The Complete Book of Chart Rectification Carol A. Tebbs, 2008 Knowing the exact time of birth is crucial for an accurate horoscope An incorrect birth time can result in the wrong Ascendant Midheaven and more *The Complete Book of Chart Rectification* may be the first book ever to offer modern astrological methods for rectifying questionable or unknown birth times Once regarded as rocket science for astrologers chart rectification is still considered advanced in our technology age But this groundbreaking book makes the process easy Learn how to find a consistent pattern where astrological indicators correspond with life events These techniques will help you link dramatic life events with aspect hooks to narrow birth time parameters Tebbs easy to follow rectification methods are highlighted by case studies featuring biographies and chart analyses of Elizabeth Taylor Johnny Cash and Jimmy Swaggart

Power of the Midheaven Stephanie Jean Clement, 2001 The horoscope is a map of the heavens at any particular time usually at the birth of a person An important aspect to consider when creating charts is the Midheaven Before computers it was a vital computation in setting up horoscopes Curiously many astrologers ignore this point in their interpretations During over twenty five years as a professional astrologer Stephanie Jean Clement Ph D has emphasized that no point of a chart is unimportant She reveals what she has learned in *The Power of the Midheaven* Attention to the Midheaven can revolutionize your understanding of astrology If you are an astrologer you need the information in this book to make your readings more complete and to have a full understanding of a chart The Midheaven indicates what we know about ourselves The primary form of analysis is to examine the sign the Midheaven is in For example people with Leo Midheavens set their goals high and

have the staying power to achieve them They want to rise to the top socially Jacqueline Kennedy is an example as is Grace Kelly They are self confident generous know they are fine leaders and have organizational capability but may not be able to admit their own shortcomings A Leo Midheaven is the master of control and free will and achieves spiritual enlightenment by knowing that the physical body is necessary Dr Clement points out that both Charlie Chaplin and Adolf Hitler have a Leo Midheaven they were born within days of each other She gives quotes showing how they used their wills to control people and both worked hard to eventually reach the top Obviously they were quite different people but the way they achieved their goals was similar Chaplin actually experienced his first movie making disappointment with The Little Dictator a film about Hitler This book covers the Midheaven through all the signs It also includes planets in aspect transits and much more If you are an astrologer or if you are at all interested in your horoscope you need this book Dreams Stephanie Jean
