Molchanov, 2016-03-23 Discussing the major theories of political leadership with a focus on contemporary challenges that political leaders face worldwide this research companion provides a comprehensive and up to date resource for an international readership The editors combine empirical and normative approaches to emphasize the centrality of political culture as well as the limits of culture and the universal demands of innovative adaptation The volume examines The Political Leadership of Prime Minister John Major Thomas McMeeking, 2020-12-11 This book seeks to re-examine John Major's leadership using techniques developed through Presidential Studies namely using Fred Greenstein's seminal study of Presidential Leadership The Presidential Difference and its six criteria for leadership public communicator organisational capacity political skill public policy vision cognitive style and finally emotional intelligence It is through Greenstein's model that a fresh look can be taken at not only Major's time in office but equally the man himself which proves to be just as revealing Major's tenure has often been characterised as being weak and incompetent as he presided over a sleaze ridden and divided party on the issue of Europe With almost a quarter of a century having passed since Major left office it looks to be an appropriate moment to re-assess his premiership and important role in the recent seismic events surrounding the 2016 Brexit referendum and its outcome **The Leadership Capital Index** Mark Bennister, Ben Worthy, Paul 't Hart, 2017 The Leadership Capital Index develops a conceptual framework of leadership capital and a diagnostic tool the Leadership Capital Index LCI to measure and evaluate the fluctuating nature of the leadership capital of leaders Differing amounts of leadership capital a combination of skills relations and reputation allow leaders to succeed or bring about their failure This book brings together leading international scholars in the field to engage with the concept of leadership capital and use and apply the LCI to a variety of comparative case studies The book provides an important timely

and innovative contribution to the now flourishing academic discipline of political leadership studies The LCI offers a comprehensive yet parsimonious and easily applicable 10 point matrix to examine leadership authority over time and in different political contexts In each case leaders spend and put their stock of authority and support at risk United States president Lyndon Johnson arm twisting Congress to put into effect civil rights legislation Tony Blair taking the United Kingdom into the invasion of Iraq Angela Merkel committing Germany to a generous reception of refugees all spent capital to forge public policy they believed in The volume examines how office holders acquire consolidate risk and lose such capital and concentrates predominantly on elected chief executives at the national level including majoritarian and consensus systems multiple and singular cases and also examines some presidential and sub national cases The Leadership Capital Index is an exploratory volume with chapters providing a series of plausibility probes to see how the LCI framework performs as a descriptive and analytical tool

Making Public Policy Decisions Damon Alexander, Jenny Lewis, 2014-12-05 To understand public policy decisions it is imperative to understand the capacities of the individual actors who are making them how they think and feel about their role and what drives and motivates them However the current literature takes little account of this preferring instead to frame the decisions as the outcomes of a rational search for value maximising alternatives or the result of systematic and well ordered institutional and organisational processes Yet understanding how personal and emotional factors interact with broader institutional and organisational influences to shape the deliberations and behaviour of politicians and bureaucrats is paramount if we are to construct a more useful nuanced and dynamic picture of government decision making This book draws on a variety of approaches to examine individuals working in contemporary government from freshly trained policy officers to former cabinet ministers and prime ministers It provides important new insights into how those in government navigate their way through complex issues and decisions based on developed expertise that fuses formal rational techniques with other learned behaviours memories emotions and practiced forms of judgment at an individual level This innovative collection from leading academics across Australia Europe the United Kingdom and North America will be of great interest to researchers educators advanced students and practitioners working in the fields of political science public management and administration and public policy Scottish National Party (SNP) Leaders James Mitchell, 2016-09-15 By any measure the story of the Scottish National Party is an extraordinary one Forced to endure decades of electoral irrelevance since its creation in the 1930s during which it often found itself grappling with internal debate on strategy and rebellion from within its own ranks the SNP virtually swept the board in the 2015 general election winning all but three of Scotland's fifty nine seats in Westminster What's more under the current leadership of Nicola Sturgeon the SNP has never been a more important force in the landscape of British politics The leaders who have stood at its helm during this tumultuous eighty year history from Sir Alexander MacEwen to Nicola Sturgeon and Alex Salmond have steered the SNP vessel with varying degrees of success but there is no doubt that all have contributed to the shape purpose and ultimate goal of the party of government we

