distinguished Hungarian philosopher *A Morally Deep World* Lawrence E. Johnson,1993-01-29 Advocating a major change in our attitude toward the nonhuman world the author argues that nonhuman animals as well as ecosystems are morally significant beings with interests and rights **Sex and the City Uncovered** Marian Jordan,2010 The moral and social standards upheld on the Sex and the City TV show and films are brought into question by a former fan of the show

Deeper Than Desire Mary Blair,1956 *Whole Works* Xenophon,1840 **The Whole Works of Xenophon** Xenophon,1849 **The Whole Works of Xenophon, Translated by Ashley, Spelman, Smith, Fielding, and Others, Etc** Xenophon,1847 Piers Plowman and the Poetics of Enigma Curtis A. Gruenler,2017-04-30 In this book Curtis Gruenler proposes that the concept of the enigmatic latent in a wide range of medieval thinking about literature can help us better understand in medieval terms much of the era s most enduring literature from the riddles of the Anglo Saxon bishop Aldhelm to the great vernacular works of Dante Chaucer Julian of Norwich and above all Langland s Piers Plowman Riddles rhetoric and theology the three fields of meaning of aenigma in medieval Latin map a way of thinking about reading and writing obscure literature that was widely shared across the Middle Ages The poetics of enigma links inquiry about language by theologians with theologically ambitious literature Each sense of enigma brings out an aspect of this poetics The playfulness of riddling both oral and literate was joined to a Christian vision of literature by Aldhelm and the Old English riddles of the Exeter Book Defined in rhetoric as an obscure allegory enigma was condemned by classical authorities but resurrected under the influence of Augustine as an aid to contemplation Its theological significance follows from a favorite biblical verse among medieval theologians We see now through a mirror in an enigma then face to face 1 Cor 13 12 Along with other examples of the poetics of enigma Piers Plowman can be seen as a culmination of centuries of reflection on the importance of obscure language for knowing and participating in endless mysteries of divinity and humanity and a bridge to the importance of the enigmatic in modern literature This book will be especially useful for scholars and undergraduate students interested in medieval European literature literary theory and contemplative theology *Idealist Ethics* W. J. Mander,2016 W J Mander examines the nature of idealist ethics the form and content of ethical belief most typically adopted by philosophical idealists He identifies a tradition of idealist ethics before going on to argue that such an approach offers an attractive way of looking at moral questions and has much to contribute to contemporary discussion Basic Christian Living: A Survey Course on Practical Christianity Douglas Wilson,2015-01-13 Basic Christian Living is a survey course covering the fundamentals of the Christian life The book s topics can be divided into three broad categories basic doctrine for new believers confession of sin the nature of worship assurance of salvation and more basic wisdom for living in community relationships conversation the meaning of masculinity and femininity etc and cultural criticism for beginners authenticity the cool and competition and ambition for starters Each bite size chapter contains a worksheet of questions from relevant portions of the Bible along with a full answer key Whether you re a teacher wanting to offer a practical class on Christianity for students a pastor needing a

text for new believers or a mature Christian reviewing the big picture Basic Christian Living is a helpful important and encouraging introduction to the foundations of the gospel *The Reality of Love* Ingvild Rosok,2018-01-12 Love is one and love is all we need This book argues against the traditional theological view that God's love differs from human love If God is love and love is one we will find God embodied in all kinds of genuine love experiences By analyzing Karl Rahner's theology of love the author explores how God penetrates and embraces the whole of reality suggesting implications for Christian spirituality and spiritual direction **Homiletic Review** ,1882 Metropolitan Pulpit and Homiletic Monthly ,1885 The Homiletic Review ,1885 *The Seasons of Hope* Ray S. Anderson,2008-02-01 Life contains a rhythm when we see it from beginning to end Our personal existence is not a series of individual episodes taking place as points in time Rather life itself bears us along in a common pilgrimage At any given time we are part of a community where birth and death joy and sorrow pain and pleasure as well as sowing and harvesting are taking place This communal sharing of life replicates all the seasons of life For each time in our lives there is a corresponding season in the life of the human family We empower faith by practicing hope every day of our lives
