Goldman, 2023-09-01 In an innovative critique of traditional approaches to autobiography Anne E Goldman convincingly demonstrates that ethnic women can and do speak for themselves even in the most unlikely contexts Citing a wide variety of nontraditional texts including the cookbooks of Nuevo Mexicanas African American memoirs of midwifery and healing and Jewish women's histories of the garment industry Goldman illustrates how American women have asserted their ethnic identities and made their voices heard over and sometimes against the interests of publishers editors and readers While the dominant culture has interpreted works of ethnic literature as representative of a people rather than an individual the working women of this study insist upon their own agency in narrating rich and complicated self portraits In an innovative critique of traditional approaches to autobiography Anne E Goldman convincingly demonstrates that ethnic women can and do speak for themselves even in the most unlikely contexts Citing a wide variety of nontraditional texts including *We Became Mexican American* Carlos B. Gil, 2012-08-17 This is a story of Mexican family that arrived in America in the 1920s for the first time And so it is a tale of immigration settlement and cultural adjustment as well as generational progress Carlos B Gil one of the American sons born to this family places a magnifying glass on his ancestors who abandoned Mexico to arrive on the northern edge of Los Angeles California He narrates how his unprivileged relatives walked away from their homes in western Jalisco and northern Michoacán and traveled over several years to the U S border crossing it at Nogales Arizona and then finally settling into the barrio of the city of San Fernando Based on actual interviews the author recounts how his

parents met married and started a family on the eve of the Great Depression With the aid of their testimonials the author s brothers and sisters help him tell of their growing up They call to memory their father s trials and tribulations as he tried to succeed in a new land laboring as a common citrus worker and how their mother helped shore him up as thousands of workers lost their jobs on account of the economic crash of 1929 Their story takes a look at how the family survived the Depression and a tragic accident how they engaged in micro businesses as a survival tactic and how the Gil children gradually became American or Mexican American as they entered young adulthood beginning in the 1940s It also describes what life was like in their barrio The author also comments briefly on the advancement of the second and third Gil generations and in the Afterword likewise offers a wide ranging assessment of his family s experience including observations about the challenges facing other Latinos today
