Deepening Psychotherapy With Men

Fredric Eldon Rabinowitz

Deepening Psychotherapy With Men:

Deepening Psychotherapy with Men Fredric Eldon Rabinowitz, Sam Victor Cochran, 2002 Rabinowitz and Cochran integrate knowledge of male gender role socialization with psychodynamic existential and experiential theories to create an effective approach to therapy that balances the impact of male culture with each client's individual psychological history. The methods and interventions offered in this book will reconnect distracted, anxious, violent, and frozen men to emotional places they have long forgotten. The authors provide an abundance of case dialogues illustrating these techniques in practice.

Deepening Group Psychotherapy with Men Fredric Eldon Rabinowitz, 2019 By demonstrating the therapeutic power of men's groups, this book shows clinicians how to break down the barriers that often keep men from seeking help and exploring their emotions.

Deepening Group Psychotherapy with Men Fredric Eldon Rabinowitz, 2019 In this book, Fredric E. Rabinowitz presents his Deepening framework along with practical guidance for conducting group therapy with men. In Deepening group psychotherapy, men discover their hopes, fears, losses, frustrations, and traumas, aided by a clinician who uses attentiveness to language and the therapeutic relationship to engage and intervene. Traditional therapy with its emphasis on a vulnerable face-to-face sharing presents challenges for men socialized to keep their emotional lives private. The framework helps clinicians find ways to break down the barriers that keep many men from seeking help and shows them how to explore their inner psychological workings. Through detailed therapy dialogues, readers will learn how to connect with men in group settings around issues such as relationships, fear of being dependent on others, grief and loss, sexual identity, pain, illness, and addiction. Page 4 de la couverture

Psychotherapy with Older Men Tammi Vacha-Haase, Stephen R. Wester, Heidi Fowell Christianson, 2011-01-19 Society imposes a strict masculinity construct on boys and men, dictating how they are expected to behave as a real man, including the idea that they should not display weakness through mental and emotional issues. As men age, however, it becomes increasingly difficult and even impossible for them to fulfill this role due to the limitations that aging imposes; thus, elderly men may feel ashamed of their seeming inability to cope with these changes while maintaining their traditional male identities, especially regarding physical and mental illness. This book intends to highlight the resulting social stigma older men experience by exploring the context of their lives, the challenges they face, and the clinical process of helping them in counseling and psychotherapy.

Gender in the Therapy Hour Holly Barlow Sweet, 2012-08-21 There is no shortage of literature about working with men in counseling and psychotherapy, but almost none of it addresses the unique issues that a female clinician can face with a male client. These women do not have a basis for a complete understanding of the impact our society's ideas about gender can have on a man, his masculinity, and his feelings toward talk therapy in part because they are not men themselves. The contributors to this book, all female clinicians who have worked extensively with men, have set out to provide their female peers with a guide for therapeutically engaging and helping men. Chapters explore how each author became involved in men's issues, case studies, and examples from her own practice that illustrate her

approach and her own assessment of what works best with male clients Topics considered include core treatment issues such as transference and counter transference beginning and ending therapy with men and ethical dilemmas working in different therapy modalities and doing therapy with diverse populations of men The book concludes with an edited transcript of a discussion amongst the authors about their personal experiences working with male clients This will be an important book for all female therapists who work with male clients and are looking for ways to better understand and tailor their approaches to meet the needs of men in therapy

The Oxford Handbook of Feminist Counseling Psychology Carolyn Zerbe Enns, Elizabeth Nutt Williams, 2013 This handbook summarizes the progress current status and future directions relevant to feminist multicultural perspectives in counseling psychology It emphasizes enduring topics within counseling psychology such as human growth and development ethics ecological frameworks and counseling theory and practice Intersectionality social justice and the diverse social identities of women and girls are featured prominently

An International Psychology of Men Chris Blazina, David S. Shen-Miller, 2011-01-19 This text is the first to provide a contextual understanding of the clinical issues that affect men and masculinity across a wide range of cultural and national settings It demonstrates that gender can no longer be viewed as an isolated characteristic in an era of increased globalization mental health professionals need to take ethnic and cultural issues into account to provide adequate care for male patients Numerous international perspectives are offered by the contributing authors authorities from countries such as Australia Argentina Denmark Canada India Ireland and South Africa on theoretical and clinical innovations for working with men Their chapters also offer insight into the socio cultural contexts for counseling men in and from their respective countries by exploring the ways in which being a man is socially defined what unique challenges men face and how these challenges can be negotiated within their specific cultural settings Topics addressed will include boyhood notions of manhood relationship concerns and power fatherhood and men's body image across the life span This text will ultimately enable mental health practitioners to have a better understanding of how to work more effectively with male clients

