Debating Empire Stanley Aronowitz, 2003-12-17 This text draws together the debate surrounding Hardt and Negri's Empire
Key Debates in New Political Economy Anthony Payne, 2006-09-27 This textbook provides a short challenging and informative overview of the major intellectual debates within the field of political economy over the last decade

Transgression as a Mode of Resistance Christina R. Foust, 2010-06-22 Since industrialization two major theoretical perspectives have accompanied the vibrant practice of social change. The first hegemony emerged as a less deterministic route to revolution from Marxist theory and forms the common sense of social movement today. Within hegemonic resistance rhetoric links issues, ideas, and identities to form a recognizable collective agent whose aim is to transform the status quo into its vision of the world. The second major mode of resistance, transgression, grows from anarchist and autonomous resistance to capitalism. Transgression attempts to free individuals' uniqueness and creative power by deconstructing authority and explicating the body in resistance. **Transgression as a Mode of Resistance: Rethinking Social Movement in an Era of Corporate Globalization** provides the conceptual mapping for scholars, students, and practitioners to participate in the growing debate between these rich and powerful forces of social change. Through a broad perspective on philosophy and history, Christina R. Foust demonstrates that hegemony and transgression are sometimes conflicting, oftentimes interrelated practices. She responds to critics who believe that without a social change agent, resistance appears baseless and naive; without a representational economy to cohere and express common interests, social movement is impossible. Through alternative social relationships and political performances, transgressive resisters may reinvent daily life.
Performing Marx Bradley J. Macdonald, 2012-02-01 *Performing Marx* looks at what it means to be a Marxist dealing with contemporary political and theoretical developments in the twenty-first century. Drawing upon Marx's work, Western Marxism, and poststructuralist theory, Bradley J. Macdonald explores how a living tradition of Marx's ideas can constructively engage a politics of desire and pleasure, ecological sustainability, a politics of everyday life that takes seriously popular culture, and the nature of globalization and of the radical forces being arrayed against the logics of global capitalism. By engaging such crucial issues, Macdonald also provides important clarifications of the work of William Morris, Guy Debord, and the Situationists, Michel Foucault, Antonio Negri, Ernesto Laclau, and Chantal Mouffe as they relate to Marx.
The Routledge Handbook of

Biopolitics Sergei Prozorov, Simona Rentea, 2016-08-05 The problematic of biopolitics has become increasingly important in the social sciences. Inaugurated by Michel Foucault's genealogical research on the governance of sexuality, crime, and mental illness in modern Europe, the research on biopolitics has developed into a broader interdisciplinary orientation addressing the rationalities of power over living beings in diverse spatial and temporal contexts. The development of the research on biopolitics in recent years has been characterized by two tendencies: the increasingly sophisticated theoretical engagement with the idea of power over and the government of life that both elaborated and challenged the Foucauldian canon; e.g. the

work of Giorgio Agamben Antonio Negri Roberto Esposito and Paolo Virno and the detailed and empirically rich investigation of the concrete aspects of the government of life in contemporary societies Unfortunately the two tendencies have often developed in isolation from each other resulting in the presence of at least two debates on biopolitics the historico philosophical and the empirical one This Handbook brings these two debates together combining theoretical sophistication and empirical rigour The volume is divided into five sections While the first two deal with the history of the concept and contemporary theoretical debates on it the remaining three comprise the prime sites of contemporary interdisciplinary research on biopolitics economy security and technology Featuring previously unpublished articles by the leading scholars in the field this wide ranging and accessible companion will both serve as an introduction to the diverse research on biopolitics for undergraduate students and appeal to more advanced audiences interested in the current state of the art in biopolitics studies

Foundations of Critical Media and Information Studies Christian Fuchs, 2011-03-01 Foundations of Critical Media and Information Studies lays down foundations for the analysis of media information and information technology in 21st century information society as well as introducing the theoretical and empirical tools necessary for the critical study of media and information Christian Fuchs shows the role classical critical theory can play for analyzing the information society and the information economy as well as analyzing the role of the media and the information economy in economic development the new imperialism and the new economic crisis The book critically discusses transformations of the Internet web 2 0 introduces the notion of alternative media as critical media and shows the critical role media and information technology can play in contemporary society This book provides an excellent introduction to the study of media information technology and information society making it a valuable reference tool for both undergraduate and postgraduate students of subjects such as Media Studies Sociology of Media Social Theory and New Media

