Zacaroli, 2014-06-23 Jesus is very candid about what He calls us to do whether its prayer love confession judgment or even just to trust in Him But often the last thing we do is the first thing He requires which is to simply obey Obey is a candid look at the way Jesus calls us to live through His words and commands It is a reflection of one followers journey beginning on a mission in poor rural South Africa to fully appreciate the power of obedience to Jesus What he found was that Jesus never gave unclear ambiguous instructions for life He was very straightforward While His commands are not always easy they are life changing for those who choose to listen pray and act on them Obey provides a challenging but inspirational starting point to achieving the power of the obedient life Christian Marriage Workbook: The Ultimate Workbook to Building a Strong

Love's Touch Anit Arca, 2022-04-10 Is the world an illusion Is our Universe a hologram This is a magical world All there Is is you you are the magnificent reflection of All That Is in the world of Existence and three dimensions Let us wake up from this illusion We have to realize we will leave this body one day we have to realize all of our possessions will be left behind as we depart for our next new adventure This is not a book of divine informative revelation These words do not come from heaven These writings knowledge arose in the Heart through Universal Intuition and were written from Oneself to oneself

without the interference of the author's personal thoughts ego What you call I is your identity Bonding yourself with your identity creates the I am ego personality This identity of yours is not actually you it is an illusory state of what you are not In Reality you are not your ego identity The external world and its social parameters play a big role in forming this ego identity You do not own anything no name no form or any image that you can call I You have not constructed or created these You do not own anything you think you can control or possess When you identify yourself with these things the things that you are not or do not own you are creating a self imposed prison for yourself and living inside of it In other words you create your ego personality In this case we have to ask the following question who am I Really Are you really all that you claim to own names forms and images Are you only made up of body and mind When you identify with these beliefs and those of the collective world consciousness you get lost and break away from your true Reality When you claim ownership of these names forms and images you create your ego personality Whenever you say I am this or that you are identifying with that thing which you now claim as your own and you unify yourself with that thing If you do not identify with anything if you do not claim ownership of anything the I ceases to exist Removing the I dissolving it is the ultimate freedom we seek The walls of the self imposed prison of ego personality you possessively created will fall away Here in this liberated state of being the necessity for choice or decision falls away too You act just as is needed in each moment of life as it arises in the Now Thoughts of should I have done this or that will disappear The mind is like software running on a computer The virus that corrupts the software is the ego It is this ego personality that creates erroneous beliefs and then claims ownership of them Only when this virus is removed by an antivirus program Mind reveals itself in its full capacity With this cleaning up process human minds become increasingly liberated and expansively intelligent In this Book knowledge of advanced life is being released into the public publishing domain for the first time This life can be described with concepts of Absolute Human Birth of Absolute Humanity Experiencing Non Existence and Beyond Non Existence We believe through our life experience that the only way to change our individual and collective point of view is to know NON EXISTENCE The will behind the writing and publishing of this knowledge in the Book arose in servitude *Why did God give us Free Will?* Scarlett Stoyer, About this book This book offers a comprehensive exploration of the concept of free will within a Christian context It delves into the historical and theological foundations examining how free will is understood through biblical teachings key biblical figures and major church traditions The text discusses the purpose of free will in human life emphasizing its role in personal spiritual growth moral agency and authentic love It also addresses common misconceptions the relationship between divine sovereignty and human choice and the implications for salvation justice and divine justice Drawing from Old and New Testament scriptures theological perspectives from Augustine to modern scholars and case studies of love and sacrifice this book provides a nuanced understanding of how free will empowers genuine relationships moral decision making and trust in God It is an insightful resource for anyone interested in the intersection of faith morality and human responsibility *What*

