Art Of Balance In Health Policy Maintaining Japans Low Cost Egalitarian System:

The Art of Balance in Health Policy John Creighton Campbell, Naoki Ikegami, 1998-09-13 Compared to the rest of the world Japan has a healthy population but pays relatively little for medical care This book analyses how the health care works and how it came into being Taking a comparative perspective the authors describe the politics of health care the variety of providers the universal health insurance system and how the fee schedule constrains costs at both the macro and micro levels Special attention is paid to issues of quality and to the difficult problems of assuring adequate high tech medicine and long term care Although the authors discuss the drawbacks to Japan s stringent cost containment policy they also keep in mind the possible implications for reform in the United States Egalitarian values and a concern for balance among constituents the authors argue are essential for cost containment as well as for access to health care

Medical Liability in Asia and Australasia Vera Lúcia Raposo, Roy G. Beran, 2021-11-25 This book brings together some of the most respected Asian and Australasian experts on medical liability to provide insightful perspectives on civil and criminal law from selected Australasian jurisdictions It focuses on the idiosyncrasies of the existing law and case law in this part of the world with regard to medical liability adopting a comparative and critical perspective The aim is to provide an overview of the basic elements of medical liability in Asian and Australian jurisdictions as well as the latest developments and general trends in jurisprudence Given the broad range of jurisdictions covered the book offers lawmakers health administrators and practitioners both in law and medicine an alternative approach to the delivery of health care Further it is essential reading for all those academics lawyers judges researchers practicing doctors and those involved in the growing area of legal medicine working in medical liability specially in the Australasian context

OECD Economic Surveys: Japan 2001 OECD, 2001-12-04 This 2001 edition of OECD s periodic survey of the Japanese economy examines recent economic developments policies and prospects and includes a special feature on health care reform as well as an annex on bad loans in the banking sector

Product Safety and Liability Law in Japan Luke Nottage, 2004-07-31 Developing insights from a number of disciplines and with a details analysis of legislation case law and academic theory Product Safety and Liability Law in Japan contributes significantly to the understanding of contemporary Japan its consumers and its law It is also of practical use to all professionals exposed to product liability regimes evolving in Japan and other major economies

Doing Fieldwork in Japan Theodore C. Bestor, Patricia G. Steinhoff, Victoria Lyon Bestor, 2003-07-31 Doing Fieldwork in Japan taps the expertise of North American and European specialists on the practicalities of conducting long term research in the social sciences and cultural studies In lively first person accounts they discuss their successes and failures doing fieldwork across rural and urban Japan in a wide range of settings among religious pilgrims and adolescent consumers on factory assembly lines and in high schools and wholesale seafood markets with bureaucrats in charge of defense foreign aid and social welfare policy inside radical political movements among adherents of New Religions inside a prosecutor s office and the JET Program

for foreign English teachers with journalists in the NHK newsroom while researching race ethnicity and migration and amidst fans and consumers of contemporary popular culture Contributors David M Arase Theodore C Bestor Victoria Lyon Bestor Mary C Brinton John Creighton Campbell Samuel Coleman Suzanne Culter Andrew Gordon Helen Hardacre Joy Hendry David T Johnson Ellis S Krauss David L McConnell Ian Reader Glenda S Roberts Joshua Hotaka Roth Robert J Smith Sheila A Smith Patricia G Steinhoff Merry Isaacs White Christine R Yano *Universal Health Care* Marcia Amidon Lusted, 2019-12-15 Under universal health care all residents of a country would be guaranteed care without incurring financial hardship regardless of income Out of the thirty three countries that are considered developed thirty two have universal health care with the United States being the exception However despite the widespread nature of universal health care its implementation varies between countries Additionally despite its positive health impacts the financial burden it places on governments is a major source of concern This volume helps readers examine this issue through exploring economic political and health considerations taking all sides of the debate into account **One World of Welfare** Gregory James Kasza, 2006 One World of Welfare offers a systematic comparative examination of Japan s welfare policies and a critical assessment of previous research Gregory J Kasza rejects the view that the Japanese welfare system is unique he challenges the nearly universal belief that the postwar Japanese state neglected welfare to promote rapid economic growth he rejects the claim that there is a regional welfare model in East Asia and he uses the Japanese case to question the dominant framework for comparative welfare research The author explores the relevance of both convergence and divergence theories for understanding the Japanese record and spotlights the importance of international influences on the timing and content of Japan s welfare policies This book offers a fresh comparative template for research on Japanese public policy Case studies of Japan have often exaggerated its distinctiveness Comparative research documents points of similarity as well as difference it unearths the foreign models that have swayed Japan s policymakers and it reveals what others might learn from Japan s experience Most of the welfare challenges that Japan has faced over the last century have resembled those confronting other nations and the Japanese have often patterned their welfare policies after those of Western countries Japan s welfare system must be understood within a broader pattern of global policy diffusion *Second-Best Justice* J. Mark Ramseyer, 2015-11-19 It s long been known that Japanese file fewer lawsuits per capita than Americans do Yet explanations for the difference have tended to be partial and unconvincing ranging from circular arguments about Japanese culture to suggestions that the slow moving Japanese court system acts as a deterrent With *Second Best Justice* J Mark Ramseyer offers a more compelling better grounded explanation the low rate of lawsuits in Japan results not from distrust of a dysfunctional system but from trust in a system that works that sorts and resolves disputes in such an overwhelmingly predictable pattern that opposing parties rarely find it worthwhile to push their dispute to trial Using evidence from tort claims across many domains Ramseyer reveals a court system designed not to find perfect justice but to make do to adopt

