for the Glashaus David Nielsen, 2015-09-16 As a formative exemplar of early architectural modernism Bruno Taut s seminal exhibition pavilion the Glashaus literally translated Glasshouse is logically part of the important debate of rethinking the origins of modernism However the historical record of Bruno Taut s Glashaus has been primarily established by one art historian and critic As a result the historical record of the Glashaus is significantly skewed toward a singular notion of Expressionism and surprisingly excludes Taut s diverse motives for the design of the building In an effort to clarify the problematic historical record of the Glashaus this book exposes Bruno Taut s motives and inspirations for its design The result is that Taut s motives can be found in yet unacknowledged precedents like the botanical inspiration of the Victoria regia lily the commercial interests of Frederick Keppler as the Director of the Deutsche Luxfer Prismen Syndikat and imitation that derived openly from the Gothic The outcome is a substantial contribution to the re evaluation of the generally accepted histories of the modern movement in architecture **Art Nouveau Inspirations** Pasquale De Marco, 2025-03-08
