Decision At Doona:

Decision at Doona Anne McCaffrey, 1987-10-12 After the first human contact with the Siwannese ended in a mass suicide the Terran government made a law that no further contact with sentient aliens would be allowed But since their own planet was overcrowded they looked to colonize Doona until they found the Hrubans Their choice was simple but dangerous They could kill the cat like Hrubans or for the first time in history learn to coexist with an alien race **Decision at Doona** Anne McCaffrey, 2017-01-18 A fateful encounter between star roving races by the author of the bestselling Dragonriders of Pern series After the first human contact with the Siwannese that entire race committed mass suicide So the Terran government made a law no further contact would be allowed with sentient creatures anywhere in the galaxy Therefore Doona could be colonized only if an official survey established that the planet was both habitable and uninhabited But Spaceship had made a mistake Doona was inhabited Now the colonists choice was limited Leave Doona and return to the teeming hell of an overpopulated Terra Or kill the catlike Hrrubans Or learn for the first time in history how to coexist with an alien race
