Ethics of Decision George Forell, 2002-10-04 The objective of this short introduction to Christian ethics is to help the reader come to a clearer understanding of the Christian life in our age For this reason Christianity is presented against the background and within the context of other present day efforts to understand the meaning of life Whether he likes it or not man must make decisions He cannot choose not to choose He must find some principle that will enable him to live coherent life an integrating principle that will determine his ethical code *Decisions! decisions! : Christian ethics for modern man* George A. Contemporary Evangelical Thought Carl F. H. Henry, 2024-01-18 Ten American scholars sketch the contemporary relevance of evangelical Christianity in this sweeping survey of the present century of theological debate Reaching into major spheres of life and thought theology philosophy ethics science history education biblical studies apologetics evangelism and preaching they discuss familiar fields with an eye on the theological turmoil of our times They confirm an uneasy feeling that the loss of inherited ideas and ideals by the West is due in part at least to the indifference and hostility to biblical Christianity spawned by Protestant Liberalism But the neglect of evangelical theology during the past half century and the tragic consequences of this for the West is not their only emphasis for the volume pinpoints evangelical emphases of permanent validity It evaluates current contributions from the side of conservative Christianity to the present theological scene It is a treasury of information about contemporary evangelical writers and writings It sketches guidelines for effective evangelical impact It provides a selective working bibliography in its ten fields of evangelical interaction The volume is an indispensable tool for every minister and theological student seeking to keep abreast of the currents of relevant Christian thought And it provides the alert church member eager to honor Christ as the center and end of all knowledge with a wider appreciation of the relevance of the Christian message to the larger problems of culture and life

Biblical Interpretation and Christian Ethics J. I. H. McDonald, 1993-12-02 Inter disciplinary studies are emerging rapidly to meet the insistent demands of the modern age Biblical interpretation is itself inter disciplinary drawing together the biblical traditions and others to address the problem of interpreting texts Christian ethics is also multi disciplinary and thus no stranger to this new ethos To bring these two areas together is a potentially creative undertaking It comes at a time when much attention is being paid to reading texts and the interpretive tradition The author's principal aim is to read the Bible in the context of moral concern Attention is paid to the liberal quest and to eschatology and ethics each marking a distinct epoch in the relationship of Bible and ethics before the post critical age is studied under the rubric participation in meaning The final section deals with ethics and historical reading and with ethics and contemporary reading The book concludes with a discussion of selected practical topics