strategies that are mostly right and that thereby resolve disputes quickly and economically An eye opening study of comparative law Second Best Justice will force a wholesale rethinking of the differences among alternative legal systems and their broader consequences for social welfare

Deaf in Japan Karen Nakamura,2006 A groundbreaking study of deaf identity minority politics and sign language traces the history of the deaf community in Japan

Contemporary Japan Jeff Kingston,2012-05-30 The second edition of this comprehensive study of recent Japanese history now includes the author s expert assessment of the effects of the earthquake and tsunami including the political and environmental consequences of the Fukushima reactor meltdown Fully updated to include a detailed assessment of the aftermath of the March 2011 earthquake and tsunami Shows how the nuclear crisis at Fukushima was an accident waiting to happen Includes detailed discussion of Japan s energy policy now in flux after the mishandling of the Fukushima crisis Analyzes Japan s Lost Decades why jobs and families are less stable environmental policies immigration the aging society the US alliance the imperial family and the yakuza criminal gangs Authoritative coverage of Japanese history over the last two decades one of the country s most tumultuous periods

Ageing in Advanced Industrial States Shripad Tuljapurkar,Naohiro Ogawa,Anne H. Gauthier,2010-08-02 Population growth slowed across the world in the last decades of the 20th century changing substantially our view of the future The 21st century is likely to see the end to world population growth and become the century of population aging marked by low fertility and ever increasing life expectancy These trends have prompted many to predict a gloomy future caused by an unprecedented economic burden of population aging In response industrialized nations will need to implement effective social and economic policies and programs This is the final volume in a series of three The papers included explore many examples and strengthen the basis for effective economic and social policies by investigating the economic social and demographic consequences of the transformations in the structures of population and family These consequences include changes in economic behavior both in labor and financial markets and with regard to saving and consumption and intergenerational transfers of money and care

Conflicts of Interest and the Future of Medicine Marc A. Rodwin,2013-10-03 In this book Marc Rodwin examines the development of conflicts of interest in the health care systems of the US France and Japan He shows that national differences in the organization of medical practice and the interplay of organized medicine the market and the state give rise to variations in the type and prevalence of such conflicts and then analyzes the strategies that each nation employs to cope with them Drawing on the experiences of these three nations Conflicts of Interest and the Future of Medicine demonstrates that we can mitigate these problems with carefully planned reform and regulation

OECD Economic Surveys: Japan 2000 OECD,2000-12-06 This 2000 edition of OECD s periodic review of Japan s economy examines recent economic developments policies and prospects and includes a special feature on improving the performance of public spending

Industrial Innovation in Japan Takuji Hara,Norio Kambayashi,Noboru Matsushima,2008-03-31 In this new book Hara Kambayashi and Matsushima gather together a

collection of case studies of innovation in various industries in modern Japan including automobile electronics semiconductor component chemical pharmaceutical and service industries Unlike other books in this area this book focuses on a broader range of Japanese industries

The Logic of Japanese Politics Gerald L. Curtis, 2000-11-05 Widely recognized both in America and Japan for his insider knowledge and penetrating analyses of Japanese politics Gerald Curtis is the political analyst best positioned to explore the complexities of the Japanese political scene today Curtis has personally known most of the key players in Japanese politics for more than thirty years and he draws on their candid comments to provide invaluable and graphic insights into the world of Japanese politics By relating the behavior of Japanese political leaders to the institutions within which they must operate Curtis makes sense out of what others have regarded as enigmatic or illogical He utilizes his skills as a scholar and his knowledge of the inner workings of the Japanese political system to highlight the commonalities of Japanese and Western political practices while at the same time explaining what sets Japan apart Curtis rejects the notion that cultural distinctiveness and consensus are the defining elements of Japan's political decision making emphasizing instead the competition among and the profound influence of individuals operating within particular institutional contexts on the development of Japan's politics The discussions featured here as they survey both the detailed events and the broad structures shaping the mercurial Japanese political scene of the 1990s draw on extensive conversations with virtually all of the decade's political leaders and focus on the interactions among specific politicians as they struggle for political power The Logic of Japanese Politics covers such important political developments as the Liberal Democratic Party's egress from power in 1993 after reigning for nearly four decades and their crushing defeat in the voters revolt of the 1998 upper house election the formation of the 1993 seven party coalition government led by prime minister Morihiro Hosokawa and its collapse eight months later the historic electoral reform of 1994 which replaced the electoral system operative since the adoption of universal manhood suffrage in 1925 and the decline of machine politics and the rise of the mutohaso the floating nonparty voter Scrutinizing and interpreting a complex and changing political system this multi layered chronicle reveals the dynamics of democracy at work Japanese style In the process The Logic of Japanese Politics not only offers a fascinating picture of Japanese politics and politicians but also provides a framework for understanding Japan's attempts to surmount its present problems and helps readers gain insight into Japan's future

