The Man Behind the Bridge Peter Davies,2013-12-17 Lieutenant Colonel Philip Toosey was the senior British officer concerned with the building of the notorious Bridge over the River Kwai Toosey understood from the very beginning that the only real issue was how to ensure that as many of his men as possible should survive their captivity Many thousands who knew how Toosey stood up to their oppressors at great personal risk were incensed by Alec Guinness's brilliant portrayal of Colonel Nicholson in the film version of Boulle's book This book provides an accurate historical account of the terrible events during which more than 16 000 PoWs died while building the Thai Burma railway of which the bridge formed an essential part A memorial to Toosey this book is also a definitive history of the building of the railway in the context of the Far Eastern theatre of World War II First published in 1991 this title is part of the Bloomsbury Academic Collections series *Defence and Decolonisation in South-East Asia* Karl Hack,2013-12-16 This book explains why British defence policy and practice emerged as it did in the period 1941 67 by looking at the overlapping of colonial military economic and Cold War factors in the area Its main focus is on the 1950s and the decolonisation era but it argues that the plans and conditions of this period can only be understood by tracing them back to their origins in the fall of Singapore Also it shows how decolonisation was shaped not just by British aims but by the way communism communalism and nationalism facilitated and frustrated these *Defence and Decolonisation in Southeast Asia* Karl Hack,2001 This text explains British defence policy by examining the overlapping of colonial military economic and Cold War factors in Southeast Asia **No Mercy from the Japanese** John Wyatt,Cecil Lowry,2009-04-21 By the laws of statistics John Lowry should not be here today to tell his story He firmly believes that someone somewhere was looking after him during those four years Examine the odds

stacked against him and his readers will understand why he hold this view During the conflict in Malaya and Singapore his regiment lost two thirds of its men More than three hundred patients and staff in the Alexandra Military hospital were slaughtered by the Japanese he was the only known survivor Twenty six percent of British soldiers slaving on the Burma Railway died More than fifty men out of around six hundred died aboard the Aaska Maru and the Hakasan Maru Many more did not manage to survive the harshest Japanese winter of 1944 45 the coldest in Japan since record began Johns experiences make for the most compelling and graphic reading The courage endurance and resilience of men like him never ceases to amaze

Leadership and Responsibility in the Second World War Robert Vogel, 2004 Leadership is crucial in every conflict and the willingness to accept responsibility is a vital dimension of leadership Leadership and Responsibility in the Second World War examines of how well political diplomatic and military leaders particularly in Great Britain handled the daunting challenge of a worldwide conflagration It seeks to determine if a connection can be delineated between leadership responsibility success and failure specifically if any connection can be found between reluctance to shoulder responsibility and failure to produce results In so doing the authors challenge widely accepted views on major wartime controversies such as the role of Neville Chamberlain and his Conservative Party at the outbreak of the war the reasons why the British failed to reach an alliance with the Soviet Union in 1939 and the motives that drove Claus von Stauffenberg to attempt to assassinate Adolf Hitler Leadership and Responsibility in the Second World War provokes reflection about questions of character context and circumstances in wartime leadership
