Deepening the Power Celu Amberstone, 2022-06-30 Ceremonies bind people together in all cultures and traditions around the world Ritual can create common experiences and the means for expressing them Much of our modern ritual finds its origin in ancient pagan or Mother Earth practices In *Deepening the Power Community Ritual and Sacred Theatre* author Celu Amberstone clearly re establishes the meaning and power of old rituals and explains their very real relevance for today s spiritual seeker In a practical manner Amberstone lays out a philosophy that is fundamental to the practice of ritual and explores the evolution of ritual within spiritual and cultural contexts A detailed plan for conducting ritual celebrations and sacred theatre is presented taking the practitioner whether experienced or novice through necessary steps that make for a successful and spiritually powerful experience In traditional societies around the world one of the main reasons ceremony has such a powerful impact on the participant and observer is its use of sacred theatre writes Amberstone The structure of ritual and the traditional teachings mentioned in these pages do not advocate any particular religion or belief system The methods I employ can be adopted with some modifications by any group wishing to strengthen and deepen its ceremonial process whether they are Pagan Christian or other The original release of *Deepening the Power* was from Beach Holme Publishing in 1995 Author Celu Amberstone and Kashallan Press are pleased to release this new edition with new opening and closing remarks and new insights Cornwoman is the name used by Celu Amberstone when she is writing or facilitating workshops on women s spirituality Of Cherokee and Celtic ancestry Cornwoman is an experienced ceremonialist who combines Wicca and First Nations shamanism in her work She lives in Victoria BC Her background in anthropological studies adds some validity to her theories and practices The author a teacher and practicing Pagan ceremonialist provides a detailed plan for conducting ritual celebrations and sacred theater within a community Beginning with a loosely structured section on the meaning and power of ancient Pagan rituals the author explains the relevance of these rituals for the present day The second section includes detailed descriptions of the seven steps of the Pagan ceremonial rituals The third section deals primarily with sacred theater and includes short plays for male and female rites of passage ceremonies This work is a blend of practical instruction on Pagan ceremonies to attain greater spiritual fulfillment in our society This book is designed

not for the scholar but for those interested in creating ritual ceremonies of their own Its focus on Pagan rituals also makes it a work for those interested in Pagan worship Sharon Morris Bibliography of Social Anthropological Theories of Ritual Meaning and Function Forthcoming Books Rose Arny,1996-10 **Introducing a Practical Feminist Theology of Worship** Janet Wootton,2000 This book explores the experience of women in worship historically and in the present day when a specifically feminist approach to worship is beginning to express itself in developing new imagery in rediscovering female imagery in scripture and in exploring creative and participatory rituals BOOK JACKET *Feminist Bookstore News*,1994 Vodou, a Sacred Theatre Marie-Jose Alcide Saint-Lot,2003 A work of intellectual weaving and braiding A series of reflections on ritual drama profane culture theory and practice and their connections to Haitian Vodou *Canadian Books in Print*,1997 **Dramatherapy: Theory and Practice 2** Sue Jennings,2013-06-17 Dramatherapy Theory and Practice 2 provides both clinician and theatre artist with a basic overview of recent developments in dramatherapy The international contributors all practising dramatherapists or psychotherapists offer a wide variety of perspectives from contrasting theoretical backgrounds showing how it is possible to integrate a dramatherapeutic approach into many different ways of working towards mental health Ritual Theatre Claire Schrader,2012 This book considers the relevance of ritual theatre in contemporary life and describes how it is being used as a highly cathartic therapeutic process With contributions from leading experts in the field of dramatherapy the book brings together a broad spectrum of approaches to ritual theatre as a healing system **Discovering World Religions** Gabriel J. Gomes,2012-07 In Discovering World Religions author Gabriel J Gomes provides a comprehensive overview of a wide range of world religions including Native American African traditional Hinduism Jainism Buddhism Confucianism Daoism Shinto Zoroastrianism Judaism Christianity Islam and more Sacred Play Anne F. O'Reilly,2004 Examination of the soul and spirituality in Irish theatre *Classical Greek Ritual Theater* Jan F. Brouwer,2012-06-01 In this study a cross over is made between two fields of inquiry A theoretical model from anthropology Communitas will be applied to the phenomenon of classical Greek theater The purpose of this cross over is to gain a better understanding of the functionality of theater in 5th century Athens It is primarily the intention of this new reading of ancient comedy and tragedy to offer a contribution to a more correct interpretation of ancient literary texts Thus this book will show itself useful in the field of traditional philology Secondly the study wants to show itself useful in the field of anthropology by giving examples from Antiquity underlining and clarifying the theories of Van Gennep and Turner From an anthropological point of view it is interesting to see that Turner s findings not only clarify the functionality of non theatrical rituals but also the workings of theatrical rituals Bioregionalism and Civil Society Mike Carr,2004 Bioregionalism and Civil Society addresses the urgent need for sustainability in industrialized societies The book explores the bioregional movement in the US Canada and Mexico examining its vision values strategies and tools for building sustainable societies Bioregionalism is a philosophy with values and practices that attempt to meld issues of social and economic justice and sustainability with cultural