Universal Health Coverage for Inclusive and Sustainable Development Naoki Ikegami, 2014-10-14 The goals of universal health coverage UHC are to ensure that all people can access quality health services to safeguard all people from public health risks and to protect all people from impoverishment due to illness whether from out of pocket payments for health care or loss of income when a household member falls sick Countries as diverse as Brazil France Japan Thailand and Turkey have shown how UHC can serve as a vital mechanism for improving the health and welfare of their citizens and lay the foundation for economic growth and competitiveness grounded in the principles of equity and sustainability Ensuring universal access to affordable quality health services will be an important

contribution to ending extreme poverty by 2030 and boosting shared prosperity in low income and middle income countries where most of the world's poor live Universal Health Coverage for Inclusive and Sustainable Development synthesizes the experiences from 11 countries Bangladesh Brazil Ethiopia France Ghana Indonesia Japan Peru Thailand Turkey and Vietnam in implementing policies and strategies to achieve and sustain UHC These countries represent diverse geographic and economic conditions but all have committed to UHC as a key national aspiration and are approaching it in different ways The book examines the UHC policies for each country around three common themes 1 the political economy and policy process for adopting achieving and sustaining UHC 2 health financing policies to enhance health coverage and 3 human resources for health policies for achieving UHC The findings from these country studies are intended to provide lessons that can be used by countries aspiring to adopt achieve and sustain UHC Although the path to UHC is specific to each country countries can benefit from the experiences of others in learning about different approaches and avoiding potential risks

Introduction to Japanese Politics Louis D. Hayes, 2016-09-17 This classic introduction to the Japanese political system has been revised and updated to take the account of a time of turmoil in the country's political life It incorporates new coverage of the end of the Koizumi era the brief and troubled premiership of Abe and the selection of Fukuda as prime minister This edition also includes expanded material on bubble and post bubble economic developments as well as all new coverage of health care policy The text opens with an overview of Japan's geographical setting and history The next group of chapters covers political institutions processes and actors Two sections then address the country's distinctive social order and economy educational healthcare and public safety systems Part five looks at the increasingly contentious realm of foreign relations and security issues including China's expanding role and the issue of North Korea A concluding section considers dynamics of change in Japanese politics

The Economics of Public Health Care Reform in Advanced and Emerging Economies Mr. David Coady, Mr. Benedict J. Clements, Mr. Sanjeev Gupta, 2012-04-13 Using cross country analysis and case studies this book provides new insights and potential policy responses for the key fiscal policy challenges that both advanced and emerging economies will be facing

Financing Health Care in East Asia and the Pacific John C. Langenbrunner, Jack Langenbrunner, Aparnaa Somanathan, 2011-06-16 East Asian and Pacific countries are growing rapidly They need high quality well funded health systems to underpin their population growth and assure continued productivity and economic growth But countries will need to spend wisely using modern techniques of insurance and strategic contracting with providers

Final Days Susan Orpett Long, 2005-01-01 Grounded in ethnographic data the book offers an examination of how policy and meaning frame the choices Japanese make about how to die As an essay in descriptive bioethics it engages an extensive literature in the social sciences and bioethics to examine some of the answers people have constructed to end of life issues Like their counterparts in other postindustrial societies Japanese find no simple way of handling situations such as disclosure of diagnosis discontinuing or withholding treatment organ donation euthanasia and hospice Through interviews

and case studies in hospitals and homes Susan Orpett Long offers a window on the ways in which ordinary people respond to serious illness and the process of dying BOOK JACKET

Thank you enormously much for downloading **Art Of Balance In Health Policy Maintaining Japans Low Cost Egalitarian System**. Maybe you have knowledge that, people have look numerous times for their favorite books later this Art Of Balance In Health Policy Maintaining Japans Low Cost Egalitarian System, but stop occurring in harmful downloads.

Rather than enjoying a good PDF bearing in mind a mug of coffee in the afternoon, instead they juggled later some harmful virus inside their computer. **Art Of Balance In Health Policy Maintaining Japans Low Cost Egalitarian System** is approachable in our digital library an online access to it is set as public thus you can download it instantly. Our digital library saves in multipart countries, allowing you to acquire the most less latency period to download any of our books when this one. Merely said, the Art Of Balance In Health Policy Maintaining Japans Low Cost Egalitarian System is universally compatible with any devices to read.