Breaking Barriers in Counseling Men Aaron B. Rochlen, Fredric E. Rabinowitz, 2013-11-07 Breaking Barriers in Counseling Men is a unique collection of personal and engaging contributions from nationally recognized scholars and clinicians with expertise in treating men The editors have selected men's clinicians who address areas as diverse as sexual dysfunction male bonding over sports father son relationships and counseling men in the military Featuring a mix of clinical tips personal anecdotes and theoretical reframing this book takes clinicians invested in these issues to the next level breaking down barriers to connecting with men and getting them the help that is so often needed

The Oxford Handbook of Counseling Psychology Elizabeth M. Altmaier, Jo-Ida C. Hansen, 2012 Recognized experts in theory research and practice review and analyze historical achievements in research and practice from counseling psychology as well as outline exciting agendas for the near future for the newest domains of proficiencies and expertise

Handbook of Multicultural Counseling

Competencies Jennifer A. Erickson Cornish, Barry A. Schreier, Lavita I. Nadkarni, Lynett Henderson Metzger, Emil R. Rodolfa, 2010-08-13 A THOROUGH AND CONTEMPORARY EXPLORATION OF ISSUES FUNDAMENTAL TO MULTICULTURAL COMPETENCY Handbook of Multicultural Counseling Competencies draws together an expert group of contributors who provide a wide range of viewpoints and personal experiences to explore the identification and development of specific competencies necessary to work effectively with an increasingly diverse population Beginning with a Foreword by Derald Wing Sue this unique handbook offers a broad comprehensive view of multiculturalism that is inclusive and reflective The coverage in this important book lies beyond the scope of traditionally defined multiculturalism with discussion of historically overlooked groups that have experienced prejudice and bias because of their size social class age language disability or sexual orientation This book provides readers with Practical cases and examples to enhance skill development promote critical thinking and increase awareness A cross section of diversity characteristics and best practice guidelines Examination of detailed developmentally relevant competency categories Resources and exercises designed for practitioners at various levels of experience and expertise A forum for debate discussion and growth Designed to help readers enhance general multicultural competency and their ability to provide services to the populations specifically described this thought provoking text will prove useful in facilitating ongoing dialogues about multicultural competence in all its variations

Handbook of Gender Research in Psychology Joan C. Chrisler, Donald R. McCreary, 2010-03-12 Donald R McCreary and Joan C Chrisler The Development of Gender Studies in Psychology Studies of sex differences are as old as the eld of psychology and they have been conducted in every sub eld of the discipline There are probably many reasons for the popularity of these studies but three reasons seem to be most prominent First social psychological studies of person perception show that sex is especially salient in social groups It is the rst thing people notice about others and it is one of the things we remember best Fiske Haslam Stangor Lynch Duan Glass 1992 For example people may not remember who uttered a witty remark but they are likely to remember whether the quip came from a woman or a man Second many people hold rm beliefs that aspects of physiology suit men and women for particular social roles Men s greater upper body strength makes them better candidates for manual labor and their greater height gives the impression that they would make good leaders i e people we look up to Women s reproductive capacity and the caretaking tasks e g breastfeeding baby minding that accompany it make them seem suitable for other roles that require gentleness and nurturance Third the logic that underlies hypothesis testing in the sciences is focused on difference Researchers design their studies with the hope that they can reject the null hypothesis that experimental groups do not differ

Engaging Men in Couples Therapy David Shepard, Michele Harway, 2012-03-15 This book will help practitioners overcome one of the leading challenges in couples therapy working effectively with the male partner Men have unique needs and psychological issues that many clinicians may not recognize or know how to address This volume presents chapters by the leading practitioners associated with current therapeutic models

including Emotionally Focused Couple Therapy Imago Relationship Therapy Integrated Behavioral Couple Therapy and more Using in depth case examples they demonstrate how their approaches can be adapted to be male sensitive and respond to the ambivalence so many men experience about couples work Special topics are also addressed including infidelity cultural diversity working with veterans and fathering issues This book will enrich therapists work with couples making treatment a welcoming experience for both partners and the treatment process more gratifying for the therapist Counseling Fathers ,

