The Crescent Obscured Robert J. Allison,2024-05-31 From the beginning of the colonial period to the recent conflicts in the Middle East encounters with the Muslim world have helped Americans define national identity and purpose Focusing on America s encounter with the Barbary states of North Africa from 1776 to 1815 Robert Allison traces the perceptions and misperceptions of Islam in the American mind as the new nation constructed its ideology and system of government A powerful ending that explains how the experience with the Barbary states compelled many Americans to look inward with increasing doubts about the institution of slavery David W Lesch Middle East Journal Allison s incisive and informative account of the fledgling republic s encounter with the Muslim world is a revelation with a special pertinence to today s international scene Richard W Bulliet Journal of Interdisciplinary History This book should be widely read Allison s study provides a context for understanding more recent developments such as America s tendency to demonize figures like Iran s Khomeini Libya s Qaddafi and Iraq s Saddam Richard M Eaton Eighteenth Century Studies *U.S. Museum Histories and the Politics of Interpretation* Laura Schiavo,2023-12-08 U S Museum Histories and the Politics of Interpretation is the first collection to

examine the history of museums in the United States through the lens of the political and ideological underpinnings at the heart of exhibitions collecting and programming Including contributions from historians art historians anthropologists academics and museum professionals the book argues that museums have always been embedded in the politics and culture of their time whether that means a reification of hegemonic notions of race gender and progress or a challenge to those normative structures Contributions probe the political nature of collection and interpretation as concept and practice and museum work as both reflective of and contributing to the politics and circulation of power in different historical moments As a whole the volume provides detailed readings of museums that demonstrate the ways in which these trusted cultural institutions have intervened in shifting concepts of nation community indigeneity race citizenship inclusion identity localism and memory U S Museum Histories and the Politics of Interpretation makes arguments about the historically and politically rooted nature of cultural production in museums that apply to institutions across the globe It is essential reading for students and scholars of museum studies public history cultural history art history and memory
