Dr. David W. Hughes

Deep Secret:

Legal Secrets Kim Lane Scheppele, 1988 Does the seller of a house have to tell the buyer that the water is turned off twelve hours a day Does the buyer of a great quantity of tobacco have to inform the seller that the military blockade of the local port which had depressed tobacco sales and lowered prices is about to end Courts say yes in the first case no in the second How can we understand the difference in judgments And what does it say about whether the psychiatrist should disclose to his patient's girlfriend that the patient wants to kill her Kim Lane Scheppele answers the question Which secrets are legal secrets and what makes them so She challenges the economic theory of law which argues that judges decide cases in ways that maximize efficiency and she shows that judges use equality as an important principle in their decisions In the course of thinking about secrets Scheppele also explores broader questions about judicial reasoning how judges find meaning in legal texts and how they infuse every fact summary with the values of their legal culture Finally the specific insights about secrecy are shown to be consistent with a general moral theory of law that indicates what the content of law should be if the law is to be legitimate a theory that sees legal justification as the opportunity to attract consent This is more than a book about secrets It is also a book about the limits of an economic view of law Ultimately it is a work in constructive legal theory one that draws on moral philosophy sociology economics and political theory to develop a new view of legal interpretation and legal morality

The Secrets of Law Austin Sarat, Lawrence Douglas, Martha Merrill Umphrey, 2012-10-31 The Secrets of Law explores the ways law both traffics in and regulates secrecy Taking a close look at the opacity built into legal and governance processes it explores the ways law produces zones of secrecy the relation between secrecy and justice and how we understand the inscrutability of law's processes The first half of the work examines the role of secrecy in contemporary political and legal practices including the question of transparency in democratic processes during the Bush Administration the principle of public justice in England's response to the war on terror and the evidentiary law of spousal privilege The second half of the book explores legal literary and filmic representations of secrets in law focusing on how knowledge about particular cases and crimes is often rendered opaque to those attempting to access and decode the information Those invested in transparency must ultimately cultivate a capacity to read between the lines decode the illegible and acknowledge both the virtues and dangers of the unknowable

(In)visible European Government Maarten Hillebrandt, Päivi Leino-Sandberg, Ida Koivisto, 2023-12-22 This book questions the theoretical premises and practical applications of transparency showing both the promises and perils of transparency in a methodologically innovative way and in a cross section of policy instruments It scrutinizes transparency from three perspectives methodologically theoretically and empirically both in the specific context of the EU but also in the wider context of modern society in which transparency is embraced as an almost unquestionable virtue This book examines the ways in which transparency practices can make institutions visible and stands out for its methodological self reflection to fully understand the irresistible call for

transparency in our governing institutions we must reflect on our own relationship with it This book will be of key interest to scholars and students of transparency studies democratic legitimacy global governance governance law EU studies and law and public policy more widely

Secrets, Gossip, and Gods Paul Christopher Johnson, 2002-08-15 In this wide ranging book Paul Christopher Johnson explores the changing hidden face of the Afro Brazilian indigenous religion of Candomblé Despite its importance in Brazilian society Candomblé has received far less attention than its sister religions Vodou and Santería Johnson seeks to fill this void by offering a comprehensive look at the development beliefs and practices of Candomblé and exploring its transformation from a secret society of slaves hidden persecuted and marginalized to a public religion that is very much a part of Brazilian culture Johnson traces this historical shift and locates the turning point in the creation of Brazilian national identity and a public sphere in the first half of the twentieth century His major focus is on the ritual practice of secrecy in Candomblé Like Vodou and Santería and the African Yoruba religion from which they are descended Candomblé features a hierarchic series of initiations with increasing access to secret knowledge at each level As Johnson shows the nature and uses of secrecy evolved with the religion First secrecy was essential to a society that had to remain hidden from authorities Later when Candomblé became known and actively persecuted its secrecy became a form of resistance as well as an exotic hidden power desired by elites Finally as Candomblé became a public religion and a vital part of Brazilian culture the debate increasingly turned away from the secrets themselves and toward their possessors It is speech about secrets and not the content of those secrets that is now most important in building status legitimacy and power in Candomblé Offering many first hand accounts of the rites and rituals of contemporary Candomblé this book provides insight into this influential but little studied group while at the same time making a valuable contribution to our understanding of the relationship between religion and society

