Declan Hughes Plays:

Digging for Fire ; &, New Morning Declan Hughes,1994 Two plays by Declan Hughes writer in residence with the Dublin theatre company Rough Magic Digging for Fire was staged by Rough Magic in Dublin in 1992 and New Morning at the Bush Theatre London in 1993 Hughes s other plays include I Can t Get Started and Love and a Bottle *Plays, 1* Declan Hughes,Phyllis Nagy,1998 One of the most predominant Irish playwrights of his generation Hughes has been described as having a keen eye for absurdity quirky sense of humour and a knack for making acrimony amusing while not underrating the seriousness of the issues The Cambridge Companion to Twentieth-Century Irish Drama Shaun Richards,2004-01-29 Publisher Description Masculinities and Manhood in Contemporary Irish Drama Cormac O'Brien,2021-12-10 This book charts the journey in terms of both stasis and change that masculinities and manhood have made in Irish drama and by extension in the broader culture and society from the 1960s to the present Examining a diverse corpus of drama and theatre events both mainstream and on the fringe this study critically elaborates a seismic shift in Irish masculinities This book argues then that Irish manhood has shifted from embodying and enacting post colonial concerns of nationalism and national identity to performing models of masculinity that are driven and moulded by the political and cultural practices of neoliberal capitalism Masculinities and Manhood in Contemporary Irish Drama charts this shift through chapters on performing masculinity in plays set in both the Irish Republic and Northern Ireland and through several chapters that focus on Women s and Queer drama It thus takes its readers on a journey a journey that begins with an overtly patriarchal nationalist manhood that often made direct comment on the state of the nation and ultimately arrives at several arguably regressive forms of globalised masculinity which are couched in misaligned notions of individualism and free choice and that frequently perceive themselves as being in crisis **Plays and Controversies** Ben Barnes,2008 In diaries covering the period of his artistic directorship of the Abbey Ben Barnes offers a frank honest and probing account of a much commented upon and controversial period in the history of the national theatre These diaries also provide fascinating personal insights into the day to day pressures joys and frustrations of running one of Ireland s most iconic institutions For over a century now the Abbey has conducted its love hate relationship with the Irish public and the wider international audience and in Plays and Controversies Ben Barnes illuminates his own eventful chapter in that absorbing story the impact of a fascinating still remembered chapter in the story of the Abbey Theatre related at first hand with a fire and a vigorous sense of commitment comparable to that of the founding fathers Christopher FitzSimons Barnes addresses a moment in Irish cultural history which stands as a many sided cautionary tale It is the tale of an embattled man a courageous man who dares to borrow Yeats s title because he found himself for a time in similar circumstances running the national theatre though in altogether different conditions Chris Murray We believe that this book is an important historical record of a recent tumultuous period in relation to the Abbey Theatre and anticipate that it will make a worthwhile contribution to lively cultural debate on theatre

approach the volume includes critical readings of canonical Irish literature as an uncharted exchange of intercultural dialogues The text also explores the external and internal transcultural traits present in recent Irish literature and its engagement with social injustice and activism and discusses location and mobility as vehicles for cultural transfer and the advancement of the women s movement A final section also includes an examination of literary expressions of hybridisation diversity and assimilation to scrutinise negotiations of new transcultural identities In the light of the compiled contributions the volume ends with a revisitation of Irish studies in a world in which national identity has become increasingly problematic This volume presents new insights into the fictional engagement of contemporary Irish literature with political social and economic issues and its efforts to accommodate the local and the global resulting in a reshaping of national collective imaginaries

A History of Irish Theatre 1601-2000 Chris Morash,2002 Chris Morash s widely praised account of Irish Theatre traces an often forgotten history leading up to the Irish Literary Revival He then follows that history to the present by creating a remarkably clear picture of the cultural contexts which produced the playwrights who have been responsible for making Irish theatre s world wide historical and contemporary reputation The main chapters are each followed by shorter chapters focusing on a single night at the theatre This prize winning book is an essential entertaining and highly original guide to the history and performance of Irish theatre

Buffoonery in Irish Drama Kathleen Heininge,2009 Generations of Irish playwrights have tried to assert the reputation of the stage Irish figure as other than comic but each effort was in its turn assailed as buffoonery Using post colonial and performative theory Buffoonery in Irish Drama demonstrates the ways the Irish struggled to create a sense of identity in a colonial structure and it explores the distortion and appropriation of that new identity that elicit further calls to eradicate negative stereotypes Demonstrating the pervasiveness of the reclamation efforts Buffoonery in Irish Drama covers a wide range of well known and obscure plays to show the trajectory of twentieth century drama that brings us into a globalized twenty first century Ireland

Theatre Worlds in Motion S.E. Wilmer,H. van Maanen,2024-04-02 Theatre Worlds in Motion aims to clarify the different theatre traditions and practices in Western Europe from a historical and sociological perspective The book grew out of a perceived need among theatre scholars who had recognised that while they understood the theatre system of their own country they often found it difficult to discover how it compared with other countries The chapters analyse the basic components and dynamics of theatre systems in seventeen Western European nations in order to elucidate how the systems function in general and how they vary in different cultures The book provides a sense of what has been happening recently in particular countries and indicates how the theatre systems have developed over time and have led to the current practices and structures Each national chapter considers the historical tradition and place of theatre within the country and analyses the role of the state in fostering theatre during the last fifty years Material from the national chapters has been used in two general chapters at the beginning and end of the book to provide an overview to developments in all Western Europe The introductory chapter on decentralisation discusses the

tendency amongst governments to encourage cultural development outside the national capital by providing subsidy for regional theatre venues and theatre companies and in many cases by developing the decision making and budgetary powers for the theatre to regional and local authorities The epilogue on the functioning of theatre examines the common structures of theatre in society as described in the seventeen national chapters and it proposes areas for future research [Fifty Key Irish Plays](#) Shaun Richards,2022-08-25 [Fifty Key Irish Plays](#) charts the progression of modern Irish drama from Dion Boucicault's entry on to the global stage of the Irish diaspora to the contemporary dramas created by the experiences of the New Irish Each chapter provides a brief plot outline along with informed analysis and alert to the cultural and critical context of each play an account of the key roles that they played in the developing story of Irish drama While the core of the collection is based on the critical canon including work by J M Synge Lady Gregory Teresa Deevy and Brian Friel plays such as Tom Mac Intyre's *The Great Hunger* and ANU Productions *Laundry* which illuminate routes away from the mainstream are also included With a focus on the development of form as well as theme the collection guides the reader to an informed overview of Irish theatre via succinct and insightful essays by an international team of academics This invaluable collection will be of particular interest to undergraduate students of theatre and performance studies and to lay readers looking to expand their appreciation of Irish drama *Theatre Record* ,2001 **The Golden Thread** David Clare,Fiona McDonagh,Justine Nakase,2021 This two volume edited collection covers three hundred years of Irish women's playwriting with forty two essays written by leading and emerging Irish theatre scholars and practitioners Volume One looks at the period from 1716 to 1992 exploring such varied themes as the impact of space and place on identity women's strategic use of genre and theatrical responses to shifts in Irish politics and culture [The Theatre Guide](#) Trevor R.
