Debating World Literature:

Debating World Literature Benedict Richard O'Gorman Anderson, 2004 Goethe's Weltliteratur and the cultural forms of globalization

Debating World Literature Christopher Prendergast, 2020-05-05 In the continuing debates about the cultural dimensions of globalization the question of literature has been something of a poor relation This volume seeks to redress the balance It takes as its starting point Goethe's idea of Weltliteratur from which it then travels out to various parts of the globe at different historical junctures Among its many concerns are the legacies of Goethe's idea variable understandings of the term literature itself cross cultural encounters the nature of small literatures and the cultural politics of literary genres With contributions from many of the leading voices in the field Debating World Literature seeks to transcend the pieties and simplifications of polemic in a search for the complexity embodied in the linking of the two terms world and literature

Debating World Literature Christopher Prendergast, 2008-07-01 Starts at Goethe's idea of Weltliteratur from which it then travels to various places at different historical junctures It is concerned with the legacies of Goethe's idea cross cultural encounters variable understandings of the term literature itself the nature of small literatures and the cultural politics of literary genres It seeks to transcend the pieties and simplifications of polemic in search for the complexity embodied in the linking of the two terms world and literature Essays by Stefan Hoesel Uhlig Peter Madsen Emily Apter Timothy J Reiss Franco Moretti Stephen Heath Simon Goldhill Benedict Anderson Nicholas Dew Elisa Sampson Vera Tudela John Sturrock Stanley Corngold Bruce Clunies Ross and Francesca Orsini

World Literature in Theory David Damrosch, 2014-01-28 World Literature in Theory provides a definitive exploration of the pressing questions facing those studying world literature today Coverage is split into four parts which examine the origins and seminal formulations of world literature world literature in the age of globalization contemporary debates on world literature and localized versions of world literature Contains more than 30 important theoretical essays by the most influential scholars including Johann Wolfgang von Goethe Hugo Meltzl Edward Said Franco Moretti Jorge Luis Borges and Gayatri Spivak Includes substantive introductions to each essay as well as an annotated bibliography for further reading Allows students to understand articulate and debate the most important issues in this rapidly changing field of study

World Literature, Cosmopolitanism, Globality Gesine Müller, Mariano Siskind, 2019-10-21 From today's vantage point it can be denied that the confidence in the abilities of globalism mobility and cosmopolitanism to illuminate cultural signification processes of our time has been severely shaken In the face of this crisis a key concept of this globalizing optimism as World Literature has been for the past twenty years necessarily is in the need of a comprehensive revision World Literature Cosmopolitanism Globality Beyond Against Post Otherwise offers a wide range of contributions approaching the blind spots of the globally oriented Humanities for phenomena that in one way or another have gone beyond the discourses aesthetics and political positions of liberal cosmopolitanism and neoliberal globalization Departing basically but not exclusively from different examples of Latin

American literatures and cultures in globalized contexts this volume provides innovative insights into critical readings of World Literature and its related conceptualizations A timely book that embraces highly innovative perspectives it will be a mustread for all scholars involved in the field of the global dimensions of literature **The Routledge Companion to World Literature** Theo D'haen, David Damrosch, Djelal Kadir, 2011-09-14 In the age of globalization the category of World Literature is increasingly important to academic teaching and research The Routledge Companion to World Literature offers a comprehensive pathway into this burgeoning and popular field Separated into four key sections the volume covers the history of World Literature through significant writers and theorists from Goethe to Said Casanova and Moretti the disciplinary relationship of World Literature to areas such as philology translation globalization and diaspora studies theoretical issues in World Literature including gender politics and ethics a global perspective on the politics of World Literature The forty eight outstanding contributors to this companion offer an ideal introduction to those approaching the field for the first time or looking to further their knowledge of this extensive field **The Routledge Concise History of World Literature** Theo D'haen, 2013-03 This remarkably broad and informative book offers an introduction to and overview of World Literature Tracing the term from its earliest roots and situating it within a number of relevant contexts from postcolonialism to postmodernism this book is the ideal guide to an increasingly popular and important term in literary studies It is accessible and engaging and will be invaluable to students of world literature comparative literature translation and postcolonial studies and anyone with an interest in these or related topics **World Literature Reader** Theo D'haen, César Domínguez, Mads Rosendahl Thomsen, 2012-06 World Literature is an increasingly influential subject in literary studies which has led to the re framing of contemporary ideas of national literatures language and translation World Literature A Reader brings together thirty essential readings which display the theoretical foundations of the subject as well as showing its conceptual development over a two hundred year period The book features an illuminating introduction to the subject with suggested reading paths to help readers navigate through the materials texts exploring key themes such as globalization cosmopolitanism post trans nationalism and translation and nationalism writings by major figures including J W Goethe Karl Marx Friedrich Engels Longxi Zhao David Damrosch Gayatri Chakravorty Spivak Pascale Casanova and Milan Kundera The early explorations of the meaning of Weltliteratur are introduced while twenty first century interpretations by leading scholars today show the latest critical developments in the field The editors offer readers the ideal introduction to the theories and debates surrounding the impact of this crucial area on the modern literary landscape **Approaches to World Literature** Joachim Küpper, 2013-12-20 The present volume introduces new considerations on the topic of World Literature penned by leading representatives of the discipline from the United States India Japan the Middle East England France and Germany The essays revolve around the question of what specifically in today s rapidly globalizing world may be the productive implications of the concept of World Literature which was first developed in the 18th century and then elaborated

