Christian Mysticism Dr Kevin Magill, Dr Louise Nelstrop, Mr Bradley B Onishi, 2013-06-28 This book introduces students to Christian mysticism and modern critical responses to it Christianity has a rich tradition of mystical theology that first emerged in the writings of the early church fathers and flourished during the Middle Ages Today Christian mysticism is increasingly recognised as an important Christian heritage relevant to today's spiritual seekers The book sets out to provide students and

other interested readers with access to the main theoretical approaches to Christian mysticism including those propounded by William James Steven Katz Bernard McGinn Michael Sells Denys Turner and Caroline Walker Bynum It also explores postmodern re readings of Christian mysticism by authors such as Jacques Derrida Jean Luc Marion and Jean Fran ois Lyotard The book first introduces students to the main themes that underpin Christian mysticism It then reflects on how modern critics have understood each of them demonstrating that stark delineation between the different theoretical approaches eventually collapses under the weight of the complex interaction between experience and knowledge that lies at the heart of Christian mysticism In doing so the book presents a deliberate challenge to a strictly perennialist reading of Christian mysticism Anyone even remotely familiar with Christian mysticism will know that renewed interest in Christian mystical writers has created a huge array of scholarship with which students of mysticism need to familiarise themselves This book outlines the various modern theoretical approaches in a manner easily accessible to a reader with little or no previous knowledge of this area and offers a philosophical theological introduction to Christian mystical writers beyond the patristic period important for the Latin Western Tradition

The Riddle of Christian Mystical Experience Paul Mommaers, 2003 A distinctive feature of mystical experience is that it is imageless Mystics of various traditions witness indeed to their going beyond all intermediaries so as to enjoy immediate union Understandably the idea of imageless immediacy is attractive and it is especially in vogue with those who hope to discover that different religious spiritualities converge if only the particularity of say the Christian way would be left behind However a crucial question arises here If mystical union consists in simply transcending what is part and parcel of the human

condition where is its relevance Is the mystic as such in a position to be his or her human self thinking and loving enjoying and suffering Can he or she be active in the world of humankind Obviously it is especially in the Christian tradition that this matter comes to the fore as a radical difficulty For here there is the divine Image and Mediator so much so that the Humanity of Jesus ought to be integral to a person s union with God Perhaps the Christian mystic is such an extraordinary figure that the Humanity and all other images and intermediaries are for him or her at best a stepping stone that is bound to disappear The Riddle of Christian Mystical Experience aims to clarify this issue by analyzing the writings of such visionaries as Julian of Norwich Teresa of Avila and Maria Petyt of the ecstasy minded masters Richard of Saint Victor Bernard of Clairvaux and Bonaventure describing Francis of Assisi s experience of the cream of the Flemish mystics namely Hadewijch and Jan van Ruusbroec Nevertheless the preference for the mystical text does not prevent the Riddle from drawing on the insights of modern philosophers such as Jean Paul Sartre and Jean Luc Marion when treating of images and idols or Michael Polanyi and Ludwig Wittgenstein when reflecting on intermediaries The main result of this procedure may come as a surprise Far from turning into a detached creature who forgets about the Humanity and the human the full fledged mystic is as a Flemish mystic puts it wholly in God where he rests in enjoyment and wholly in himself where he loves with works Experiencing union with intermediary and without intermediary the true Christian mystic is unimaged as well as imaged upon the humanity of our Lord through heartfelt affection

The Essentials of Mysticism Evelyn Underhill,2017-03-02 Offering different essays of the practice of mysticism Underhill gives a thorough treatment of the practice that relies on experience rather than logic to justify the matters of faith While a dangerous path to follow as it can quickly lead to paths away from God this thinking is valid to a point in that we must be able to experience the fullness of God in some way to be fully alive in the realization of who God the Father is

Pentecostalism as a Christian Mystical Tradition Castelo, Daniel, 2017 Informed reassessment of Pentecostalism as a mystical tradition of the church universal Pentecostalism says Daniel Castelo is commonly framed as evangelicalism with tongues or dismissed as simply a revivalist movement In this book Castelo argues that Pentecostalism is actually best understood as a Christian mystical tradition Taking a theological approach to Pentecostalism Castelo looks particularly at the movement's methodology and epistemology as he carefully distinguishes it from American evangelicalism Castelo displays the continuity between Pentecostalism and ancient church tradition creating a unified narrative of Pentecostalism and the mystical tradition of Christianity throughout history and today Finally he uses a test case to press the question of what the interactions between mystical theology and dogmatics could look like
