Decoding The Ancient Novel:

Decoding the Ancient Novel Shadi Bartsch, 2014-07-14 Using a reader oriented approach Shadi Bartsch reconsiders the role of detailed descriptive accounts in the ancient Greek novels of Heliodorus and Achilles Tatius and in so doing offers a new view of the genre itself Bartsch demonstrates that these passages often misunderstood as mere ornamental devices form in fact an integral part of the narrative proper working to activate the audience's awareness of the play of meaning in the story As the crucial elements in the evolution of a relationship in which the author arouses and then undermines the expectations of his readership these passages provide the key to a better understanding and interpretation of these two most sophisticated of the ancient Greek romances In many works of the Second Sophistic descriptions of visual conveyors of meaning artworks and dreams signaled the presence of a deeper meaning This meaning was revealed in the texts themselves through an interpretation furnished by the author The two novels at hand however manipulate this convention of hermeneutic description by playing upon their readers expectations and luring them into the trap of incorrect exegesis Employed for different ends in the context of each work this process has similar implications in both for the relationship between reader and author as it arises out of the former's involvement with the text Originally published in 1989 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Uta 2003 *Parthenope* offers an indexed version of his main contributions in the field especially from the 1980s and 1990s as well as previously unpublished work a new introduction and a complete bibliography of the author Apart from probing further into the literary world of Chariton Xenophon and Heliodorus Hägg also widens the scope with studies on the Lives of Aesop and Apollonios of Tyana and on the oriental reception of the Greek novel

A Companion to Greek Rhetoric Ian Worthington, 2010-01-11 This complete guide to ancient Greek rhetoric is exceptional both in its chronological

range and the breadth of topics it covers Traces the rise of rhetoric and its uses from Homer to Byzantium Covers wider ranging topics such as rhetoric s relationship to knowledge ethics religion law and emotion Incorporates new material giving us fresh insights into how the Greeks saw and used rhetoric Discusses the idea of rhetoric and examines the status of rhetoric studies present and future All quotations from ancient sources are translated into English **Leucippe and Clitophon** Achilles Tatius,2003 Achilles Tatius Leucippe and Clitophon is the most bizarre and risqué of the five Greek novels of idealized love between boy and girl that survive from the time of the Roman empire Stretching the capacity of the genre to its limits Achilles narrative covers adultery violence disembowelment pederasty virginity testing and a conveniently happy ending Ingenious and sophisticated in conception Leucippe and Clitophon is at once subtle stylish moving brash tasteless and obscene This new translation aims to capture Achilles writing in all its exuberant variety **Animals in the Apocryphal Acts of the Apostles** Janet E. Spittler,2008 Revised thesis Ph D University of Chicago 2007 Homer: Iliad Book XVIII Homer,2019-01-10 Presents an edition of this outstanding book containing a clear and readable introduction concise notes on the text and strong literary appreciation Visuality in the Novels of Austen, Radcliffe, Edgeworth and Burney Jessica A. Volz,2017-03-01 Visuality in the Novels of Austen Radcliffe Edgeworth and Burney argues that the proliferation of visual codes metaphors and references to the gaze in women s novels published in Britain between 1778 and 1815 is more significant than scholars have previously acknowledged The book s innovative survey of the oeuvres of four culturally representative women novelists of the period spanning the Anglo French War and the Battle of Waterloo reveals the importance of visuality the continuum linking visual and verbal communication It provided women novelists with a methodology capable of circumventing the cultural strictures on female expression in a way that concealed resistance within the limits of language In contexts dominated by frustrated utterance penetrating gazes and the perpetual threat of misinterpretation Jane Austen Ann Radcliffe Maria Edgeworth and Frances Burney used references to the visible and the invisible to comment on emotions socio economic conditions and patriarchal abuses Visuality in the Novels of Austen Radcliffe Edgeworth and Burney offers new insights into verbal economy and the gender politics of the era by reassessing expression and perception from a uniquely telling point of view Eighteenth-Century Fiction and the Law of Property Wolfram Schmidgen,2002-10-17 In Eighteenth Century Fiction and the Law of Property Wolfram Schmidgen draws on legal and economic writings to analyse the description of houses landscapes and commodities in eighteenth century fiction His study argues that such descriptions are important to the British imagination of community By making visible what it means to own something they illuminate how competing concepts of property define the boundaries of the individual of social community and of political systems In this way Schmidgen recovers description as a major feature of eighteenth century prose and he makes his case across a wide range of authors including Daniel Defoe Henry Fielding William Blackstone Adam Smith and Ann Radcliffe The book s most incisive theoretical contribution lies in its careful insistence on the unity of the

human and the material in Schmidgen's argument persons and things are inescapably entangled This approach produces fresh insights into the relationship between law literature and economics

Paideia at Play Werner Riess, 2008 Paideia the yearning for and display of knowledge reached its height as a cultural concept in the works of the Second Sophistic an elite literary and philosophical movement seeking to ape the style and achievements of the 5th and 4th centuries BC A crucial element in the display of paideia was an ability to mix the witty and playful with the serious and instructive The Second Sophistic is known as a Greek phenomenon but these essays ask how the Latin author Apuleius fitted into this framework and created a distinctively Latin expression of paideia focusing on the elements of playfulness at its heart

Vision and Narrative in Achilles Tatius' Leucippe and Clitophon Helen Morales, 2004-12-16 Achilles Tatius Leucippe and Clitophon long regarded as the most controversial of the ancient Greek novels is an outrageous tale of love and loss of Phoenicians and philosophers virginity tests and snuff murders This book the first published monograph on Achilles Tatius is a study of Leucippe and Clitophon in its literary and visual contexts It presents fresh insights into the work's narrative complexities and interpretative difficulties It is particularly concerned with the novel's obsessions with the eye with theories descriptions and metaphors of the visual It advances a reading that gives full play to the narrative's digressions ekphrasis sententia blason and spectacle and discusses the politics of digressivity This book is written to be accessible to non specialists and all Greek is translated or paraphrased It aims to contribute to a cultural history of viewing and to feminist literary criticism as well as to the study of the ancient novel

