The Armies of Gog R.K. Sparks,2020-02-17 Eli Grollenberg is a chameleona half Jewish half Palestinian spy for the NSA His ethnic flexibility looks and build fluency in nine languages and technological genius makes him one of America s greatest assets Simply put he can assume any one of twenty three unique aliases which include three women and be dropped into nearly twenty countries virtually unnoticed Following the election of Donald J Trump in 2016 things became interesting around the world from an NSA perspective The only thing more interesting than the brewing civil war in America was the coalition of countries assembling to come against Israel While nothing new this group was unique in that it included Russia and a sinister motive that could potentially change the world and fulfill hundreds of Bible prophecies In a world of uncertainty and potential nuclear war Eli delivers a message of hope from the front lines Islands Magazine ,1986-09
