Defeat Of The Bird God:

Defeat of the Bird God C. Peter Wagner, 1969 *The Origins of Maya States* Loa P. Traxler, Robert J.

Sharer, 2016-10-28 The Pre Columbian Maya were organized into a series of independent kingdoms or polities rather than unified into a single state The vast majority of studies of Maya states focus on the apogee of their development in the classic period ca 250 850 C E As a result Maya states are defined according to the specific political structures that characterized classic period lowland Maya society The Origins of Maya States is the first study in over 30 years to examine the origins and development of these states specifically during the preceding preclassic period ca 1000 B C E to 250 C E Attempts to understand the origins of Maya states cannot escape the limitations of archaeological data and this is complicated by both the variability of Maya states in time and space and the interplay between internal development and external impacts To mitigate these factors editors Loa P Traxler and Robert J Sharer assemble a collection of essays that combines an examination of topical issues with regional perspectives from both the Maya area and neighboring Mesoamerican regions to highlight the role of interregional interaction in the evolution of Maya states Topics covered include material signatures for the development of Maya states evaluations of extant models for the emergence of Maya states and advancement of new models based on recent archaeological data Contributors address the development of complexity during the preclassic era within the Maya regions of the Pacific coast highlands and lowlands and explore preclassic economic social political and ideological systems that provide a developmental context for the origins of Maya states Contributors Marcello A Canuto John E Clark Ann Cyphers Francisco Estrada Belli David C Grove Norman Hammond Richard D Hansen Eleanor King Michael Love Simon Martin Astrid Runggaldier Robert Sharer Loa Traxler **Behold the Black Caiman** Lucas Bessire, 2014-10-24 In 2004 one of the world's last bands of voluntarily isolated nomads left behind their ancestral life in the dwindling thorn forests of northern Paraguay fleeing ranchers bulldozers Behold the Black Caiman is Lucas Bessire's intimate chronicle of the journey of this small group of Ayoreo people the terrifying new world they now face and the precarious lives they are piecing together against the backdrop of soul collecting missionaries humanitarian NGOs late liberal economic policies and the highest deforestation rate in the world Drawing on ten years of fieldwork Bessire highlights the stark disconnect between the desperate conditions of Ayoreo life for those out of the forest and the well funded global efforts to preserve those Ayoreo still living in it By showing how this disconnect reverberates within Ayoreo bodies and minds his reflexive account takes aim at the devastating consequences of our society's continued obsession with the primitive and raises important questions about anthropology's potent capacity to further or impede indigenous struggles for sovereignty The result is a timely update to the classic literary ethnographies of South America a sustained critique of the so called ontological turn one of anthropology's hottest trends and above all an urgent call for scholars and activists alike to rethink their notions of difference **Defeat of the Bird God. printing.) [With illustrations, including portraits and maps.] C. Peter Wagner,Bill PENCILLE,1968 **Myths of Enki, The Crafty God** Samuel Noah Kramer,John Maier,2020-08-18 This ambitious and well researched study brings together for the first time translations of the ancient literature concerning the Sumerian god Enki one of four gods and goddesses who comprised the highest level of the Sumerian pantheon The very existence of these writings which date from the Third Millennium B C was unknown until about 100 years ago when their cuneiform script was deciphered Since then it has become apparent that Sumerian literature had a profound and enduring influence on both Biblical and classical Greek literature and so on the literature of the western world as a whole Kramer one of the world s leading sumerologists has prepared these translations from among the scores of works he has published over the last fifty years John Maier provides a full interpretive framework that places the translations in their broader comparative cultural context This rare collection will be of interest to students and scholars in a wide range of disciplines from Near Eastern and Biblical Studies to Mythology and Comparative Literature **Defeat of the Bird God** C. Peter Wagner,1967 The Ancient Maya Virginia Schomp,2010 Explores the mythology of the ancient Maya one of history s greatest civilizations The Old Enemy Neil Forsyth,2020-06-30 The description for this book The Old Enemy Satan and the Combat Myth will be forthcoming **The Sola Scriptura Challenge** Brian E. Barnes,2022-12-01 Before it was written there were a wide variety of views about the end of time held across different Jewish movements Historically there have been four main methods of interpretation in both Judaism and Christianity of which we see all on display in the New Testament The controversy around interpretation of prophecy existed in the days of Jesus led some to reject Christ was not resolved by the Protestant Reformers and still divides our churches today This book looks at how we got here and proposes a way we should all move forward together Using only the Scriptures the sola scriptura approach challenges us to understand what the original audience of the letter from John would have understood By identifying singularities and parallels within the book built from years of research and verse by verse exegetical study we will see how it is the fulfillment of the hopes and expectations of the Hebrew prophets and the early church *Handbook to Life in Ancient Mesopotamia* Stephen Bertman,2005-07-14 Modern day archaeological discoveries in the Near East continue to illuminate man s understanding of the ancient world This illustrated handbook describes the culture history and people of Mesopotamia as well as their struggle for survival and happiness **The Social and Military Position of the Ruling Caste in Ancient India** Edward Washburn Hopkins,1889 *A Lasting Vision* Yigal Bronner,2023 A Lasting Vision is dedicated to the Mirror of Literature a Sanskrit treatise on poetics composed by Dandin in south India c 700 CE and to its remarkable transcontinental career The Mirror was adapted and translated into many Asian languages and became a classical text and a source of constant engagement and innovation often well into the modern era **Art and Myth of the Ancient Maya** Oswaldo Chinchilla Mazariegos,2017-04-25 Cover Half Title Title Copyright Dedication Contents Acknowledgments Note on Translations and Orthography Introduction 1 Image and Text 2 Pictorial and