Rape and Representation Lynn A. Higgins, 1993-07-15 Rape does not have to happen The fact that it does and in the United States a rape is reported every six minutes indicates that we live in a rape prone culture where rape or the threat of rape functions as a tool for enforcing sexual difference and hierarchy Rape and Representation explores how cultural forms construct and reinforce social attitudes and behaviors that perpetuate sexual violence The essays proceed from the observation that literature not only reflects but also contributes to what a society believes about itself Fourteen essays by authors in the fields of English American and African American German African Brazilian Classical and French literatures and film present a wide range of texts from different historical periods and cultures Contributors demythologize patriarchal representation in literature and art in order to show how it makes rape seem natural and inevitable Contributors include the editors John J Winkler Patricia Klindiest Joplin Susan Winnett Ellen Rooney Coppelia Kahn Eileen Julien Marta Peixoto Kathryn Gravdal Carla Freccero Nellie V McKay Nancy A Jones and Froma I Zeitlin Their work raises pressing and often difficult questions for feminist criticism

Ekphrasis, Vision, and Persuasion in the Book of Revelation Robyn J. Whitaker, 2015-11-13 Robyn J Whitaker interprets the Book of Revelation within the context of ancient rhetoric and religion She argues that the author of Revelation uses a popular rhetorical tool ekphrasis to paint word pictures of God that compete with material images to both critique image making and simultaneously make an absent God present

Studies in Heliodorus Richard Hunter, 2020-08-30 Nine essays on Heliodorus Aithiopika assessing narrative technique the construction

of culture and the work's reception by more recent cultures *The Oxford Handbook of the Second Sophistic* Daniel S. Richter, William Allen Johnson, 2017 Focusing on the period known as the Second Sophistic this Handbook offers guidance on the wide range of textual materials that survive many of which are useful or even core to inquiries of particularly current interest while also keeping a sharp focus on how we can best situate these texts within the broader socio cultural milieu

The Virgin and the Bride Kate Cooper, 1999 Rejecting Roman feminine virtue in its pure form Christianity claimed a moral superiority in its ideals of romance and portrayed women seeking more spiritual goals Cooper studies how this connected with social and religious change *The Greek World* Anton Powell, 2002-09-11 Studying from the Mycenaean to the late Hellenistic period this work includes new articles by twenty seven specialists of ancient Greece and presents an examination of the Greek cultures of mainland Greece Asia Minor Egypt and Italy With the chapters sharing the theme of social history this fascinating book focuses on women the poor and the slaves all traditionally seen as beyond the margins of power and includes the study of figures who were on the literal margins of the Greek world Bringing to the forefront the research into areas previously thought of as marginal Anton Powell sheds new light on vital topics and authors who are central to the study of Greek culture Plato's reforms are illuminated through a consideration of his impatient and revolutionary attitude to women and Powell also examines how the most potent symbol of central Greek history the Parthenon can be understood as a political symbol when viewed with the knowledge of the cosmetic techniques used by classical Athenian women *The Greek World* is a stimulating and enlightening interaction of social and political history comprehensive and unique to boot students will undoubtedly benefit from the insight and knowledge it imparts **On Coming After** Richard Hunter, 2009-02-26 This book gathers together many of the principal essays of Richard Hunter whose work has been fundamental in the modern re evaluation of Greek literature after Alexander and its reception at Rome and elsewhere At the heart of Hunter's work lies the high poetry of Ptolemaic Alexandria Callimachus Theocritus and Apollonius of Rhodes and the narrative literature of later antiquity the ancient novel but comedy mime didactic poetry and ancient literary criticism all fall within the scope of these studies Principal recurrent themes are the uses and recreation of the past the modes of poetic allusion the moral purposes of literature the intellectual context for ancient poetry and the interaction of poetry and criticism What emerges is not a literature shackled to the past and cowed by an anxiety of influence but an energetic and constantly experimental engagement with both past and present *The Shadow of an Ass* Jeffrey P. Ulrich, 2024 Jeffrey Ulrich's *The Shadow of an Ass* addresses fundamental questions about the reception and aesthetic experience of Apuleius *Metamorphoses* popularly known as *The Golden Ass* by situating the novel in a contemporaneous literary and philosophical discourse emerging in the Second Sophistic This unique Latin novel follows a man who is accidentally turned into a donkey because of his curiosity viewing the world through a donkey's eyes until he is returned to human form by the Egyptian goddess Isis In the end he chooses to become a cult initiate and priest instead of a debased and

overindulgent ass On the one hand the novel encourages readers to take pleasure in the narrator's experiences as he relishes food sex and forbidden forms of knowledge Simultaneously it challenges readers to reconsider their participation in the story by exposing its donkey narrator as a failed model of heroism and philosophical investigation Ulrich interprets the *Metamorphoses* as a locus of philosophical inquiry positioning the act of reading as a choice of how much to invest in this tale of pleasurable transformation and unanticipated conversion The *Shadow of an Ass* further explores how Apuleius as a North African philosopher translating an originally Greek novel into a Latin idiolect transforms himself into an intermediary of Platonic philosophy for his Carthaginian audience Situating the novel in a long history of philosophical and literary conversations Ulrich suggests that the *Metamorphoses* anticipates much of the philosophical burlesque we tend to associate with early modern fiction from *Don Quixote* to Lewis Carroll