Cross Cultural Awareness and Social Justice in Counseling Cyrus Marcellus Ellis,Jon Carlson,2013-03-07 Many societal and cultural changes have taken place over the past several decades almost all of which have had a significant effect on the mental health professions Clinicians find themselves encountering clients from highly diverse backgrounds more and more often increasing the need for a knowledge of cross cultural competencies Ellis and Carlson have brought together some of the leaders in the field of multicultural counseling to create a text for mental health professionals that not only addresses diversity but also emphasizes the counselor s role as an advocate of social justice The theoretical foundation for this book rests on research into diversity spirituality religion and color specific issues Each chapter addresses the unique needs and relevant issues in working with a specific population such as women men African Americans Asian Americans Spanish speaking clients North America s indigenous people members of the LGBT community new citizens and the poor underserved and underrepresented Issues that enter into the counselor patient relationship are discussed in detail for all of these groups with the hope that this will lead to a greater understanding and sensitivity on the part of the counselor for their patients This is an important and timely book for both counselors in training and those already established as professionals in today s highly diverse and constantly changing society **Back from the Front** Aphrodite Matsakis,2007 *The American Psychologist* ,2006 Includes proceedings of the 54th 55th annual meetings of the association 1946 47 and proceedings of meetings of various regional psychological associations **Prolife Feminism** Linda Naranjo-Huebl,Rachel MacNair,Rachel M. MacNair,2006-01-20 We need a new way of seeing Jennifer Ferguson South African musician Former MP African National Congress Is abortion on demand a woman s right or a wrong inflicted on women Is it a mark of liberation or a sign that women are not yet free From Anglo Irish writer Mary Wollstonecraft to Kenyan environmentalist and 2004 Nobel Peace Prize laureate Wangari Maathai many eighteenth through twenty first century feminists have opposed it as violence against fetal lives arising from violence against female lives This more inclusive surprisingly old but new vision of reproductive choice is called prolife feminism This book s original edition in 1995 offered brilliant essays on abortion and related social justice issues by the likes of suffragists Susan B Anthony and Elizabeth Cady Stanton and civil rights leader Fannie Lou Hamer A decade of activism and research since has made this second greatly expanded second edition necessary It not only documents the continuing evolution of prolife feminism worldwide but more accurately represents the rich diversity of past and present women and men who have stood up for both mother and child It thus is a vital unique resource for peacemaking

in the increasingly globalized abortion war

Principles of Psychotherapy Irving B. Weiner, Robert F. Bornstein, 2009-03-09
Generations of clinicians have valued Principles of Psychotherapy for its breadth of coverage and accessibility and the author's ability to gather many elements into a unified presentation. The Third Edition presents the conceptual and empirical foundations of evidence-based practice, perspectives of psychodynamic theory. It also offers case examples illustrating what a therapist might say and do in various circumstances. In addition, it includes discussion of broader psychodynamic perspectives on short-term therapy. Mental health professionals will benefit from the revised edition's inclusion of empirically based guidelines for conducting effective psychotherapy.

Handbook of Gender and Sexuality in Psychological Assessment
Virginia Brabender, Joni L. Mihura, 2016-02-05
Handbook of Gender and Sexuality in Psychological Assessment brings together two interrelated realms: psychological assessment with gender and sexuality. This handbook aids in expanding the psychological assessors' knowledge and skill when considering how gender and sexuality shape the client's and the assessor's experiences. Throughout the six sections, gender and sexuality are discussed in their relation to different psychological methods of assessment, various psychological disorders, special considerations for children, adolescents, and older adults, important training and ethical considerations, as well as several in-depth case discussions.

Men in Therapy David B. Wexler, 2014-01-16
How to do better, more effective therapy with men. Cultural norms and assumptions color the male experience of psychotherapy and the traditional notions of masculinity to which many men still cling are in many ways antithetical to the tenets and goals of therapy. As a result, even the experienced therapist may find him or herself struggling when working with male clients. In Men in Therapy, therapists are offered a number of methods for countering men's general reluctance to open up emotionally or fully engage in therapy. Of course, men cannot be reduced to a single monolithic group; rather, they start therapy due to a wide range of needs and come from a wide variety of backgrounds. Therefore, individual chapters are devoted to the treatment of men in relationships, men suffering from depression, fathers, men who abuse women, and men of color. In each case, Wexler provides an informative overview of the issues unique to each group, sound advice, and commonsense methods for treating each of these groups effectively, nonjudgmentally, and professionally.

Yeah, reviewing a ebook **Deepening Psychotherapy With Men** could increase your near friends listings. This is just one of the solutions for you to be successful. As understood, achievement does not recommend that you have wonderful points.

Comprehending as skillfully as conformity even more than new will have enough money each success. adjacent to, the broadcast as with ease as keenness of this Deepening Psychotherapy With Men can be taken as with ease as picked to act.
