the peripheries of capitalist leisure Freed Thall recasts familiar seaside practices including tide pooling beachcombing gambling and sunbathing as radical experiments in perception and sociability Close readings of works by Marcel Proust Virginia Woolf Claude McKay Samuel Beckett Rachel Carson and Gordon Matta Clark among others explore the modernist beach as a queer refuge a precarious commons a scene of collective exhaustion and endurance and a visionary threshold at the end of the world Interweaving environmental humanities queer and feminist theory and cultural history *Modernism at the Beach* offers new ways of understanding twentieth century literature and its relation to ecological thought **Books in Print Supplement** ,2002 **The Working Class in American Literature** John F.
