Reading the works of Teresa herself is indispensable This second revised study edition has been completely redesigned as a springboard to reading and understanding Teresa s text The book presents a chapter of The Interior Castle itself followed by a review of the development of her thought and the principal ideas in each chapter Interpretive notes after each chapter cover doctrine history and sociology Expanded questions for reflection and or discussion conclude each chapter A glossary of terms offers definitions as well as their specific and sometimes unique meaning in Teresa s writings Comprehensive indexes of key themes and figures castle imagery and biblical references make this volume an indispensable reference resource Then because Teresa always wanted her writings to be in harmony with Scripture the study edition offers a biblical index that lists by page number scriptural texts or allusions to them found in Teresa s writings With its combination of Teresa s text and modern commentary and notes The Interior Castle Study Edition demonstrates how contemporary church teachings are reflected in Teresa s basic concepts and principles of the spiritual life and how modern readers can apply these perennially rich teachings to our lives today
