

Decision Making in the European Community: Council Presidency and European Integration

Kirchner, Emil J.

Decision Making In The European Community The Council Presidency And European Integration

**Helen S. Wallace, Mark A.
Pollack, Alasdair R. Young**

Decision Making In The European Community The Council Presidency And European Integration:

Decision-making in the European Community Emil Joseph Kirchner,1992 In this first major assessment of EC decision making at the highest levels for ten years Emil Kirchner examines the Council Presidency's role in European integration The author demonstrates how the EC Council Presidency plays a crucial role in the integration process enhanced by the Single European Act and the two Intergovernmental Conferences on EMU and Political Union He evaluates the balance and distribution of power between national and Community actors and asks whether the Council Presidency is primarily an instrument to maintain national control of EC decision making rather than a device for promoting integration He sheds light on the negotiations which led to the SEA and the two Intergovernmental Conferences and argues for a new interpretation of the relationship between the EC and its constituent states EC decision making is not characterised by a transfer of powers from the national to the EC level but by a sharing of competences between national and Community institutions and a pooling of sovereignties among member governments that is analogous to co operative federalism Decision making in the European Community will be vital reading for political scientists and students interested in the EC and for all those seeking to understand European integration potentially the 1990s most important political development The European Council Wolfgang Wessels,2015-09-29 This systematic assessment of the often opaque European Council looks at its characteristics leaders and output as well as its impact on EU supranational and intergovernmental dynamics Taking account of historical and contemporary developments up to and beyond the Lisbon Treaty it encourages in depth understanding of this key institution *Decision Making in the European Community* Christoph Sasse,1977 **The State of European Integration** Yannis A. Stivachtis,2016-03-03 The State of European Integration provides scholars practitioners experts and students with a comprehensive account of the state of the European Union today With contributions from leading scholars including Richard G Whitman Meltem M ft ler Ba G lnur Aybet Leila Simona Talani and Gareth Dale the book examines the EU in a theoretically informed and empirically grounded manner Opening with an exploration into the nature of the European Union as an international actor it then assesses the impact of enlargement on institutions policies and identity The contributors investigate issues related to the degree of convergence and cohesion among members and analyze the economic and monetary state of integration The volume comes at a timely interval when there is a need to understand the present and future of the European Union **Small States in EU Policy-Making** Anna-Lena Högenauer,Matúš Mišík,2024-04-30 Small States in EU Policy Making analyses how small states try to impact European Union policy making through a range of strategies With the last rounds of enlargement and Brexit the number and weight of small states in the European Union have steadily increased At the same time small states face distinct challenges in different institutions which may impact their strategies Nonetheless the existing literature primarily focuses on the Council of the European Union and the European Council and offers few insights into how small states navigate the other institutions The contributions to this volume examine

how small states can wield influence in different institutions arguing that they do indeed pursue different strategies depending on institutional context The policy case studies on the EU's foreign and security policies confirm these findings small states can have influence in EU policy making and can create situations where their needs are met They are most likely to succeed when they build foreign policy coalitions when they anticipate major economic developments and when they manage to acquire a high level of expertise in a policy area However the case studies also show that there is a risk of small states becoming policy takers in cases where they cannot provide leadership in terms of ideas and expertise and or fail to build political weight through coalitions This book will be of interest to academics and practitioners of European politics and the EU in particular as well as policy makers and practitioners working on small states The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license

Decision-making in the European Community Emil Joseph Kirchner, 1992 In this first major assessment of EC decision making at the highest levels for ten years Emil Kirchner examines the Council Presidency's role in European integration The author demonstrates how the EC Council Presidency plays a crucial role in the integration process enhanced by the Single European Act and the two Intergovernmental Conferences on EMU and Political Union He evaluates the balance and distribution of power between national and Community actors and asks whether the Council Presidency is primarily an instrument to maintain national control of EC decision making rather than a device for promoting integration He sheds light on the negotiations which led to the SEA and the two Intergovernmental Conferences and argues for a new interpretation of the relationship between the EC and its constituent states EC decision making is not characterised by a transfer of powers from the national to the EC level but by a sharing of competences between national and Community institutions and a pooling of sovereignties among member governments that is analogous to co-operative federalism Decision making in the European Community will be vital reading for political scientists and students interested in the EC and for all those seeking to understand European integration potentially the 1990s most important political development