Teratologies Jackie Stacey, 2013-07-23 Stories of cancer are full of monster and marvels the monstrosity of the disease and the treatments the marvels of the cures and the saved lives Still one of the most dreaded diseases to haunt our imaginations cancer is more than an illness it is a cultural phenomenon People who have cancer are bombarded with competing explanations of their conditions it is genetically inherited it is environmentally produced it is the result of their personality *Teratologies A Cultural Study of Cancer* investigates how this disease is perceived experienced and theorised in contemporary society It explores changing beliefs about the causes of and the cures for cancer in both biomedicine and its increasingly popular alternative counterparts Analysing conventional and alternative medical accounts self help manuals and patients personal stories Jackie Stacey takes a critical look at the place of heroes metaphors the self and the body in these competing bids to produce the authoritative definition of the meaning of cancer today Interspersed with these detailed textual investigations are discussions of broader issues such as the feminist debates about the history of science the place of consumer culture in health practices and the status of patients and of health professionals in postmodern society Combining autobiographical narratives with contemporary theoretical debates the

author carves out a specifically feminist analysis of the cultural dimensions of cancer She brings accounts of her own illness under the critical lens of academic scrutiny and situates these personal stories within a discussion of contemporary cultural change

Ten Stupid Things Couples Do to Mess Up Their Relationships Dr. Laura Schlessinger, Laura Schlessinger, 2001-12-24 Have you ever withheld information from your spouse or partner for fear of rejection Do you feel that your own needs come before your relationship Do you continue to cling to past relationships even at the expense of your current one Do you put your work first even if it means you never see your family Are you in a destructive relationship If you answered yes to any of these questions then Dr Laura has some hard truths for you to face Dr Laura Schlessinger is an expert on the stupid things men and women do to sabotage themselves and their happiness In her earlier bestsellers *Ten Stupid Things Women Do to Mess Up Their Lives* and *Ten Stupid Things Men Do to Mess Up Their Lives* she urged her readers to take responsibility for their actions and to respect themselves and the people in their lives Now the popular radio talk show host tackles another difficult complicated issue the ways in which women and men hurt themselves and one another in their romantic relationships Using real life situations from her radio call in show and from listeners letters Dr Laura offers firm yet compassionate advice on how to find greater happiness in life and in love She urges couples to set their priorities straight learn the difference between privacy and secrecy stop making stupid excuses for their mistakes and face their responsibilities to each other and to their families Too often individuals in relationships ask only what the relationship can do for them not what they can do for the relationship Too many people are jumping into intimate relationships before taking the time to get to know each other In *Ten Stupid Things Couples Do to Mess Up Their Relationships* Dr Laura calls for a return to traditional courtship Courtship allows couples and their families to get acquainted with one another over a longer period of time and provides structure and guidelines for that important process She asks couples to take a long hard look at the recurring problems in their marriages both small and large and doesn t hesitate to tell them what they are doing wrong and how they can fix them This is an invaluable guide for all married couples newlyweds and grandparents alike and for single people who are struggling to find the right mate or to escape a bad relationship Acknowledging your stupid mistakes can be difficult but with the help of this book you will learn how to correct them and how to find fulfillment joy and loving companionship in your most important relationship

The Expositions On The Psalms Volume 1 St. Augustine of Hippo, In any commentary on a portion of the Old Testament by a writer unacquainted with Hebrew exact criticism and freedom from mistake must not be expected But the Psalms have been so in the mouth and in the heart of God s people in all languages that it has been necessary often to find an explanation suitable to imperfect

translations And no doubt it is intended that we should use such explanations for the purpose of edification when we are unable to be more accurate though in proving doctrine it is necessary always to remember and allow for any want of acquaintance with the original or uncertainty with respect to its actual meaning However the main scope and bearing of the text is rarely affected by such points as vary in different translations and the analogy of the faith is sufficient to prevent a Catholic mind from adopting any error in consequence of a text seeming to bear a heterodox meaning Perhaps the errors of translation in the existing versions may have led the Fathers to adopt rules of interpretation ranging too far from the simple and literal but having such translations they could hardly use them otherwise Meanwhile St Augustin will be found to excel in the intense apprehension of those great truths which pervade the whole of Sacred Writ and in the vivid and powerful exposition of what bears upon them It is hardly possible to read his practical and forcible applications of Holy Scripture without feeling those truths by the faith of which we ought to live brought home to the heart in a wonderful manner His was a mind that strove earnestly to solve the great problems of human life and after exhausting the resources and discovering the emptiness of erroneous systems found truth and rest at last in Catholic Christianity in the religion of the Bible as expounded by St Ambrose This is volume one out of two covering the Psalms I through LXXIII *Irony on Occasion* Kevin

