Country Operas I: Romantic Intrigue and Deception Walter Howard Rubsamen, 1974 *Addiction by Design* Natasha Dow Schüll, 2025-11-11 An anthropologist traces the intimate connections between gambling addiction and casino industry design tactics Recent decades have seen a dramatic shift away from social forms of gambling played around roulette wheels and card tables to solitary gambling at electronic terminals Slot machines revamped by ever more compelling digital and video technology have unseated traditional casino games as the gambling industry's revenue mainstay *Addiction by Design* takes readers into the intriguing world of machine gambling an increasingly popular and absorbing form of play that blurs the line between human and machine compulsion and control risk and reward Drawing on fifteen years of field research in Las Vegas anthropologist Natasha Dow Schüll shows how the mechanical rhythm of electronic gambling pulls players into a trancelike state they call the machine zone in which daily worries social demands and even bodily awareness fade away Once in the zone gambling addicts play not to win but simply to keep playing for as long as possible even at the cost of physical and economic exhaustion In continuous machine play gamblers seek to lose themselves while the gambling industry seeks profit Schüll describes the strategic calculations behind game algorithms and machine ergonomics casino architecture and ambience management player tracking and cash access systems all designed to meet the market's desire for maximum time on device Her account moves from casino floors into gamblers' everyday lives from gambling industry conventions and Gamblers Anonymous meetings to regulatory debates over whether addiction to gambling machines stems from the consumer the product or the interplay between the two *Addiction by Design* is a compelling inquiry into the intensifying traffic between people and machines of chance offering clues to some of the broader anxieties and predicaments of contemporary life **Heavenly Signs** Mel Gable, 2012-10 *Heavenly Signs* If you want to see and read something amazing then open this book and be intrigued by God's Grand Design for the End Times From the very beginning of creation God has set signs in the heavens for observation and understanding Mel Gable has masterfully handled the movement of the constellations planets and stars as well as their meaning and timing for End Times events In so many areas his research reveals agreement between science and the Bible Make the discoveries for yourself Travel with the author as he unravels some of the mysteries of the universe in a clear and concise style You will be astounded by his findings Yolanda Shirley
