Defacement Public Secrecy And The Labor Of The Negative:

Defacement Michael T. Taussig, 1999 Defacement asks what happens when something precious is despoiled In specifying the human face as the ideal type for thinking through such violation this book raises the issue of secrecy as the depth that seems to surface with the tearing of surface

Defacement Michael Taussig, 2022 Defacement asks what happens when something precious is despoiled It begins with the notion that such activity is attractive in its very repulsion and that it creates something sacred even in the most secular of societies and circumstances In specifying the human face as the ideal type for thinking through such violation this book raises the issue of secrecy as the depth that seems to surface with the tearing of surface This surfacing is made all the more subtle and ingenious not to mention everyday by the deliberately partial exposures involved in the public secret defined as what is generally known but for one reason or another cannot easily be articulated Arguing that this sort of knowledge knowing what not to know is the most powerful form of social knowledge Taussig works with ideas and motifs from Nietzsche William Burroughs Elias Canetti Georges Bataille and the ethnography of unmasking in so called primitive societies in order to extend his earlier work on mimesis and transgression Underlying his concern with defacement and the public secret is the search for a mode of truth telling that unmask but only to reenchant thereby underlining Walter Benjamin's notion that truth is not a matter of exposure of the secret but a revelation that does justice to it

Secrecy and Silence in the Research Process Roisin Ryan-Flood, Rosalind Gill, 2013-05-13 Feminist research is informed by a history of breaking silences of demanding that women's voices be heard recorded and included in wider intellectual genealogies and histories This has led to an emphasis on voice and speaking out in the research endeavour Moments of secrecy and silence are less often addressed This gives rise to a number of questions What are the silences secrets omissions and and political consequences of such moments What particular dilemmas and constraints do they represent or entail What are their implications for research praxis Are such moments always indicative of voicelessness or powerlessness Or may they also constitute a productive moment in the research encounter Contributors to this volume were invited to reflect on these questions The resulting chapters are a fascinating collection of insights into the research process making an important contribution to theoretical and empirical debates about epistemology subjectivity and identity in research Researchers often face difficult dilemmas about who to represent and how what to omit and what to include This book explores such questions in an important and timely collection of essays from international scholars

Public Secrets and Private Sufferings in the South African AIDS Epidemic Jonathan Stadler, 2021-04-26 This book tells the story of the HIV epidemic in South Africa and asks why after more than three decades it has not normalised Despite considerable efforts to prevent infection and ambitious targets set to end the epidemic by 2030 HIV infections are increasing among young women and treatment uptake and adherence have been uneven Focusing on the years preceding and following treatment access this book addresses why an end to AIDS may be misplaced optimism By examining public discourses and private narratives about

infection illness and death this work reveals the contradictions between the lived experiences of AIDS suffering on the one hand and biomedical certainties on the other Based on long term ethnographic research in rural villages of the South African lowveld and within HIV prevention interventions in South Africa more generally this book offers an intimate perspective on the social and cultural responses to the epidemic **Public Secrets** Henrice Altink,2019 Through case studies on amongst others the labour market education the family and legal system this book examines the salience and silence of race and colour in Jamaica in the decades preceding and following independence and its impact on individuals and society

Rethinking Art and Visual Culture Ashbjørn Skarsvåg Grønstad,2020-10-29 This is the first book to offer a systematic account of the concept of opacity in the aesthetic field Engaging with works by Ernie Gehr John Akomfrah Matt Saunders David Lynch Trevor Paglen Zach Blas and Low the study considers the cultural epistemological and ethical values of images and sounds that are fuzzy indeterminate distorted degraded or otherwise indistinct Rethinking Art and Visual Culture shows how opaque forms of art address problems of mediation knowledge and information It also intervenes in current debates about new systems of visibility and surveillance by explaining how indefinite art provides a critique of the positivist drive behind these regimes A timely contribution to media theory cinema studies American studies and aesthetics the book presents a novel and extensive analysis of the politics of transparency Dis:connectivity and Globalisation Christopher Balme,Burcu Dogramaci,Roland Wenzlhuemer,2025-07-21 Globalisation is one of the most contested concepts of our time From its promise of borderless flows of people goods and finance in the 1990s it embodies today almost the opposite deglobalisation as tariffs are erected borders heavily policed anti migration regimes enforced and sanctions levied This disconnect between promise and realisation is the subject of Dis connectivity and Globalisation Concepts Terms Practices In almost forty short essays and an introduction it explores key concepts that illuminate processes of globalisation from a dis connective perspective which highlights the role of delays and detours interruptions resistances and absences as constitutive of globalisation The volume proposes rethinking globalisation by redefining the terminology we use to describe and analyse it