on by Goethe The discussions include problems such as different script systems with varying literary functions as well as questions addressing the relationship between ethnic self description and cultural belonging The contributions result from a conference that took place at the Dahlem Humanities Center Freie Universit t Berlin in 2012 World Literature in an Age of Geopolitics Theo D'haen,2021-07-19 If you want to know how globalisation affects literary studies today this is the book for you Why has world literature become so hotly debated How does it affect the study of national literatures What does geopolitics have to do with literature Does American academe still set an example for the rest of the world Is China taking over What about European literature Europe s literatures Do minor European literatures get lost in the shuffle How can authors from such literatures get noticed Who gains and who loses in an age of world literature If those are questions that bewilder you look no further this book provides answers and leaves you fully equipped to dig deeper into the fascinating world of world literature in an age of geopolitics *A History of World Literature* Theo D'haen,2024-05-29 A History of World Literature is a fully revised and expanded edition of The Routledge Concise History of World Literature 2012 This remarkably broad and informative book offers an introduction to world literature Tracing the term from its earliest roots and situating it within a number of relevant contexts from postcolonialism decoloniality ecocriticism and book circulation Theo D haen in ten tightly argued but richly detailed chapters examines the return of the term world literature and its changing meaning Goethe s concept of Weltliteratur and how this relates to current debates theories and theorists who have had an impact on world literature and how world literature is taught around the world By examining how world literature is studied around the globe this book is the ideal guide to an increasingly popular and important term in literary studies It is accessible and engaging and will be invaluable to students of world literature comparative literature translation postcolonial and decoloniality studies and materialist approaches and to anyone with an interest in these or related topics World Literature Klaudia Hiu Yen Lee,Eli Park Sorensen,2025-07-22 World Literature Approaches Practices and Pedagogy combines theoretical explorations and pedagogy to explore approaches to teaching some of the key concepts issues and topics in world literary studies Recognising the evolving and at times contested meanings of world literature this book treats world literature as a mode of reading and one that provides opportunities to create a space for critical discussions and reflections on understanding unpacking and at times challenging some of the assumptions and practices in world literary studies Contributors discuss a wide array of topics including the role of translation and literary marketplace in global circulation of texts the function and problematics of paratexts questions of co authorship in transnational contexts debates on major minor in world literature cosmopolitanism and the impact of English as a lingua franca on the development of the field Accompanied by reading questions individual and group exercises as well as suggested further readings this collection offers a practical resource for instructors and an accessible guide to advanced undergraduate and postgraduate students taking world literature courses in different parts of the world *The Cambridge Companion to World Literature* Ben

Etherington, Jarad Zimble, 2018-11-22 This Companion presents lucid and exemplary critical essays introducing readers to the major ideas and practices of world literary studies

Tensions in World Literature Weigui Fang, 2018-09-28 This collection gives a diversified account of world literature examining not only the rise of the concept but also problems such as the relation between the local and the universal and the tensions between national culture and global ethics In this context it focuses on the complex relationship between Chinese literature and world literature not only in the sense of providing an exemplary case study but also as an introspection and re location of Chinese literature itself The book activates the concept of world literature at a time when it is facing the rising modern day challenges of race class and culture

W.B. Yeats and World Literature Barry Sheils, 2016-03-03 Arguing for a reconsideration of William Butler Yeats's work in the light of contemporary studies of world literature Barry Sheils shows how reading Yeats enables a fuller understanding of the relationship between the extensive map of world literary production and the intensities of poetic practice Yeats's appropriation of Japanese Noh theatre his promotion of translations of Rabindranath Tagore and Shri Purohit Swami and his repeated ventures into American culture signalled his commitment to moving beyond Europe for his literary reference points Sheils suggests that a reexamination of the transnational character of Yeats's work provides an opportunity to reflect critically on the cosmopolitan assumptions of world literature as well as on the politics of modernist translation Through a series of close and contextual readings the book demonstrates how continuing global debates around the crises of economic liberalism and democracy fanaticism asymmetric violence and bioethics were reflected in the poet's formal and linguistic concerns Challenging orthodox readings of Yeats as a late romantic nationalist W B Yeats and World Literature The Subject of Poetry makes a compelling case for reading Yeats's work in the context of its global modernity

W.B. Yeats and World Literature Dr Barry Sheils, 2015-09-28 Arguing for a reconsideration of William Butler Yeats's work in light of contemporary studies of world literature Barry Sheils makes a strong case for reading Yeats's work in the context of a broad comprehension of its global modernity He shows how Yeats enables a fuller understanding of the relationship between the extensive map of world literary production and the intensities of poetic practice