ecological and spiritual concerns Further bioregional efforts of democratic social and cultural change take place primarily in the sphere of civil society Practically Carr argues for bioregionalism as a place specific community movement that can stand in diverse opposition to the homogenizing trends of corporate globalization Theoretically the author seeks lessons for civil society based social theory and strategy Conventional civil society theory from Europe proposes a dual strategy of developing strong horizontal communicative action among civic associations and networks as the basis for strategic vertical campaigns to democratize both state and market sectors However this theory offers no ecological or cultural critique of consumerism By contrast Carr integrates both social and natural ecologies in a civil society theory that incorporates lessons about consumption and cultural transformation from bioregional practice Carr's argument that bioregional values and community building tools support a diverse democratic socially just civil society that respects and cares for the natural world makes a significant contribution to the field of green political science social change theory and environmental thought The Queerest Art Alisa Solomon, Framji Minwalla, 2002-07 The Queerest Art rereads the history of performance as a celebration and critique of dissident sexualities exploring the politics of pleasure and the pleasure of politics that drive the theatre

Black Theatre Paul Carter Harrison, Victor Leo Walker (II.), Gus Edwards, 2002-11-08 Generating a new understanding of the past as well as a vision for the future this path breaking volume contains essays written by playwrights scholars and critics that analyze African American theatre as it is practiced today Even as they acknowledge that Black experience is not monolithic these contributors argue provocatively and persuasively for a Black consciousness that creates a culturally specific theatre This theatre rooted in an African mythos offers ritual rather than realism it transcends the specifics of social relations reaching toward revelation The ritual performance that is intrinsic to Black theatre renews the community in Paul Carter Harrison's words it reveals the Form of Things Unknown in a way that binds cleanses and heals **Whitaker's Books in Print**, 1998 *The Metaphysics of Power* Anthony E. Mansueto, 2025-03-18 Mounting a searing critique of Martin Heidegger and Carl Schmidt and their broader influence on the contemporary Left including the work of Giorgio Agamben Alain Badiou and Slavoj Žižek Anthony Mansueto's *The Metaphysics of Power* argues that the common flaw of all contemporary political projects Left and Right is a narrow strategic focus on achieving and holding state power This focus is grounded in a doctrine of sovereignty divine and human rooted in a decisionist political theology which derives ultimately from Paul of Tarsus and which made historic Christianity from the beginning an ideology of empire In the place of this decisionist political theology he proposes that we understand Being and thus God as a relational transformative generativity that acts only as final cause and only from outside space and time making even divine sovereignty logically impossible Seeking to become God but trapped in a contingency that cannot be transcended we create structures that attempt divinity by means of exploiting and oppressing others structures which like the commodification of labor power ultimately strip us of our humanity making resistance impossible And yet we are also lured by the incredible beauty of God to mend the torn fabric of the universe to

build and rebuild relationships and institutions which challenge and nurture us and thus to ripen a contingent being that will always fall short of its end but is capable of finding meaning and joy nonetheless
