Deep Black Payback:

Deep Black: Payback Stephen Coonts, Jim DeFelice, 2005-10-04 A covert mission in Peru is derailed by a renegade general's devastating threat in the New York Times bestselling author's acclaimed technothriller series. Ex Marine sniper Charlie Dean and his top secret NSA team have their orders: Infiltrate the highest stratum of Peruvian political power to stop a general fromacing an election. All Dean has to do is find a way inside an impenetrable bank vault protected by armed guards round the clock. It's all in a day's work for the men and women of Deep Black. But things get complicated when Dean and company discover the general's second plot. The military madman's ruse: a nuclear weapon he claims is in the hands of Marxist guerillas. A bomb that only he can rescue and control. When the general and his plot are exposed, the NSA concludes the greatest threat is over. But in fact it's only just beginning.

The Armageddon File Stephen Coonts, 2017-11-06 Stephen Coonts delivers another high powered politically charged thriller that is not to be missed. The Real Book Spy: A headline inspired thriller with a conservative slant. Publishers Weekly: After one of the most contentious and divisive elections in American history the new president is finally settling into the West Wing. But when his chief of staff discovers evidence that voting machines in key counties in swing states were tampered with, the whole administration is in danger of unraveling. Did someone steal the election? Are America's enemies involved? Were the tampered with machines actually rigged to swing the election the other way? And if so, and the plot failed, what is the conspirators backup plan? Jake Grafton and Tommy Carmellini race to solve the mystery of a potentially rigged election before Americans' full faith and credit in our democracy, sovereignty and rule of law become completely undone.

Deep Black: Death Wave Stephen Coonts, William H. Keith, 2011-02-03 The theft of nuclear artillery shells spells disaster for Charlie Dean. He leads the National Security Agency's crack undercover team Deep Black Desk Three whose job it is to neutralise the threat. The terrorist plot is headed by an Islamic terrorist codenamed the Jackal. He aims to destroy the West by detonating the shells deep inside the Cumbre Vieja volcano on La Palma, Gran Canaria. This would send a tsunami across the Atlantic Ocean straight to the East Coast of America. Charlie and his team have only days to prevent the devastation of the Western World.

Liberty's Last Stand Stephen Coonts, 2016-06-13 New York Times bestselling author Stephen Coonts delivers another nail biting thriller starring CIA Director Jake Grafton and his right hand man Tommy Carmellini. The president of the United States stands on an outdoor stage flanked by powerful members of his administration and party. Television crews are preparing for broadcast. High above the stage on a nearby rooftop a decorated sniper adjusts the scope on his rifle. Afterwards America will never be the same. Jake Grafton and Tommy Carmellini suddenly find themselves on the wrong side of the law when a public act of violence throws the country into chaos just before a presidential election. After martial law is declared and rioting begins Grafton and Carmellini must risk everything to unravel a massive conspiracy and help a new resistance movement rise up against an unimaginable enemy.