is the Difference Between a World-Loving Human and a World-Betraying Human Meghraj Singh khalsa , This book is a powerful exploration of one of the greatest questions of humanity What truly separates a World Loving Human from a World Betraying Human Theists and atheists may fail to recognize this truth but only a Real Human can truly understand the difference Through deep reflections comparisons and real life lessons this book reveals The values and vision of a World Loving Human truth love peace and humanity The dangers of a World Betraying Human lies hatred greed and destruction The role of families youth and women in shaping humanity s destiny The choice every individual must make Love or Hatred Life or Death This is not just a book it is a wake up call for humanity If we choose love we choose life If we choose hatred we choose death By King of Satyug M S Khalsa The King of the Digital World *Power and Care* Tania Singer,Matthieu Ricard,Kate Karius,2019-05-07 Leading thinkers from a range of disciplines discuss the compatibility of power and care in conversation with the Dalai Lama For more than thirty years the Dalai Lama has been in dialogue with thinkers from a range of disciplines helping to support pathways for knowledge to increase human wellbeing and compassion These conversations which began as private meetings are now part of the Mind power can be used to benefit others or to harm them to build or to destroy Care on the other hand is not a neutral force it aims at increasing the wellbeing of others Power and care are not incompatible power imbued with care can achieve more than a powerless motivation to care power without the intention to benefit others can be ruthless The contributors who include such celebrated figures as Frans B M de Waal Olafur Eliasson Sarah Blaffer Hrdy and Jody Williams discuss topics including the interaction of power and care among our closest relatives the chimpanzees the effect of meditation and mental training practices on the brain the role of religion in promoting peace and compassion and the new field of Caring Economics Contributors Paul Collier Brother Thierry Marie Courau Frans B M de Waal Olafur Eliasson Scilla Elworthy Alexandra M Freund Tenzin Gyatso His Holiness the Dalai Lama Markus Heinrichs Sarah Blaffer Hrdy Fr d ric Laloux Alaa Murabit Matthieu Ricard Johan Rockstr m Richard Schwartz Tania Singer Dennis J Snower Rabbi Awraham Soetendorp Theo Sowa Pauline Tangiora Jody Williams *Losing My Training Wheels* Jamaal Crowder,2014-10-02 This is a collection of work spanning the years of the most difficult time in my life that proved to be the most rewarding and promising time of my life This collection embodies some of my most honest work I wrote this collection without apology and believe it is as simplistically complex as it is beautifully audacious Be open to the journey through love s many dimensions as I chronicle the the fazes of love I have experienced and continue to experience **Sensationality** William Clark,2006-10 If the contents of this publication were easy to understand it would be a much shorter book It s easy to wonder why being in love with someone or living in fear is so different from liking or being afraid of one thing or another Differences arise because what we like for example is definable but who we love isn t We assume that all words are definable but love isn t and neither is faith appreciation passion or a host of other words which relate to love In truth we can t define the sensation of fear sin or temptation either Why is it that we give such importance to words which can t be defined and why

is it that many of our words including mind soul and God escape definition when we re certain that we know what they mean It s only by appreciating certain words that an understanding is achieved Our relationship with God the Father Christ the Son and the Holy Spirit are explored Not in a theological context but a sensational one not so different from a sixth sense perspective Contents of this book also include considerations of anger addiction homosexuality pain management and much more An attempt is made to tie up all these seemingly diverse subjects into one tightly knit package **Gifts and Interests**

Antoon Vandevelde,2000 According to a common understanding of economics economists attempt to understand and explain societal reality in the light of individual self interest For them a gift is no exception to this except for the slight and misleading veil of altruism which covers a purely egoistic motivation On the other hand theologians philosophers and ethicists use a more normative concept of man Man realises his best potential through deeds of selfless sacrifice that remain unknown to everyone In reality however people are either entirely egoistic nor altruistic Marcel Mauss model of the gift is interesting because it seems to escape the classical or rather modern egoism altruism dichotomy Gifts are not primarily motivated by the well being of myself or the other but rather by the desire to bring about or maintain a certain kind of social relation between giver and receiver Altruistic as well as egoistic motivations are an integral part of that relation The role of gifts in the constitution of social relations and social cohesion explains why most kinds of gifts are reciprocal and even obligatory In this book anthropologists sociologists and economists as well as philosophers focus on the question of the relevance of Mauss work on the gift for the understanding of actual social phenomena **Language of the Heart**

Mohamad Rezar,2005-07 Dear Reader Inside the covers of Language of the Heart you will read letters written from Jonathan to his Sweetheart Princess Mahsa Elaine Tabori But why what caused Mohamad to assemble a book of nothing but letters Why would a book of letters all written from one person to another be listed and sold as a romance novel Because Romance is a story an adventure between two hearts that become one through friendship and Love Language of the Heart could be labeled as a diary or a journal but each letter is a token of love a gift from Jonathan s heart unveiling himself and his love romancing the one that his heart loves By reading the letters you will come to know of the bonding of friendship and love that Jonathan felt for Princess Mahsa You will come to know Jonathan as Princess Mahsa came to know him and see the heart of Princess Mahsa as Jonathan knew her heart See the romance unfold that caused their hearts to become as one Two hearts in communication speaking as one **Eos**