Corpus Anarchicum H. Dabashi,2012-09-24 Dabashi s newest book is a meditation on suicidal violence in the immediate context of its most recent political surge and a critical examination of the radical transformation of the human body supported by close readings of cinematic and artistic evidence

Fictions of Finance at the End of an American Century Richard Godden,2023 Addressing the emergence and decline of US Fordism this volume examines how an economy determines the language of those who live among its imperatives It studies how the complexities of words and their histories derive from and register the organizing contradictions of an industrial economy and of its failure **Law and the Visual** Desmond Manderson,2018-01-01 In Law and the Visual leading legal theorists art historians and critics come together to present new work examining the intersection between legal and visual discourses Proceeding chronologically the volume offers leading analyses of the juncture between legal and visual culture as witnessed from the fifteenth to the twenty first

centuries Editor Desmond Manderson provides a contextual introduction that draws out and articulates three central themes visual representations of the law visual technologies in the law and aesthetic critiques of law A ground breaking contribution to an increasingly vibrant field of inquiry Law and the Visual will inform the debate on the relationship between legal and visual culture for years to come

The Image of Elizabeth I in Early Modern Spain Eduardo Olid Guerrero, Esther Fernández, 2019-03-01 Queen Elizabeth I was an iconic figure in England during her reign with many contemporary English portraits and literary works extolling her virtue and political acumen In Spain however her image was markedly different While few Spanish fictional or historical writings focus primarily on Elizabeth numerous works either allude to her or incorporate her as a character The Image of Elizabeth I in Early Modern Spain explores the fictionalized historical and visual representations of Elizabeth I and their impact on the Spanish collective imagination Drawing on works by Miguel de Cervantes Lope de Vega Pedro de Ribadeneira Luis de Góngora Cristóbal de Virués Antonio Coello and Calderón de la Barca among others the contributors to this volume limn contradictory assessments of Elizabeth's physical appearance private life personality and reign In doing so they articulate the various and sometimes conflicting ways in which the Tudor monarch became both the primary figure in English propaganda efforts against Spain and a central part of the Spanish political agenda This edited volume revives and questions the image of Elizabeth I in early modern Spain as a means of exploring how the queen's persona as mediated by its Spanish reception has shaped the ways in which we understand Anglo Spanish relations during a critical era for both kingdoms

Trauma, Taboo, and Truth-Telling Nancy J. Gates-Madsen, 2016-07-20 Silences taboos and public secrets carry their own deep meaning about Argentina's painful legacy of repression

Land of Disenchantment Michael L. Trujillo, 2010-03-16 New Mexico's Española Valley is situated in the northern part of the state between the fabled Sangre de Cristo and Jemez Mountains Many of the Valley's communities have roots in the Spanish and Mexican periods of colonization while the Native American Pueblos of Ohkay Owingeh and Santa Clara are far older The Valley's residents include a large Native American population an influential Anglo or non Hispanic white minority and a growing Mexican immigrant community In spite of the varied populace native New Mexican Latinos or Nuevomexicanos remain the majority and retain control of area politics In this experimental ethnography Michael Trujillo presents a vision of Española that addresses its denigration by neighbors and some of its residents because it represents the antithesis of the positive narrative of New Mexico Contradicting the popular notion of New Mexico as the Land of Enchantment a fusion of race landscape architecture and food into a romanticized commodity Trujillo probes beneath the surface to reveal the causes of social dysfunction brought about by colonization and the transition from a pastoral to an urban economy

Spaces of Masculinities Kathrin Hörschelmann, Bettina van Hoven, 2013-03-07 Changing circumstances in Western and global societies have introduced new constraints and opportunities for men and the formation of male identities Meanwhile the emerging diversity of atypical identities atypical when compared with traditional conceptions of middle class white heterosexual men

poses new challenges for the production and use of spaces *Spaces of Masculinities* provides a comprehensive introduction to the innovative and diverse research on spaces of masculinity Drawing on a variety of geographical research projects the central concern of the book is to highlight the significance of research on masculinity in sociological and geographical work dealing with constructions of gender **Secrecy in Public Relations, Mediation and News Cultures** Anne M.

