Deep Woods John Burroughs, 1998-05-01 John Burroughs is generally credited with having popularized the American nature essay as a literary genre. He journeyed to Yellowstone with President Theodore Roosevelt and hiked around the Grand Canyon and the Yosemite Valley with John Muir. Collected here are natural history essays from the books that span Burroughs's most productive years from 1871 to 1912. In these essays Burroughs writes of the seasons of his beloved Catskill Mountains, the Adirondacks, the Maine woods, and the far west of Yosemite and coastal Alaska. Burroughs set the tone for a literary tradition that continues today. As Richard F. Fleck notes in the introduction, "Surely all American nature writers owe some debt to John Burroughs who takes the reader along the trail and gives him the sight, sound, and scent of the deep woods."

The Deep Wood Celia Roman, 2017-02-17 When my boy Henry was killed, I tracked a pooka through the deep wood for three days with no food in my gut and only my daddy's hunting knife for comfort. Was what got me into the monster-killing business that pooka and I ain't regretted a single day of it since. The day I stumbled on a four-legged critter with human eyes, the rightness of my revenge begun to unravel, leading me to a clan of two-natured shifters who'd been living under my nose the whole time. And when the two-natured started showing up in odd places, stalking humans in a very unnatural way, weren't nothing I could do but dig to the bottom of it. And what I found turned my world and everything I knowed upside down. A Magic Mayhem Monsters Story

showcasing Eastman's mastery of storytelling. The prose is rich and lyrical, capturing the beauty and complexity of Sioux traditions while simultaneously reflecting on the tumultuous transition that Indigenous peoples faced during the late 19th and early 20th centuries. Together, the books serve as profound testaments to the resilience of Indigenous identity in the face of colonial pressures. Charles Eastman, a Sioux physician educated at Dartmouth College, was not only a pioneer in his field but also a passionate advocate for Native American rights. His upbringing in a traditional Sioux community imbued him with a deep understanding of Indigenous customs, which influenced his writings. Eastman's unique position, bridging both Native and Western cultures, provides valuable insight into the cultural struggles facing his community as he sought to articulate their narratives within a rapidly changing world. This dual volume work is highly recommended for readers interested in Indigenous studies, American history, and the art of storytelling. Eastman's rich narrative not only informs but also challenges stereotypes, offering readers an authentic glimpse into Native American life. It is essential for anyone seeking to understand the historical context and enduring spirit of the Sioux people.

Deep Woods Frontier Theodore J. Karamanski, 1989 Examines the interplay between men and technology in the lumbering of Michigan's rugged Upper Peninsula. In *Deep Woods Frontier*, Theodore J. Karamanski examines the interplay between men and technology in the lumbering of Michigan's rugged Upper Peninsula. Three distinct

periods emerged as the industry evolved The pine era was a rough pioneering time when trees were felled by axe and floated to ports where logs were loaded on schooners for shipment to large cities When the bulk of the pine forests had been cut other entrepreneurs saw opportunity in the unexploited stands of maple and birch and harnessed the railroad to transport logs Finally in the pulpwood era weed trees despised by previous loggers are cut by chain saw and moved by skidder and truck Narrating the history of Michigan s forest industry Karamanski provides a dynamic study of an important part of the Upper Peninsula s economy
