present In An Indigenous Peoples History of the United States Dunbar Ortiz adroitly challenges the founding myth of the United States and shows how policy against the Indigenous peoples was colonialist and designed to seize the territories of the original inhabitants displacing or eliminating them And as Dunbar Ortiz reveals this policy was praised in popular culture through writers like James Fenimore Cooper and Walt Whitman and in the highest offices of government and the military Shockingly as the genocidal policy reached its zenith under President Andrew Jackson its ruthlessness was best articulated by US Army general Thomas S Jesup who in 1836 wrote of the Seminoles The country can be rid of them only by exterminating them Spanning more than four hundred years this classic bottom up peoples history radically reframes US history and explodes the silences that have haunted our national narrative An Indigenous Peoples History of the United States is a 2015 PEN Oakland Josephine Miles Award for Excellence in Literature NATO and Peace Support Operations, 1991-1999 Henning A.
