### **Deep South When:**

**Deep South** Allison Davis, Burleigh Bradford Gardner, Mary R. Gardner, 2009 First published in 1941 Deep South is the cooperative effort of a team of social anthropologists to document the economic racial and cultural character of the Jim Crow South through a study of a representative rural Mississippi community Researchers Allison Davis Burleigh B Gardner and Mary R Gardner lived among the people of Natchez Mississippi as they investigated how class and caste informed daily life in a typical southern community This Southern Classics edition of their study offers contemporary students of history a provocative collection of primary material gathered by conscientious and well trained participant observers who found then as now intertwined social and economic inequalities at the root of racial tensions Expanding on earlier studies of community stratification by social class researchers in the Deep South Project introduced the additional concept of caste which parsed a community through rigid social ranks assigned at birth and unalterable through life a concept readily identifiable in the racial divisions of the Jim Crow South As African American researchers Davis and his wife Elizabeth along with his assistant St Clair Drake were able to gain unrivaled access to the black community in rural Mississippi unavailable to their white counterparts Through their interviews and experiences the authors vividly capture the nuances in caste enforcing systems of tenant landlord relations local government and law enforcement But the chief achievement of Deep South is its rich analysis of how the southern economic system and sharecropping in particular functioned to maintain rigid caste divisions along racial lines In the new introduction to this edition Jennifer Jensen Wallach situates this germinal study within the field of social anthropology and against the backdrop of similar community studies of the era She also details the subsequent careers of this distinguished team of researchers

**Social Transformations in India, Myanmar, and Thailand: Volume I**

Chosein Yamahata, Donald M. Seekins, Makiko Takeda, 2021-01-02 This book focuses on the different challenges and opportunities for social transformation in India Myanmar and Thailand by centering communities and individuals as the main drivers of change In doing so it includes discussions on a wide array of issues including women s empowerment and political participation ethno religious tensions plurilingualism education reform community based healthcare climate change disaster management ecological systems and vulnerability reduction Two core foundations are introduced for ensuring broader transformations The first is the academic diplomacy project a framework for an engaged academic enquiry focusing on causative curative transformative and promotive factors The second is a community driven collective struggle that serves as a grassroots possibility to facilitate positive social transformation by using locally available resources and enabling the participation of the resident population As a whole the book conveys the importance of a diversification of engagement at the grassroots level to strengthen the capacity of individuals as decisive stakeholders where the process of social transformation makes communities more interconnected interdependent multicultural and vital in building an inclusive society

**Federalism, Secession, and the American State** Lawrence M. Anderson, 2013-05-20 One important tradition in

political science conceives of the Civil War in the United States serving as the functional equivalent of the English and French Revolutions bringing with it the victory of liberal democratic industrialism over aristocratic agriculturalism From this perspective the Civil War is notable for its impact on the American state Surprisingly however little attention has been paid to the distinguishing features of this historic rupture in American politics Through primary source research and the reanalysis of the rich historical literature about the antebellum era and the causes of the Civil War Lawrence A Anderson explores the relationship between federalism and the movement for secession in the United States during the pre civil war era Focusing primarily on South Carolina Anderson carefully revisits theory on institutional analysis of political development to expose what caused secession in the United States Money, Politics and Law Karen DeMoss, Kenneth K. Wong, 2004 First Published in 2004 Routledge is an imprint of Taylor Francis an informa company **A Tyrannous Eye** Pearl Amelia McHaney, 2014-07-17 A Tyrannous Eye Eudora Welty s Nonfiction and Photographs is the first book length study of Eudora Welty s full range of achievements in nonfiction and photography A preeminent Welty scholar Pearl Amelia McHaney offers clear eyed and complex assessments of Welty s journalism book reviews letters essays autobiography and photographs Each chapter focuses on one genre filling in gaps left by previous books With keen skills of observation finely tuned senses intellect wit awareness of audience and modesty Welty applied her genius in all that she did holding a tough line on truth breaking through the veil of indifference to each other s presence each other s wonder each other s plight McHaney s study brings critical attention to the under evaluated genres of Welty s work and discusses the purposeful use of arguments examples and styles demonstrating that Welty pursued her craft to a high standard across genres with a greater awareness of context than she admitted in her numerous interviews Welty consistently dared new styles new audiences and new publishing venues in order to express her ideas to their fullest It is serious daring as she wrote in One Writer s Beginnings that makes for great writing In Place in Fiction Welty asks How can you go out on a limb if you do not know your own tree No art ever came out of not risking your neck And risk experiment is a considerable part of the joy of doing *Wounds That Will Not Heal* Russell K Nieli, 2012-11-20 Racial preference policies first came on the national scene as a response to black poverty and alienation in America as dramatically revealed in the destructive urban riots of the late 1960s From the start however preference policies were controversial and were greeted by many including many who had fought the good fight against segregation and Jim Crow to further a color blind justice with a sense of outrage and deep betrayal In the more than forty years that preference policies have been with us little has changed in terms of public opinion as polls indicate that a majority of Americans continue to oppose such policies often with great intensity In *Wounds That Will Not Heal* political theorist Russell K Nieli surveys some of the more important social science research on racial preference policies over the past two decades much of which he shows undermines the central claims of preference policy supporters The mere fact that preference policies have to be referred to through an elaborate system of euphemisms and code words affirmative action

diversity goals and timetables race sensitive admissions tells us something Nieli argues about their widespread unpopularity their tendency to reinforce negative stereotypes about their intended beneficiaries and their incompatibility with core principles of American justice Nieli concludes with an impassioned plea to refocus our public attention on the truly disadvantaged African American population in our nation s urban centers the people for whom affirmative action policies were initially instituted but whose interests Nieli charges were soon forgotten as the fruits of the policies were hijacked by members of the black and Hispanic middle class Few will be able to read this book without at least questioning the wisdom of our current race based preference regime which Nieli analyses with a penetrating gaze and an eye for cant that will leave few unmoved

**The Deep South's Oldest Rivalry: Auburn vs. Georgia** Douglas Stutsman, 2017-06-05 Go inside the Deep South s Oldest Rivalry that is Auburn Georgia The rivalry between Auburn University and the University of Georgia began in 1892 and has largely been a competition more brotherly than bitter According to one legend Auburn s War Eagle battle cry originated at the first game between the two schools The first overtime game in SEC history occurred in 1996 when Georgia topped the heavily favored Tigers 56 49 in four extra periods Renowned UGA coach Vince Dooley graduated from Auburn while Auburn coach Pat Dye was an All American at UGA Join award winning journalist and Athens Georgia native Doug Stutsman who was raised by Auburn graduates as he recounts the unforgettable games moments and personalities on the 125th anniversary of the Deep South s Oldest Rivalry
