Deep Delta Country Harnett Thomas Kane,1944 Deep Delta Country Harnett Thomas Kane,1944 **Leander Perez, Boss of the Delta** Glen Jeansonne,2006 Leander Perez 1891 1969 was more than simply another Neanderthal segregationist He was a political boss who held absolute power in Plaquemines Parish to an extent unsurpassed by any parish leader in Louisiana s history Leander Perez Boss of the Delta is his full history A bit of a social reformer a political figure of national stature an oil tycoon worth millions of dollars Perez was known to one and all including himself as the Judge although the office he held for most of his career was that of district attorney He got his political start in the early 1920s when Huey Long was beginning to attract statewide attention But even after Long was gunned down in 1935 the Judge continued to dominate life in the lower delta for thirty four years until he died from a heart attack in 1969 Above all Perez relished power and the essence of his might lay in his skill as a backroom broker and in his personal friendships with such idologues as J Strom Thurmond Ross Barnett Lester Maddox Orval Faubus and George Wallace his grip on the parish was partly economic and partly political and it was enforced by an iron will stronger than the will of any other man in the lower delta

Congressional Record United States. Congress,1944 Bob Dylan: 1962 - 1970 Opher Goodwin,2025-10-07 Bob Dylan is the magician who sprinkled poetic fairy dust onto the popular music of the early sixties His songwriting sparked a revolution and changed rock music forever The diminutive poet singer claimed he was merely a song and dance man but Dylan altered popular music from intellectually bereft teenage rebellion into a serious adult art form worthy of academic study Dylan headed for the sixties as a Little Richard rock n roller but soon turned acoustic folkie After absorbing the music and words of Woody Guthrie Robert Johnson and Brecht he became a vagabond social troubadour Basking in Rimbaud he transformed into a poetic symbolist before later immersing himself in lysergic beat surrealism The chameleon of Dylan in the sixties was bewildering to his followers His first album was a raw debut folk blues He followed this with three acoustic poetic gems three ground breaking surreal electric wonders and four that were more mundane and country tinged But by the mid sixties he was a strung out polka dotted rock star He crashed physically and mentally before leaving the sixties as a clean cut country crooner Dylan had mutated more times than a trilobite Dylan s ground breaking music changed the world and his amazing story is revealed by exploring the eleven albums that he released between 1962 and 1970 Opher Goodwin is the author of many books on rock music and science fiction and taught the first History of Rock Music classes in the UK He was fortunate to spend the sixties in London the epicentre for the underground explosion of rock music and culture where he was able to see everyone from Pink Floyd Hendrix and Cream to The Doors Captain Beefheart and Roy Harper He now lives happily in East Yorkshire UK **The Foreign Aid Program** United States.