European Union Council Presidencies Ole Elgström, 2004-03-01 This book describes analyses explains and compares the role performance of different presidencies The expert and international authors ask why member states have different approaches and play the role differently prioritising different functions and using a variety of strategies to realise their aspirations The book consists of three parts i describes the functions of the presidency ii compares nine different presidencies and iii a concluding section comparing media images and summaries looking at member state characteristics and behaviour

Decision making in the EU before and after the Lisbon Treaty Madeleine Hosli, Amy Kreppel, Běla Plechanová, Amy Verdun, 2017-10-02 Decision making in the European Union before and after the Lisbon Treaty aims to assess what the changes the Treaty of Lisbon envisaged and whether these ambitions have materialised since the Treaty entered into force It offers analyses of the past as well as what might be the future because some provisions will only enter

into effect in the years to come To what extent has the current decision making process been able to address the shortcomings and challenges of the past What has been the impact of aspects of the Lisbon Treaty that clarified pre existing norms and structures in some cases formalizing them rather than introducing new changes The authors in this book look at the interaction between formal rules and informal practices seeking to point to the interaction between the two They find that informal practices to date typically still dominate formal rules This book was published as a special issue of West European Politics

The National Co-ordination of EU Policy Hussein Kassim,Guy Peters,Vincent Wright,2000-08-03 This is one of two volumes examining how EU member states co ordinate their European policies It examines domestic processes and co ordination in ten member states looking at co ordinating ambitions the actors in EU policy making and the structures and processes by which policy is made

Policy-making in the European Union Helen S. Wallace,Mark A. Pollack,Alasdair R. Young,2010 The policies of the European Union profoundly affect the lives of people in Europe and around the world The new edition of this highly successful textbook outlines how and why such decisions are made as well as the key challenges faced by policy makers in the current political and economic climate Policy Making in the European Union begins by clarifying the institutional framework of the EU and the analytical approaches used to understand it A wide range of crucial and illustrative policies are then explored in detail by subject experts This volume includes new chapters on ways of analyzing the EU's policy process and on energy policy A central theme to the volume is how the recent expansion to twenty seven member states has affected policy making across the different policy sectors The conclusion reflects on how this challenge and the protracted constitutional stalemate have affected policy making in the EU It also explores the impact of the financial and economic crises that have struck Europe over the past several years The sixth edition is fully up to date and is the ideal text for all those with an interest in the policy making of the European Union

Institutional Design and Voting Power in the European Union Karol Zyczkowski,2016-05-23 Leading global experts in the field of politics and mathematics bring forth key insights on how voting power should be allocated between EU member states and what the policy consequences are of any given institutional design Close attention is paid to the practical implications of decision making rules the nature and distribution of power and the most equitable ways to represent the preoccupations of European citizens both in the Council and European Parliament Highly theoretical and methodologically advanced this volume is set to enrich the debate on the future of the EU's institutional design A valuable source of information to scholars of political science European studies and law as well as to people working on game theory theory of voting and in general applications of mathematics to social science

Policy-making in the European Union Helen Wallace,Mark A. Pollack,Christilla Roederer-Rynning,Alasdair R. Young,2020 Policy making in the EU has far reaching implications for the EU's member states and citizens and for the wider world It is constantly evolving as part of this ongoing experiment in the collective governance of a multinational continent The eighth edition of this comprehensive text explores the processes institutions and modes

through which policy is made before looking at key individual policies in detail New to this Edition Detailed assessments of the implications of politicization for European policy making Evaluation of the emerging consequences of the UK's departure on EU policy making New chapters on the EU's digital policy and development policy Coverage of the 2015 surge in migrants to the EU the Covid 19 pandemic and the America First foreign policy of the Trump administration Book jacket **The Oxford Handbook of the European Union** Erik Jones, Anand Menon, 2012-08-30 This is an authoritative one volume and independent treatment of the history functioning and nature of the European integration Written by a selection of leading scholars It covers the major institutions policies and events in the history of integration whilst also providing a guide to the major theoretical approaches that have been used to study it over time By bringing together such a distinguished cast covering such a wide array of themes the Handbook is intended as a one stop shop for all those interested in the European Union and its predecessors Written in an accessible style the volume is intended to shape the discipline of EU studies and to establish itself as the essential point of reference for all those interested in European integration both in universities and more broadly It represents a timely guide to an institution that is much discussed but often only imperfectly understood