Contemporary Italian Political Philosophy Antonio Calcagno, 2015-07-06 Italy has a rich philosophical legacy and recent developments and movements in its political philosophy have produced a significant body of thought by internationally renowned philosophers working on questions and themes such as the critique of neoliberalism statehood politics and culture feminism community the stranger and the relationship between politics and action This volume brings this conversation to English language readers considering well known Italian philosophers such as Vattimo Agamben Esposito and Negri as well as philosophers with whom English language readers are less acquainted such as Luce Fabbri Adriana Cavarero and Lea Melandri In addition the essays extend the conversation beyond the realm of Italian philosophy bringing its thinkers into dialogue with philosophical figures including Badiou Marx Merleau Ponty Deleuze and Guattari Adorno Arendt Foucault Wittgenstein and

the Peruvian historian and sociologist Anibal Quijano *Literary Criticism in the 21st Century* Vincent B. Leitch, 2014-08-28 For more than a decade literary criticism has been thought to be in a post theory age Despite this the work of thinkers such as Derrida Deleuze and Foucault and new writers such as Agamben and Ranciere continue to be central to literary studies Literary Criticism in the 21st Century explores the explosion of new theoretical approaches that has seen a renaissance in theory and its importance in the institutional settings of the humanities today Literary Criticism in the 21st Century covers such issues as The institutional history of theory in the academy The case against theory from the 1970s to today Critical reading theory and the wider world Keystone works in contemporary theory New directions and theory's many futures Written with an engagingly personal and accessible approach that brings theory vividly to life this is a passionate defence of theory and its continuing relevance in the 21st century *From Policemen to Revolutionaries: A Sikh Diaspora in Global Shanghai, 1885-1945* Yin Cao, 2017-10-10 From Policemen to Revolutionaries uncovers the less known story of Sikh emigrants in Shanghai in the late nineteenth and early twentieth centuries Yin Cao argues that the cross border circulation of personnel and knowledge across the British colonial and the Sikh diasporic networks facilitated the formation of the Sikh community in Shanghai eventually making this Chinese city one of the overseas hubs of the Indian nationalist struggle By adopting a translocal approach this study elaborates on how the flow of Sikh emigrants largely regarded as subalterns initially strengthened but eventually unhinged British colonial rule in East and Southeast Asia **Criminology, Civilisation and the New World Order** Wayne Morrison, 2013-10-18 Expertly authored by the co editor of the best selling text Cultural Criminology Unleashed this book re examines criminology in a global context Wide ranging and up to date it covers the topics of colonialism and post colonialism genocide state control the impact of September 11th and the post 9 11 world Exploring the relationship between a modern discipline and modernity it reworks the history and composition of criminology in light of September 11th and the prevalence of genocide in modernity Analyzing statistics anthropology and the everyday assumptions of criminology's history this text addresses the political and scholarly grip on the territorial state and the absence of a global criminology Rejecting the prevalent belief that September 11th and the responses it evoked were exceptions that either destroyed or revealed the absence of global legal order the author argues that in fact they confirm the nature of the world order of modernity A compelling and topical volume this is a must read for anyone interested or studying in the areas of criminology and criminal justice *Autonomy* David Eden, 2016-04-08 Autonomy Capital Class and Politics explores and critiques one of the most dynamic terrains of political theory sometimes referred to as Autonomist Marxism or post Operaismo This theory shot to prominence with the publication of Empire by Hardt and Negri and has been associated with cutting edge developments in political and cultural practice yet there exists no work that critically examines it in its contemporary breadth Taking three divergent manifestations of Autonomist Marxism found in the works of Antonio Negri and Paulo Virno the Midnight Notes Collective and John Holloway David Eden examines how each approach questions the

nature of class and contemporary capitalism and how they extrapolate politics Not only is such juxtaposition both fruitful and unprecedented but Eden then constructs critiques of each approach and draws out deeper common concerns Suggesting a novel rethinking of emancipatory praxis this book provides a much needed insight into the current tensions and clashes within society and politics *The Oxford Handbook of International Relations* Christian Reus-Smit,Duncan Snidal,2010-07

This Oxford Handbook assembles the world s leading scholars in International Relations to present diverse perspectives about purposes questions theories and methods It will become the first point of reference for scholars and students interested in these key issues **The Routledge Companion to Iberian Studies** Javier Muñoz-Basols,Manuel Delgado

Morales,Laura Lonsdale,2017-03-16 This book provides a comprehensive state of the art account of the field reaffirming Iberian Studies as a dynamic and evolving discipline offering promising areas of future research It is an essential tool for research in Iberian Studies *Inhuman Conditions* Pheng Cheah,2009-07-01 Through an examination of debates about

cosmopolitanism and human rights Cheah questions key ideas about what it means to be human and reveals the flaws in claims about the imminent decline of the nation state and the obsolescence of popular nationalism **Ambiguities of**
