*Abstractionist Aesthetics* Phillip Brian Harper,2015-12-25 An artistic discussion on the critical potential of African American expressive culture In a major reassessment of African American culture Phillip Brian Harper intervenes in the ongoing debate about the proper depiction of black people He advocates for African American aesthetic abstractionism a representational mode whereby an artwork rather than striving for realist verisimilitude vigorously asserts its essentially artificial character Maintaining that realist representation reaffirms the very social facts that it might have been understood to challenge Harper contends that abstractionism shows up the actual constructedness of those facts thereby subjecting them to critical scrutiny and making them amenable to transformation Arguing against the need for positive representations *Abstractionist Aesthetics* displaces realism as the primary mode of African American representational aesthetics re centers literature as a principal site of African American cultural politics and elevates experimental prose within the domain of African American literature Drawing on examples across a variety of artistic production including the visual work of Fred Wilson and Kara Walker the music of Billie Holiday and Cecil Taylor and the prose and verse writings of Ntozake Shange Alice Walker and John Keene this book poses urgent questions about how racial blackness is made to assume certain social meanings In the process African American aesthetics are upended rendering abstractionism as the most powerful modality for Black representation     **Notes to Make the Sound Come Right** T. J. Anderson,2004-07-01 In *When Malindy Sings* the great African American poet Paul Laurence Dunbar writes about the power of African American music the notes to make the sound come right In this book T J Anderson III son of the brilliant composer Thomas Anderson Jr asserts that jazz became in the twentieth century not only a way of revising old musical forms such as the spiritual and work song but also a way of examining the African American social and cultural experience He traces the growing history of jazz poetry and examines the work of four innovative and critically acclaimed African American poets whose work is informed by a jazz aesthetic Stephen Jonas 1925 1970 and the unjustly overlooked Bob Kaufman 1925 1986 who have affinities with Beat poetry Jayne Cortez 1936 whose work is rooted in surrealism and the difficult and demanding Nathaniel Mackey 1947 who has links to the language

writers Each fashioned a significant and vibrant body of work that employs several of the key elements of jazz Anderson shows that through their use of complex musical and narrative weaves these poets incorporate both the tonal and performative structures of jazz and create work that articulates the African journey From improvisation to polyrhythm they crafted a unique poetics that expresses a profound debt to African American culture one that highlights the crucial connection between music and literary production and links them to such contemporary writers as Michael Harper Amiri Baraka and Yusef Komunyakaa as well as young recording artists United Future Organization Us3 and Groove Collection who have successfully merged hip hop poetry and jazz

**Lonesome Roads and Streets of Dreams** Andrew S.

Berish,2024-05-31 Any listener knows the power of music to define a place but few can describe the how or why of this phenomenon In *Lonesome Roads and Streets of Dreams* Place Mobility and Race in Jazz of the 1930s and 40s Andrew Berish attempts to right this wrong showcasing how American jazz defined a culture particularly preoccupied with place By analyzing both the performances and cultural context of leading jazz figures including the many famous venues where they played Berish bridges two dominant scholarly approaches to the genre offering not only a new reading of swing era jazz but an entirely new framework for musical analysis in general one that examines how the geographical realities of daily life can be transformed into musical sound Focusing on white bandleader Jan Garber black bandleader Duke Ellington white saxophonist Charlie Barnet and black guitarist Charlie Christian as well as traveling from Catalina Island to Manhattan to Oklahoma City *Lonesome Roads and Streets of Dreams* depicts not only a geography of race but how this geography was disrupted how these musicians crossed physical and racial boundaries from black to white South to North and rural to urban and how they found expression for these movements in the insistent music they were creating

**Proceed with Caution, when Engaged by Minority Writing in the Americas** Doris Sommer, 1999 Let the reader beware Educated readers naturally feel entitled to know what they're reading often if they try hard enough to know it with the conspiratorial intimacy of a potential partner This book reminds us that cultural differences may in fact make us targets of a text not its co-conspirators Some literature especially culturally particular or minority literature actually uses its differences and distances to redirect our desire for intimacy toward more cautious respectful engagements To name these figures of cultural discontinuity to describe a rhetoric of particularism in the Americas is the purpose of *Proceed with Caution* In a series of daring forays from seventeenth century Inca Garcilaso de la Vega to Julio Cortázar and Mario Vargas Llosa Doris Sommer shows how ethnically marked texts use enticing and frustrating language games to keep readers engaged with difference Gloria Estefan's syncopated appeal to solidarity plays on Whitman's undifferentiated ideal unrequitable seductions echo through Rigoberta Menchú's protestations of secrecy Toni Morrison's interrupted confession the rebuffs in a Mexican testimonial novel In these and other examples Sommer trains us to notice the signs that affirm a respectful distance as a condition of political fairness and aesthetic effect warnings that will be audible and engaging for readings that tolerate difference once we listen for a rhetoric of particularism

**The Birth of Bebop** Scott DeVeaux, 2023-09-01

The richest place in America's musical landscape is that fertile ground occupied by jazz. Scott DeVeaux takes a central chapter in the history of jazz: the birth of bebop, and shows how our contemporary ideas of this uniquely American art form flow from that pivotal moment. At the same time, he provides an extraordinary view of the United States in the decades just prior to the civil rights movement. DeVeaux begins with an examination of the Swing Era, focusing particularly on the position of African American musicians. He highlights the role played by tenor saxophonist Coleman Hawkins, a progressive committed to a vision in which black jazz musicians would find a place in the world commensurate with their skills. He then looks at the young musicians of the early 1940s, including Charlie Parker, Dizzy Gillespie, and Thelonious Monk, and links issues within the jazz world to other developments on the American scene, including the turmoil during World War II and the pervasive racism of the period. Throughout, DeVeaux places musicians within the context of their professional world, paying close attention to the challenges of making a living as well as of making good music. He shows that bebop was simultaneously an artistic movement, an ideological statement, and a commercial phenomenon. In drawing from the rich oral histories that a living tradition provides, DeVeaux's book resonates with the narratives of individual lives. While *The Birth of Bebop* is a study in American cultural history and a critical musical inquiry, it is also a fitting homage to bebop and to those who made it possible. The richest place in America's musical landscape is that fertile ground occupied by jazz. Scott DeVeaux takes a central chapter in the history of jazz: the birth of bebop, and shows how our contemporary ideas of this uniquely American art form flow from there.