Lives of the Gods: Divinity in Maya Art Joanne Pillsbury,Oswaldo Chinchilla Mazariegos,James A. Doyle,2022-11-14 An introduction to the complex stories of Mesoamerican divinity through the carvings ceramics and metalwork of the Maya Classic period Lives of the Gods reveals how ancient Maya artists evoked a pantheon as rich and complex as the more familiar Greco Roman Hindu Buddhist and Egyptian deities Focusing on the period between A D 250 and 900 the authors show how this powerful cosmology informed some of the greatest creative achievements of Maya civilization

The Eloquent Tyrant Pamela Klasova,2025-12-16 In The Eloquent Tyrant Pamela Klasova presents a cultural history of speech in the early Islamic empire examining the relationship between the spoken word and power through the oratorical practice of the powerful governor of Iraq al ajj j b Y suf al Thaqaf d 714 The governor is remembered both as one of the most eloquent rulers of his age and as one of the worst tyrants in Islamic history Klasova contends that oratory was inextricably connected with imperial rule and that the governor despite the deeply ingrained image of him as a bloodthirsty tyrant relied not only on military force but also on a robust machinery of cultural power Drawing on a multiplicity of voices from al ajj j s milieu including rebellious poets non elite orators and women Klasova portrays the Umayyad world in full color She challenges al ajj j s one dimensional image in both medieval and modern sources and makes a compelling case for reintegrating Arabic literature into the study of Islamic history

Revelation G. K. Beale,David Campbell,2015-01-02 G K Beale s monumental New International Greek Testament Commentary volume on Revelation has been highly praised since its publication in 1999 This shorter commentary distills the superb grammatical analysis and exegesis from that tome over 1 300 pages into a book more accessible and pertinent to preachers students and general Christian readers As in the original commentary Beale views Revelation as an integrated whole as a conscious continuation of the Old Testament prophetic books and shows that recognizing Revelation s nearly constant use of Old Testament allusions is key to unlocking its meaning Interspersed throughout the volume are more than sixty sets of Suggestions for Reflection to help readers better grasp the relevance of Revelation to their lives and our world today
