## **Decline Fall Of Practically Everybody:**

The Decline and Fall of Practically Everybody Will Cuppy, 2008-10-01 A New York Times bestselling comical take on world history from the beloved New Yorker humorist So you think you know most of what there is to know about people like Nero and Cleopatra Alexander the Great and Attila the Hun Lady Godiva and Miles Standish You say there s nothing more to be written about Lucrezia Borgia How wrong you are for in these pages you ll find Will Cuppy footloose in the footnotes of history He transforms these luminaries into human beings not as we knew them from history books but as we would have known them Cuppy wise foolish fallible and very much our common ancestors When it was first published in 1950 The Decline and Fall of Practically Everybody spent four months on The New York Times bestseller list and Edward R Murrow devoted more than two thirds of one of his nightly CBS programs to a reading from Cuppy s historical sketches calling it the history book of the year The book eventually went through eighteen hardcover printings and ten foreign editions proof of its impeccable accuracy and deadly imperishable humor

**The Decline and Fall of Practically Everyone** Victor G. Novander Jr., 2006-03-07 The Decline and Fall of Practically Everyone is a concise history of humanity It is written from the point of view of someone whose outlook on life has been transformed by primal therapy and who has become a lifelong primal person No other history has been written from this unique perspective The Decline and Fall of Practically Everyone offers to each one who is ready for it a fresh glimpse into his own history and into a sound understanding of the course all human history has taken toward the devolution of original human consciousness into unconscious self awareness In Part I the author defines consciousness unconscious self awareness primal pain primaling and what living a primal life involves He pictures the primal life as putting ones feet on the path toward greater consciousness The authors stated purpose is to wake us up to our condition of unconscious self awareness He feels that unless we are awakened humanity will continue to careen toward destroying itself and the life sustaining nurture of Earth The authors approach to the necessary awakening is historical If one can see history through primal eyes one will not only see the devolution of consciousness into unconscious self awareness down through the millennia one will sense it in ones own life and do something about it Then in Part II he explores various attributes of unconscious self awareness that are relevant to a primal understanding of history These subjects include the basic split the point at which unconscious self awareness completely suppresses consciousness the location and upward movement of unconscious self awareness in the body the experience of time and space the changing nature of the supreme deity and the four motifs of religion In Part III the author begins to explore the historical devolution of original consciousness into unconscious self awareness Subjects revealing the devolution include beliefs regarding the origin of the cosmos and of humanity the destiny of the dead shamanism the several millennia long invasions by Warrior God societies of Mother Goddess cultures and the revolutionary religions of Buddhism and Christianity In the authors view everything that has happened since the 1st millennium B C E is but a footnote to it and he therefore skips to the Americas in

the 15th century In Part IV the author concentrates on greed and lust for power as the chief characteristics of unconscious self awareness in the modern period He begins with Columbus and the euphemistically named Age of Exploration to illustrate how greed and the lust for power dominated the Western European Colonial powers Next he shows how the Age of Enlightenment and its major philosophers and economists provided the basis for our Founding Fathers to craft a constitution that enshrined themselves as a rich and powerful elite ruling class To illustrate the greed and lust for power of unconscious self awareness in the rest of U S history he discusses economics individualism class and class struggle differences among people and between men and women in the degree of unconscious self awareness family parenting models unilateralism as the national expression of individualism and the U S as a nation dominated by greed by a lust for power by a quest for world domination and by the willingness to use violence and terror to achieve these ends In the final chapter the author reiterates his purpose of awakening his readers from the state of unconscious self awareness In contrast to a strictly psychological approach to fulfill his purpose the author has adopted in addition a perspective that encompasses the whole sweep of human history He ends by offering a cautious optimism for the future

**If God Loves Me, Why Can't I Get My Locker Open?** Lorraine Peterson,2006-08 Since Oxford University Press s publication in 2000 of Michael Emerson and Christian Smith s groundbreaking study *Divided by Faith* DBF research on racialized religion has burgeoned in a variety of disciplines in response to and in conversation with DBF This conversation has moved outside of sociological circles historians theologians and philosophers have also engaged the central tenets of DBF for the purpose of contextualizing substantiating and in some cases contesting the book s findings In a poll published in January 2012 nearly 70% of evangelical churches professed a desire to be racially and culturally diverse Currently only around 8% of them have achieved this multiracial status To an unprecedented degree evangelical churches in the United States are trying to overcome the deep racial divides that persist in their congregations Not surprisingly many of these

evangelicals have turned to DBF for solutions The essays in *Christians and the Color Line* complicate the research findings of Emerson and Smith's study and explore new areas of research that have opened in the years since DBF's publication The book is split into two sections The chapters in the first section consider the history of American evangelicalism and race as portrayed in DBF In the second section the authors pick up where DBF left off and discuss how American churches could ameliorate the problem of race in their congregations while also identifying problems that can arise from such attempted amelioration

**Will Cuppy, American Satirist** Wes D. Gehring, 2013-10-11 Back in the golden age of humor books late 1920s early 1950s when wits of the pantheon like Robert Benchley James Thurber and S J Perelman were producing their signature works there was another singular satirist who more than held his own with such fast company Will Cuppy 1884-1949 This factual funnyman's metier is dark comedy that flirts with nihilism His agenda is baldly stated in such classic Cuppy book titles as *How to Be a Hermit* 1929 *How to Tell Your Friends from the Apes* 1931 and *The Decline and Fall of Practically Everybody* 1950 This biography doubles as a critical study of a satirist whose shish kebabing of humanity was often done through the veiled anthropomorphic use of animals For a biographer Will Cuppy represents a treasure trove of possibilities He was a great humorist and most of his best work is still in print but until now he has never been the subject of a book length study His mesmerizingly complex and eccentric private life almost trumps the comic accomplishments of his public persona