Cronin,2023-01-19 This book investigates the relationship of secrecy as a social practice to contemporary media news cultures and public relations Drawing on Georg Simmel s theorisation of how secrecy produces a second world alongside the obvious world and creates and reshapes social relations Anne Cronin argues for close analysis of the PR industry as a powerful vector of secrecy and an examination of its relationship to news cultures Using case studies and in depth interviews as well as recent research in media and cultural studies sociology journalism studies and communication studies the book analyses how PR practices generate a second shadow world of the media sphere which has a profound impact on the obvious world It interrogates both the PR industry s and news culture s role in shaping social relations for a digital media landscape and those initiatives promoting transparency of data and decision making processes An insightful interdisciplinary approach to debates on media and power this book will appeal to students of public relations sociology media studies cultural studies and communication studies It will also be of interest to scholars and practitioners working at the intersections of media social relations and public trust *The Transparency Paradox* Ida Koivisto,2022 Transparency has become an unquestionable good in modern society spreading from its origins in governance to most arenas of the modern world But is it always good This book turns a critical eye towards transparency deconstructing its theoretical preconceptions and seeking a more nuanced view of what it means to be transparent **Crisis and Criticism** Benjamin Noys,2023-12-28 Crisis and Criticism is a series of interventions from 2009 to 2021 engaging with the literary cultural and political responses to the capitalist crisis of 2007 8 Challenging the tendency to treat crisis as natural and beyond human control this book interrogates our cultural understanding of crisis and suggests the necessity of ruthless criticism of the existing world While responses to crisis have retreated from the critical choosing to inhabit apocalyptic fantasies instead only a critical understanding of the causes of crisis within capitalism itself can promise their eventual overcoming *States of Subsistence* José Ciro Martínez,2022-04-12

On any given day in Jordan more than nine million residents eat approximately ten million loaves of khubz arabi the slightly leavened flatbread known to many as pita Some rely on this bread to avoid starvation for others it is a customary pleasure Yet despite its ubiquity in accounts of Middle East politics and society rarely do we consider how bread is prepared consumed discussed and circulated and what this all represents With this book Jos Ciro Mart nez examines khubz arabi to unpack the effects of the welfare program that ensures its widespread availability Drawing on more than a year working as a baker in Amman Mart nez probes the practices that underpin subsidized bread Following bakers and bureaucrats he offers an immersive examination of social welfare provision Mart nez argues that the state is best understood as the product of

routine practices and actions through which it becomes a stable truth in the lives of citizens States of Subsistence not only describes logics of rule in contemporary Jordan and the place of bread within them but also unpacks how the state endures through forms sensations and practices amid the seemingly unglamorous and unspectacular day to day *Caught on Tape* Casey Ryan Kelly,2023 In a surveillance culture the ubiquity of audio visual recording devices has enabled the unprecedented documentation of private indiscretions scandalous conversations and obscene behaviors performed by both ordinary and high profile people From former President Donald J Trump s lewd banter on the infamous Access Hollywood video and leaked audio of celebrity racist tirades to outburst of violent hate speech posted daily to YouTube contemporary media culture is awash in obscene performances of transgressive white masculinity Such expos s are screened and viewed under the assumption that revealing secret prejudices will necessarily realize the promises of democracy and bring about a postracial and postfeminist future This book addresses why the culture of public revelations has failed to hold the perpetrators accountable *Caught on Tape* illustrates how public revelations constitute a symbolic and imaginary world for the public that is preoccupied with the obscene enjoyment of transgressive white masculinity a compulsively repetitive experience of ecstatic and excessive pleasure in pain that arises from encounters with that which disturbs traumatizes and interrupts illusory notions of our coherent selves and reality *Caught on Tape* argues that addressing race and gender inequality with the promise of scandalous hot mics and obscene private videos transforms antiracism and gender justice into disempowering forms of spectatorship that ultimately conceal the structural nature of whiteness white supremacy and patriarchy The central argument of this book is that the spectators are the ones really caught on tape *Sounding the Limits of Life* Stefan Helmreich,2015-10-27 What is life What is water What is sound In *Sounding the Limits of Life* anthropologist Stefan Helmreich investigates how contemporary scientists biologists oceanographers and audio engineers are redefining these crucial concepts Life water and sound are phenomena at once empirical and abstract material and formal scientific and social In the age of synthetic biology rising sea levels and new technologies of listening these phenomena stretch toward their conceptual snapping points breaching the boundaries between the natural cultural and virtual Through examinations of the computational life sciences marine biology astrobiology acoustics and more Helmreich follows scientists to the limits of these categories Along the way he offers critical accounts of such other than human entities as digital life forms microbes coral reefs whales seawater extraterrestrials tsunamis seashells and bionic cochlea He develops a new notion of sounding as investigating fathoming listening to describe the form of inquiry appropriate for tracking meanings and practices of the biological aquatic and sonic in a time of global change and climate crisis *Sounding the Limits of Life* shows that life water and sound no longer mean what they once did and that what count as their essential natures are under dynamic revision
