Deep Chill Li Westerlund, 2009 *Tyson* Marvin Schwartz, 1991-01-01 Marvin Schwartz chronicles the story of Tyson Foods and its impact on both the business community and the poultry market in America in an entertaining and enlightening tribute to the Tyson vision and success **The Deep Woods** Hope Zane, 2020-06-15 Galahad is a witch with a face as lovely as a rose and because of it he'll never be free Not since he was lured into the deep dark woods as a child and marked by the fae His days are numbered and his fate is not his own unless he can find a way to break the curse before it's too late As the clock ticks down help comes from the unlikely place not from Galahad's famed magical mother or his talented and wise twin sister but from the very same boy Galahad couldn't stand as a child The sunny young man who grew into a knight The Deep Woods is Book 1 of The Witchblood Heir series an MM fantasy romance novel featuring a prickly sensitive boy witch and the gentle steadfast knight he grew up with Perfect for lovers of lush bittersweet tales of sunshine grumpy a sweet and deep bond between twins and the secrets at the heart of the darkest part of the forest **The Deepest Wound** Linda Crockett, James Newton Poling, 2001-10-04 Accompaniment means to walk with those who suffer I learned how to accompany refugees in war zones in El Salvador offering protection against military attack with my physical presence I learned how to be accompanied when my work in Central America became the catalyst for my own healing from years of emotional sexual and physical abuse primarily at the hands of my mother Linda Crockett Combining the personal narrative of a survivor of incest with stories from El Salvador's bloody civil war in the 1980s The Deepest Wound demonstrates that victims of sadistic childhood abuse share common ground with survivors of political torture It explores the social conditions that foster private and public war zones and the cultural dynamics that impede healing from individual and collective trauma Offering the concept of accompaniment as a new paradigm for healing Crockett challenges readers to consider complex issues such as touch within the therapeutic alliance the delicate and dangerous dance of relationship between survivors and supporters and the difficulty inherent in accepting even basic medical treatment Teaching those who accompany her lessons absorbed from Salvadoran peasants about healing from trauma Crockett offers new hope for survivors and for those who walk with them