see today The latest addition to the acclaimed British Political Leaders series Scottish National Party Leaders examines each of these senior figures for the first time and is essential reading for anyone curious about how this former fringe party evolved into a political phenomenon changing not only the face of Scottish politics but British politics as well *De Onmogelijke Politiek* Martin Gosman, 2013 In het politieke veld wordt de nationale gemeenschap altijd gezien als een uniek geheel dat een eigen identiteit heeft sociaal en cultureel coherent is en als zodanig aangestuurd kan en moet worden Dit denken is ook Nederlandse politici niet vreemd Ook zij gaan uit van de vooronderstelling dat het eigen land karakteristieke trekken vertoont en dat er achter de horizon ook nog eens een specifiek nationaal geluk gloort dat gerealiseerd kan worden als de burgers maar loyaal samenwerken met het bevoegde bewind Want dat heeft daartoe beweert het via de stembus het benodigde draagvlak gekregen Niets is minder waar want de vaderlandse gemeenschap is slechts een warrige praktisch onbestuurbare verzameling van sub gemeenschappen een community of communities die ook nog eens de invloed ondergaat van vele externe instanties en organisaties Maar dat erkennen is politiek en psychologisch onmogelijk Het geheel is de facto niet meer maar minder dan de som der samenstellende delen Maar dat baart leiders en verkiezingskandidaten geen zorgen Hoe gefragmenteerder de samenleving des te luider zetten zij de bazuin van de gelukzalige collectiviteit aan In de door deregulering en decentralisatie gekenmerkte Nederlandse praktijk worden de burgers steeds meer geconfronteerd met langs elkaar heen werkende en soms tegenstrijdig handelende organisaties en semioverheden Om maar te zwijgen over de invloed van de Europese instellingen Dat levert gevoelens van desori ntatie en frustratie op die hen naar de marges van het politieke spectrum duwen of van de stembus weghouden Soms kiezen ze voor leiders die vertrouwen inboezemen maar dat is ook niet altijd de oplossing De op het schild geheven politici kunnen niet verhinderen dat het veel genoemde en geroemde draagvlak al maar dunner wordt De sterk vari rende opkomst bij verkiezingen laat zien dat de burgers nog maar weinig fiducie hebben in de leiders die het regeringscentrum bevolken en dat zij meer affiniteit hebben met hun directe leefomgeving **Passion, Craft, and Method in Comparative Politics** Gerardo L. Munck, Richard Snyder, 2007-05-30 In the first collection of interviews with the most prominent scholars in comparative politics since World War II Gerardo L Munck and Richard Snyder trace key developments in the field during the twentieth century Organized around a broad set of themes intellectual formation and training major works and ideas the craft and tools of research colleagues collaborators and students and the past and future of comparative politics these in depth interviews offer unique and candid reflections that bring the research process to life and shed light on the human dimension of scholarship Giving voice to scholars who practice their craft in different ways yet share a passion for knowledge about global politics *Passion Craft and Method in Comparative Politics* offers a wealth of insights into contemporary debates about the state of knowledge in comparative politics and the future of the field Margaret Keck Johns Hopkins University Robert A. The George W. Bush Presidency Fred I. Greenstein, 2003-09-25 Between his inauguration and September 11 2001 George W Bush's presidency appeared to lack focus The rhetoric of the campaign trail did not readily translate into concrete policies and a closely divided Congress restrained executive action The terrorist attacks on New York and Washington however changed all of that In their aftermath Bush emerged as a strong decisive leader with a deep sense of purpose and certainty that inspired many Americans even as it alienated much of the rest of the world In *The George W Bush Presidency An Early Assessment* noted presidential scholar Fred I Greenstein brings together a distinguished group of political scientists to consider the first two and a half years of the George W Bush presidency from his leadership style and political ethos to his budgetary and foreign policies to his relationship with Congress the electorate and the American public This balanced and
