Deedo And Dido:

Deedo and Dido Robert Lardinois, Sandy Lardinois, Gordon Parmentier, 1992-11-01 Two orphaned doves befriend neighboring animals and try to help with their problems *Henry Purcell's Dido and Aeneas* Ellen T. Harris, 2018 Purcell's *Dido and Aeneas* stands as the greatest operatic achievement of seventeenth century England and yet despite its global renown it remains cloaked in mystery The date and place of its first performance cannot be fixed with precision and the absolute accuracy of the surviving scores which date from almost 100 years after the work was written cannot be assumed In this thirtieth anniversary new edition of her book Ellen Harris closely examines the many theories that have been proposed for the opera's origin and chronology considering the opera both as political allegory and as a positive exemplar for young women Her study explores the work's historical position in the Restoration theater revealing its roots in seventeenth century English theatrical and musical traditions and carefully evaluates the surviving sources for the various readings they offer of line designations in the text who sings what the vocal ranges of the soloists the use of dance and chorus and overall layout It goes on to provide substantive analysis of Purcell's musical declamation and use of ground bass In tracing the performance history of *Dido and Aeneas* Harris presents an in depth examination of the adaptations made by the Academy of Ancient Music at the end of the eighteenth century based on the surviving manuscripts She then follows the growing interest in the creation of an authentic version in the nineteenth and early twentieth centuries through published editions and performance reviews and considers the opera as an important factor in the so called English Musical Renaissance To a significant degree the continuing fascination with Purcell's *Dido and Aeneas* rests on its apparent mutability and Harris shows this has been inherent in the opera effectively from its origin Dido - Didon - Didone Thomas Kailuweit, 2005 *Dido die sagenhafte GrDido die sagenhafte Grnderin Karthagos ist eine der groen Liebenden der Weltliteratur Ihre Begegnung mit Aeneas dem Stammvater der Rmer endet tragisch und begrndet den historischen Kampf Roms und Karthagos Nach Vergils Aeneis widmeten sich Ovid Tacitus Augustinus Boccaccio Shakespeare Kaschnitz Schmidt und Cixous dem Dido Stoff im Bereich der Oper Purcell Metastasio und Berlioz Mehr als 1400 Werke aus Literatur und Musik werden in diesem Buch bibliographisch beschrieben und kommentiert Jeder Artikel steht im Kontext seiner Gattung und enthlt Hinweise auf die aktuelle Forschungsliteratur Berücksichtigt wurden auch vorvergilische und alternative Sagenversionen und bisher bersehene kleine Formen wie Kantate Totengesprch und Cartoon Popular Literature and Pre-modern Societies in South Asia Surinder Singh, I. going unheeded and leaving Americans dangerously exposed just as warnings by the mythological Cassandra went unheeded resulting in the destruction of ancient Troy As the novel opens plotters travel to America and seduce and recruit government officials in order to gain access and then manipulate in undetectable ways the computer programs that control voting systems The subversive group targets weak leaders and government bureaucrats whose thirst for power or other gain makes them susceptible They find many eager takers Meanwhile the National Institute of Standards and Technology in D C has assembled a team led by former Navy SEAL Carl Martello to work on federal election oversight He is joined by Angela Elanthos brilliant at computers and decoding and soon they become suspicious of one of the largest voting companies controlling millions of voting machines certain they have rigged their programs Despite government inertia and very different backgrounds Carl and Angela race against the clock to uncover the high tech complexities of a plot to fix the outcome of the election As the novel so alarmingly reveals the means by which the democratic institutions can be sabotaged within the voting process are all too real as is the public s continuing indifference to what could happen Cassandra Chanting is a gripping tale telling us why we must be ever diligent in protecting our institutions against those who exercise no restraint attempting to destroy those institutions and us Embedded in this spell binder of a novel is a startling and convincing message the vulnerability of the very voting system the US is now adopting The author clearly understands the new system and what makes it tick and shows how it could be fixed to produce a winner different from the popular vote In the process the very legitimacy of our political system would be subverted November 2008 is not so far away We must heed this warning Marvin Zonis is a Professor in the Graduate School of Business The University of Chicago He also heads Marvin Zonis Associates Inc political risk consultants www.cassandrachanting.com *The Cumulative Book Index*, 1994 A world list of books in the English language **London Music in 1888-89 as Heard by Corno Di Bassetto** Bernard Shaw, 1917
