Debian Gnu Linux 3 1 Bible:

Debian GNU/Linux Bible Steve Hunger, 2001 Debian GNU Linux is one of the major Linux distributions available today. It is known as the most open of the Linux distributions for its commitment to the free software principals and its community centricism. It is also known for its tradition of high quality packages and package management tools as well as its focus on security issues. Debian GNU Linux r Bible focuses on common apps GUIs networking and system administration. The Debian Project s Internet based development model has helped the distribution achieve unparalleled Internet functionality. One of the most popular features in Debian GNU Linux is apt-get which automates free network downloads of all software package updates making the Debian CD the last CD you will ever need to keep your system up to date with Linux.