Dutch Interbellum Canons and World Literature A. Roland Holst, M. Nijhoff, J. Slauerhoff Theo D'haen, 2023-09-15 This text takes a wholly new look at a major early twentieth century Dutch poet and novelist from the perspective of world literature situating his work in both a national and a world literary context as measured against contemporaries and near contemporaries such as Conrad Pound Brecht Segalen and Malraux Exemplifying how an author from a minor literature may be a major world author this book considers the debates within World Literature regarding the classification of literatures as major and minor canon formation within Dutch literature Slauerhoff's position in the Dutch tradition as well as his contribution to world literature particularly focusing on his East Asian poems his East Asian novels and stories and his poetry and prose set in Latin America This book is a key read for scholars and students of comparative literature world literature European literature and Dutch literature Lucid

in style innovative in approach surprisingly fresh qua topic this book opens new horizons for literary studies *Re-mapping World Literature* Gesine Müller, Jorge J. Locane, Benjamin Loy, 2018-03-05 How can we talk about World Literature if we do not actually examine the world as a whole Research on World Literature commonly focuses on the dynamics of a western center and a southern periphery ignoring the fact that numerous literary relationships exist beyond these established constellations of thinking and reading within the Global South *Re Mapping World Literature* suggests a different approach that aims to investigate new navigational tools that extend beyond the known poles and meridians of current literary maps Using the example of Latin American literatures this study provides innovative insights into the literary modeling of shared historical experiences epistemological crosscurrents and book market processes within the Global South which thus far have received scant attention The contributions to this volume from renowned scholars in the fields of World and Latin American literatures assess travelling aesthetics and genres processes of translation and circulation of literary works as well as the complex epistemological entanglements and shared worldviews between Latin America Africa and Asia A timely book that embraces highly innovative perspectives it will be a must read for all scholars involved in the field of the global dimensions of literature *Institutions of World Literature* Stefan Helgesson, Pieter Vermeulen, 2015-06-19 This volume engages critically with the recent and ongoing consolidation of world literature as a paradigm of study On the basis of an extended active and ultimately more literary sense of what it means to institute world literature it views processes of institutionalization not as limitations but as challenges to understand how literature may simultaneously function as an enabling and exclusionary world of its own It starts from the observation that literature is never simply a given but is always performatively and materially instituted by translators publishers academics and academics critics and readers as well as authors themselves This volume therefore substantiates refines as well as interrogates current approaches to world literature such as those developed by David Damrosch Pascale Casanova and Emily Apter Sections focus on the poetics of writers themselves market dynamics postcolonial negotiations of discrete archives of literature and translation engaging a range of related disciplines The chapters contribute to a fresh understanding of how singular literary works become inserted in transnational systems and conversely how transnational and institutional dimensions of literature are inflected in literary works Focusing its methodological and theoretical inquiries on a broad archive of texts spanning the triangle Europe Latin America Africa the volume unsettles North America as the self evident vantage of recent world literature debates Because of the volume's focus on dialogues between world literature and fields such as postcolonial studies translation studies book history and transnational studies it will be of interest to scholars and students in a range of areas **Lu Xun and World Literature** Xiaolu Ma, Carlos Rojas, 2025-01-07 In *Lu Xun and World Literature* Xiaolu Ma Carlos Rojas and other contributors examine various aspects of Lu Xun who is known as the father of modern Chinese literature Essays in this book focus on Lu Xun's works in relation to the notions of world literature and processes of literary worlding The contributors offer detailed analyses

of Lu Xun's own literary oeuvre and of foreign works that engage with his writings. This volume also focuses on many facets of the publication and dissemination of Lu Xun's works from printing and binding to the discussions and debates that followed their release in China and abroad. This book not only makes an important contribution to the field of Lu Xun studies but also proposes a reexamination of the category of world literature. This exceptional volume sheds new and important light on the increasingly incumbent question of the relationship between the literary giant Lu Xun and world literature. Rather than dwell on how the author's work fits into some pre-existing rubric, the essays in this volume explore new territory in investigating how Lu Xun's work contributes to the way in which the character of world literature itself must be continually reconstructed and reimagined. Theodore D. Hutters, University of California, Los Angeles. This volume examines questions surrounding the relationship between Lu Xun, world literature, and the underlying processes of worlding, situating his work as a writer and a translator in a global context both among and interacting with prominent international works and literary movements as well as influencing writers and readers in countries well beyond China. As such, it is a milestone in our understanding of this challenging, always witty and engaging gadfly of the state. Just as *Lu Xun and His Legacy*, edited by Leo Ou-fan Lee, brought together much of the best in twentieth-century scholarship on Lu Xun, ours is a massive dose of good fortune to have *Lu Xun and World Literature* to steer us into the twenty-first. Jon Eugene von Kowallis, University of New South Wales, Sydney. author of *The Lyrical Lu Xun: A Study of His Classical Style Verse*.
