Deep South A Social Anthropological Study Of Caste And Class:

Deep South Allison Davis, Burleigh Bradford Gardner, Mary R. Gardner, 2009 First published in 1941 Deep South is the cooperative effort of a team of social anthropologists to document the economic racial and cultural character of the Jim Crow South through a study of a representative rural Mississippi community Researchers Allison Davis Burleigh B Gardner and Mary R Gardner lived among the people of Natchez Mississippi as they investigated how class and caste informed daily life in a typical southern community This Southern Classics edition of their study offers contemporary students of history a provocative collection of primary material gathered by conscientious and well trained participant observers who found then as now intertwined social and economic inequalities at the root of racial tensions Expanding on earlier studies of community stratification by social class researchers in the Deep South Project introduced the additional concept of caste which parsed a community through rigid social ranks assigned at birth and unalterable through life a concept readily identifiable in the racial divisions of the Jim Crow South As African American researchers Davis and his wife Elizabeth along with his assistant St Clair Drake were able to gain unrivaled access to the black community in rural Mississippi unavailable to their white counterparts Through their interviews and experiences the authors vividly capture the nuances in caste enforcing systems of tenant landlord relations local government and law enforcement But the chief achievement of Deep South is its rich analysis of how the southern economic system and sharecropping in particular functioned to maintain rigid caste divisions along racial lines In the new introduction to this edition Jennifer Jensen Wallach situates this germinal study within the field of social anthropology and against the backdrop of similar community studies of the era She also details the subsequent careers of this distinguished team of researchers

Deep South Allison Davis, Burleigh B. Gardner, Mary R. Gardner, 2022-08-03 Deep South was originally published in 1941 documenting in startling detail the nuances character and lived realities of racism in a southern town Allison Davis and his co authors Burleigh and Mary Gardner all went undercover not revealing their scholarly project or even their association with one another Their analysis notably revealed the importance of caste and class to both Black and White worldviews and it anatomized how those are constructed reified and reinforced Deep South is freshly relevant today to those interested in the concept of caste and how it continues to inform the many flavors of American inequality

labor exploitation and political disfranchisement In the 1990s policy specialists made dependency the issue and crafted incentives to get people off welfare Poverty Knowledge gives the first comprehensive historical account of the thinking behind these very different views of the poverty problem in a century spanning inquiry into the politics institutions ideologies and social science that shaped poverty research and policy Alice O Connor chronicles a transformation in the study of poverty from a reform minded inquiry into the political economy of industrial capitalism to a detached highly technical analysis of the demographic and behavioral characteristics of the poor Along the way she uncovers the origins of several controversial concepts including the culture of poverty and the underclass She shows how such notions emerged not only from trends within the social sciences but from the central preoccupations of twentieth century American liberalism economic growth the Cold War against communism the changing fortunes of the welfare state and the enduring racial divide The book details important changes in the politics and organization as well as the substance of poverty knowledge Tracing the genesis of a still thriving poverty research industry from its roots in the War on Poverty it demonstrates how research agendas were subsequently influenced by an emerging obsession with welfare reform Over the course of the twentieth century O Connor shows the study of poverty became more about altering individual behavior and less about addressing structural inequality The consequences of this steady narrowing of focus came to the fore in the 1990s when the nation s leading poverty experts helped to end welfare as we know it O Connor shows just how far they had traveled from their field s original aims

The Crisis, 1942-06 The Crisis founded by W E B Du Bois as the official publication of the NAACP is a journal of civil rights history politics and culture and seeks to educate and challenge its readers about issues that continue to plague African Americans and other communities of color For nearly 100 years The Crisis has been the magazine of opinion and thought leaders decision makers peacemakers and justice seekers It has chronicled informed educated entertained and in many instances set the economic political and social agenda for our nation and its multi ethnic citizens *African-American Pioneers in Anthropology* Ira E. Harrison, Faye V. Harrison, Faye Venetia Harrison, 1999 This pathbreaking collection of intellectual biographies is the first to probe the careers of thirteen early African American anthropologists detailing both their achievements and their struggle with the latent and sometimes blatant racism of the times Invaluable to historians of anthropology this collection will also be useful to readers interested in African American studies and biography The lives and work of Caroline Bond Day Zora Neale Hurston Louis Eugene King Laurence Foster W Montague Cobb Katherine Dunham Ellen Irene Diggs Allison Davis St Clair Drake Arthur Huff Fauset William S Willis Jr Hubert Barnes Ross Elliot Skinner

Bibliography on the Urban Crisis Jon K. Meyer, 1969 **Public Health Service Publication**, 1969 The South in Modern America Dewey W. Grantham, 2001-07-01 The South in Modern America is a lively and illuminating account of the Southern experience since the end of Reconstruction In the twentieth century as in the nineteenth the South has been the region most sharply at odds with the rest of the nation No other part of the country has as clear cut a sectional image The

interplay between the South the North and the rest of the nation represents a rich and instructive part of the United States history illustrating much of the nation s conflict and tension the way it has tried to reconcile divergent issues and its struggles to realize its historical ideals In this new treatment of modern Southern history Dewey W Grantham illuminates the features that make the South a distinctive region while clarifying how it has converged socially and politically with the rest of the country during this century

Humanity's Last Stand Mark Schuller,2021-01-15 Are we as a species headed towards extinction As our economic system renders our planet increasingly inhospitable to human life powerful individuals fight over limited resources and racist reaction to migration strains the social fabric of many countries How can we retain our humanity in the midst of these life and death struggles Humanity s Last Stand dares to ask these big questions exploring the interconnections between climate change global capitalism xenophobia and white supremacy As it unearths how capitalism was born from plantation slavery and the slaughter of Indigenous people it also invites us to imagine life after capitalism The book teaches its readers how to cultivate an anthropological imagination a mindset that remains attentive to local differences even as it identifies global patterns of inequality and racism Surveying the struggles of disenfranchised peoples around the globe from frontline communities affected by climate change to BlackLivesMatter activists to Indigenous water protectors to migrant communities facing increasing hostility anthropologist Mark Schuller argues that we must develop radical empathy in order to move beyond simply identifying as allies and start acting as accomplices Bringing together the insights of anthropologists and activists from many cultures this timely study shows us how to stand together and work toward a more inclusive vision of humanity before it s too late More information and instructor resources <https://humanityslaststand.org>