The Rotating European Union Council Presidency and Small Member States Ieva Grumbinaitė, 2023-09-01 The Rotating European Union Council Presidency and Small Member States explores the opportunities and burdens for small states of holding the rotating presidency of the Council of the European Union While the functions and the achievements of the Council presidencies have been widely studied on the EU level this book adopts the inverse and underresearched perspective of looking at the domestic impact of the Council presidency on the Member State specifically small Member States Combining new institutionalist theoretical approaches under the concept of Europeanisation and employing both qualitative and quantitative methods this book explores whether the Council presidency leads to the Europeanisation of national politics and politics More specifically the book looks at the impact of the Council presidency on national administrations ministers and public opinion It suggests that the Council presidency presents a unique opportunity to re-engage with EU affairs and institutions for small Member States especially those holding the position for the first time This book will be of interest to postgraduate students researchers and academics of International Relations and European Integration specifically those interested in small states in the European Union or the rotating European Union Council presidency *EU Administrative Governance* Herwig C.H. Hofmann, Alexander H. Türk, 2006-01-01 This book is a unique contribution to the understanding of the reality of government and governance in the European Union

Theorizing European Integration Dimitris N. Chrysoschoou, 2008-10-02 Fully revised and updated throughout Theorizing European Integration 2nd edition provides a comprehensive introduction to the theoretical study of European integration Combining perspectives from international relations comparative politics and social and political theory Dimitris N Chrysoschoou offers a complete overview of the many competing approaches that have sought to capture and explain the evolving political nature

of the European Union EU and its qualitative transition from a union of states to a polity in its own right Contemporary issues themes and theories addressed include the different uses and current state of EU theorizing statecentric accounts of integration and their critics new normative challenges to the study of the EU the political dynamics of European treaty reform new forms of democracy citizenship and governance the limits and possibilities of EU constitutionalism interdisciplinary understandings of EU polityhood the introduction of a theory of organized synarchy the transformations of state sovereignty in late modern Europe

Handbook of Public Administration and Policy in the European Union M. Peter van der Hoek, 2005-06-13 The Handbook of Public Administration and Policy in the European Union focuses on the current state of the EU while also demonstrating how its current structure came into being and how it may change in the near future Although most existing literature is either policy oriented or institution oriented this textbook employs a different more comprehensive approach Not only does it analyze selected EU laws and most EU institutions it is also unique in that it brings together EU public administration EU institutions and most importantly EU policies into a comprehensive text Divided into five parts the book provides an overview of theory discourses on European integration followed by an analysis of the development of European organizations Part II explains the nature of the EU highlighting its institutions Part III addresses various dimensions of public administration followed by a review in Part IV of major EU policies including the Common Agricultural Policy The textbook concludes with a history of Economic and Monetary Union and a study of the European Central Bank and the euro

European Union Administration Peter Nedergaard, 2007 The book analyses the administrative system in the European Union with a focus on the efficiency and legitimacy of the administrative practices In the analysis three distinct theoretical perspectives are used a structural a procedural and a cultural thus ensuring that a broad variety of factors are included

Sports law and policy in the European Union Richard Parrish, 2013-07-19 This electronic version has been made available under a Creative Commons BY NC ND open access license Adopting a distinctive legal and political analysis this book argues that the EU is receptive to the sports sectors claims for special treatment before the law The book investigates the birth of EU sports law and policy by examining significant court decisions the possibility of exempting sport from EU law sport and the EU treaty and more

The Struggle for the European Constitution Michael O'Neill, 2008-11-28 The European Union EU Constitution was one of the most important developments in the history of the EU aiming to make the EU more transparent relevant and accountable to the citizens of its member states Current anxieties over the pace and direction of EU integration place this comprehensive study at the forefront of the EU governance debate O'Neill goes far beyond a simple account of the EU Constitution focussing also on the response to the current crisis of confidence between the Union and its citizens and how those in power have responded to the challenge Making a substantial contribution to literature on the EU key discussion points include The political crisis behind the Constitution The power politics at work in the negotiations How the Constitution affects EU policymaking The impact on the citizens of the EU This is

essential reading for all those wishing to understand the background to one of the key areas within European Politics
Michael O'Neill is Jean Monnet Professor in EU Politics at Nottingham Trent University
