the pivotal figure of William Roscoe 1753 1831 the first English language biographer of Lorenzo de Medici and of Pope Leo X The Life of Lorenzo de Medici called the Magnificent proved to be so popular as to prompt the claim that Roscoe effectively invented the Italian Renaissance as it has become understood by subsequent generations of readers in the English speaking world This collection of ten essays redresses the balance by examining Roscoe as biographer as a connoisseur of Italian literature and as a collector of Italian works of art **The Court Cities of Northern Italy** Charles M.

Margaret Franklin, 2017-09-29 In contrast to earlier scholars who have seen Boccaccio's Famous Women as incoherent and fractured Franklin argues that the text offers a remarkably consistent coherent and comprehensible treatise concerning the appropriate functioning of women in society In this cross disciplinary study of a seminal work of literature and its broader cultural impact on Renaissance society Franklin shows that through both literature and the visual arts Famous Women was used to promote social ideologies in both Renaissance Tuscany and the dynastic courts of northern Italy Speaking equally to scholars in medieval and early modern literature history and art history Franklin brings needed clarification to the text by demonstrating that the moral criteria Boccaccio used to judge the lives of legendary women heroines and miscreants alike were employed consistently to tackle the challenge that politically powerful women represented for the prevailing social order Further the author brings to light the significant influence of Boccaccio's text on the representation of classical heroines in Renaissance art By examining several paintings created in the republics and principalities of Renaissance Italy Franklin demonstrates that Famous Women was employed as a conceptual guide by patrons and artists to draw the teeth from the challenge of unconventionally powerful women by co-opting their stories into the service of contemporary Italian standards and mores **The Renaissance in Italian Art (Sculpture and Painting)** Selwyn Brinton (Historien de

l'art), 1898 **Construction as Depicted in Western Art** Michael Tutton, 2025-10-01 The Art of Building has captured the interest of artists from the Roman period to today The process of construction appears in western art in all its details trades and operations Michael Tutton investigates the representation of building processes and materials through an examination of paintings illuminated manuscripts watercolours prints drawings and sculpture Technical terms are explained and detailed interpretations of each work are provided with insights into the artists inspiration and themes Even paintings not wholly or principally devoted to construction sites may give tantalising glimpses of building activity How do these images convey meaning How much is imagined how much is authentic Fully referenced endnotes bibliography and glossary complement the text and captions informing not only the architectural and construction historian but also those simply interested in art Multi disciplinary unique subject matter general as well as academic interest **The Encyclopedia of Visual Art**, 1983 **Art Patronage, Family, and Gender in Renaissance Florence** Maria DePrano, 2018-02-22 This book examines a Renaissance Florentine family's art patronage even for women inspired by literature music love loss and religion