Newmark,2012 This book examines how the romantic and post romantic concept of irony provides the means for an uneasy articulation between philosophical thought and literary language It considers the role played by ironic disruptions in writings by Friedrich Schlegel S ren Kierkegaard Friedrich Nietzsche Thomas Mann Jean Paulhan Jacques Derrida Paul de Man and J M Coetzee [America's Secret Service Ace](#) Nick Carr,2007-09-01 Nick Carr provides a comprehensive look at this extraordinary forty eight chapter pulp serial complete with character guides plot points and front cover reproductions

Miracle as Modern Conundrum in South Asian Religious Traditions Corinne G. Dempsey,Selva J. Raj,2008-10-30 Looks at perceptions of the miraculous in a variety of contemporary South Asian religious traditions Hinduism Buddhism Islam and Christianity **The Road to Transition** Bree Record,2016-10-07 The Road to Transition is my story which was forty days in the telling and fifty five years in the living that is if you can call existing living It still amazes me how much you can lose without actually realizing it Each lost piece takes on the worth exceeding that of the finest of golden treasures I know because in the telling of this story I discovered that The forty days are those that led up to my gender confirmation surgery It was a time with as many ups and downs and gut wrenching twists as the wildest of roller coasters I tried to remain true to my journal though at times I was sick and dizzy I endeavored to bring to you the accurate portrait of what lay down The Road to Transition **MX Missile Basing Mode** United States. Congress. Senate. Committee on Appropriations. Subcommittee on Military Construction,1980 **Experiencing Life Through Poetic Verse** Dr. David W. Hughes,2025-01-09 Writing poetry for most people may be difficult and it came as a strange occurrence for me My writing began late in life as I was preparing for retirement I was experiencing some business and personal issues and struggling with

life day by day My mind was filled with doubt and fear that was beginning to plague me I was happily married with a wonderful family but self doubt was beginning to overwhelm me I began to write about my feelings and found its cathartic effect beginning to calm my mind At times my writing took me to mountain peaks of joy while at other times it flowed through valleys of despair A few are more whimsical and fun to read but many are filled with descriptions of the beauty of God s creation Jesus is my main character and model for my life My poetry shares my most intimate time with God and my frustrations and feelings with myself for a period of time Joyfully it ends in a final victory I share this book with the hope that it may encourage others to find happiness and peace of mind But most important that they may find Jesus and His gift of life

The Heart of God Jung Ae Lee,2017-09-01 I have forgotten myself for many days while I was hearing the words of God writing them and editing them in the touch of the Holy Spirit since the day I began to experience the presence of God When I was touched by the Holy Spirit my body and mind were not mine but these became instruments of God I was I but I was not I I was I but I could not move as I wish Sometimes the quick voice of God came down and I wrote it Sometimes the voice turned into sentences so that I was amazed to see them come into my mind and I wrote them down These articles were not written one by one When the Lord gave dozens of titles at a time He also gave articles according to them So I wrote down them Sometimes I wrote articles without titles and after writing He gave the titles When I continue to write randomly the former and the latter are often matched Whatever message I received and wrote I did not do anything for it I wrote them only as an instrument of the Lord And sometimes I entered into the hearts of the people the Holy Spirit has opened and I heard and wrote what their inner voices There are also some articles that are based on what I heard from the conversations of others In the mysterious and incredible world of God and the ministry of the Holy Spirit I fell down before Him for twenty six months in order to write these articles The number of titles I received from Him was over one thousand and two hundred and the number of articles I received was over nine hundred When I received my first article I prayed and God forcefully gave it to me However at this time I just pray in front of the keyboard in order to receive messages I hope these messages from the Lord will reveal the greatness of the Lord and thereby I and all people glorify the Lord I hope that the leaders and people who have broken God s heart will turn to the right attitude because of these messages of the Lord and those who have made the Lord s heart sad will be the ones who please Him Finally at the end of each message of the Lord is provided the date or year of writing
